*Sayyid Qutb's Radical Islamism and the Comparative Political Theology* Dragos Stoica, 2025-02-15 Sayyid Qutb s *Radical Islamism and The Comparative Political Theology* argues that Sayyid Qutb s radical critique of secular modernity seen as a product of a great theft of sovereignty that usurps the monopoly of God over the entire world of creation is not idiosyncratic or incoherent but a quintessential expression and an extreme type of a specific tradition of political theology that until now has been exclusively the province of the Western thought Dragos Stoica claims that Sayyid Qutb s political theology of Hakimiyyah God s Sovereignty is better understood by integrating it in a wider context of the antimodern political theology Thus throughout this book he compares Qutb s critique of modernity with the Pakistani Islamist thinker Abu al A la Mawdudi 1903 1979 the Spanish Catholic counter revolutionary political theologian Juan Donoso Cort s 1809 1853 as well as the Protestant political theologians Abraham Kuyper 1837 1920 and Rousas J Rushdoony 1916 2001 This book employs a family resemblance cross cultural comparative method and applies a cross disciplinary analytical model that combines comparative political theology with critical discourse analysis Employing these analytical instruments this book compares Qutb and his counterparts via the category of anti modern political theology more precisely through a set of shared antitheses organized around the master concept of God s Sovereignty The ultimate objective is to augment the understanding of the Qutbian critique of secular modernity as an essential dimension of anti modern political theology Thus by recasting Sayyid Qutb as an essential Muslim political theologian of God s Sovereignty placed within a larger cross cultural paradigm this book

**Confounding Powers** William J. Brenner, 2016-01-29 A comparative historical examination of the international systemic and societal origins and effects of Al Qaeda and similar historical actors      **Egypt and Syria in the Fatimid, Ayyubid and Mamluk Eras** Urbain Vermeulen, D. De Smet, 1995      *The 9/11 Commission Report* National Commission O Terrorist Attacks, 2010-01-01 It has improbably been called uncommonly lucid even riveting by The New York Times and it was a finalist for the 2004 National Book Awards nonfiction honor It is a literally chilling read especially in its minute by minute description of the events of the morning of 9 11 inside the Twin Towers It is The 9 11 Commission Report which was before its publication perhaps one of the most anticipated government reports of all time and has been since an unlikely bestseller The official statement by the National Commission on Terrorist Attacks Upon the United States which was instituted in late 2002 and chaired by former New Jersey Governor Thomas Kean it details what went wrong on that day such as intelligence

failures what went right the heroic response of emergency services and self organizing civilians and how to avert similar future attacks Highlighting evidence from the day from airport surveillance footage of the terrorists to phone calls from the doomed flights and offering details that have otherwise gone unheard this is an astonishing firsthand document of contemporary history While controversial in parts it has been criticized for failing to include testimony from key individuals and it completely omits any mention of the mysterious collapse of WTC 7 it is nevertheless an essential record of one of the most transformational events of modern times

*Politics of Confrontation* Babak Ganji, 2006-04-28 Did the United States know more than it acknowledges about growing unrest under the Shah in mid 1970s Iran Have historians of American Iranian relations focused too narrowly on prevailing historical theory and personal recollection In a period of escalating tension between the United States and Iran what can the two nations history of conflict tell us about their diplomatic future Covering Carter s policy from the end of the Shah s reign to the revolution under Ayatollah Khomeini Babak Ganji explores the nature of their perpetually antagonistic relations and the mistrust and misunderstanding that fuels it *Politics of Confrontation* is a penetrating critique of international relations theory within the historical framework of US Iranian relations as well as a thorough examination of American policy towards Iran It is the first in depth look at documents seized by revolutionary students from the American Embassy during the infamous hostage crisis and debunks the myth that US officials were unaware of the nature of opposition to the Shah or of Soviet influence on senior clerics These findings are an essential addition to the discourse of foreign policy theorists and invaluable for historians of the US Iran and the Cold War

**On Salafism** Azmi Bishara, 2022-09-27 On Salafism offers a compelling new understanding of this phenomenon both its development and contemporary manifestations Salafism became associated with fundamentalism when the 9 11 Commission used it to explain the terror attacks and has since been connected with the violence of the so called Islamic State With this book Azmi Bishara critically deconstructs claims of continuity between early Islam and modern militancy and makes a counterargument Salafism is a wholly modern construct informed by specific sociopolitical contexts Bishara offers a sophisticated account of various movements such as Wahabbism and Hanbalism frequently collapsed into simplistic understandings of Salafism He distinguishes reformist from regressive Salafism and examines patterns of modernization in the development of contemporary Islamic political movements and associations In deconstructing the assumptions of linear continuity between traditional and contemporary movements Bishara details various divergences in both doctrine and context of modern Salafisms plural
