Rediscovering Synodal Church for the Third Millennium

Joseph Scaria Palakeel MST

The twentieth century is rightly described as "the century of the Church" (*Das Jahrhundert der Kirche*) by the Protestant theologian Otto Dibelius.¹ From a Catholic perspective, we can say that the twentieth century has been 'a century of ecclesiologies', considering the blossoming of ecclesiologies both before and after the Second Vatican Council. Several streams of ecclesiological reflections inspired by the biblical studies and historical consciousness got channeled into the Second Vatican Council through the *periti* and the Council Fathers. Marking a definitive shift from the dominant Neo-Scholastic manualist ecclesiology, the Council embraced the fruits of biblical and patristic studies and allowed the insights from the French and German theologies to freely flow into the Council floor and endeavored to renew the Church top to bottom.

In the Council itself, theology of the Church occupied the central position with two Constitutions *Lumen Gentium* (LG) and *Gaudium et Spes* (GS) fully dedicated to the theology of the Church and most of the other documents dealing with the Church in relation to various fields like liturgy and worship, mission, ecumenism, bishops, priests and laity. Canaris, 2021-08-17 This collection marking the centenary of Avery Dulles's birth makes an entirely distinctive contribution to contemporary theological discourse as we approach the second century of the cardinal's influence and the twenty first of Christian witness in the world Moving beyond a festschrift the volume offers both historical analyses of Dulles's contributions and applications of his insights and methodologies to current issues like immigration exclusion and digital culture It includes essays by Dulles's students colleagues and peers as well as by emerging scholars who have been and continue to be indebted to his theological vision and encyclopedic fluency in the ecclesiological developments of the post conciliar Church Though focused more on Catholic and ecumenical affairs than interreligious ones the volume is intentionally outward facing and strives to make clear the diverse and pluralistic contours of the cardinal's nearly unrivaled impact on the North American Church which truly crossed ideological denominational and generational boundaries While critically recognizing the limits and lacunae of his historical moment it serves as one among a multitude of testaments to the notion that the ripples of Avery Dulles's influence continue to widen toward intellectually distant shores **Inside the Vatican** Thomas S.J. Mission in the Way of Paul Christopher R. Little, 2005 What relevance does the Apostle Paul have for the mission of the church in the twenty first century By investigating his socioeconomic background examining his doxological orientation in mission delineating how and why he shared resources in the first century and then relating all this to what has been called the contemporary International Partnership Movement this book demonstrates that when the church engages in cross cultural mission and ignores Pauline orthopraxy it places unnecessary obstacles in the path of the missio Dei Therefore Mission in the Way of Paul Biblical Mission for the Church in the Twenty First Century is pertinent for any course devoted to learning from and implementing biblical models of mission today *A Socialist Utopia in the New South* William Fitzhugh Brundage, 1996 A definitive account of the Ruskin colonies and of their place in the larger social radical strivings of the late nineteenth and early twentieth centuries Well written and solidly researched it gives us an understanding of an important quest for heaven on earth Edward K Spann author of *Brotherly Tomorrows* Movements for a Cooperative Society in America 1820 1920 This first book length study of the Ruskin colonies shows how several hundred utopian socialists gathered as a cooperative community in Tennessee and Georgia in the late nineteenth century The communitarians noble but fatally flawed act of social endeavor revealed the courage and desperation they felt as they searched for alternatives to the chaotic and competitive individualism of the age of robber barons and for a viable model for a just and humane society at a time of profound uncertainty about public life in the United States The Church's Other Half Trevor Beeson, 2013-01-03 Women have always constituted at least half of the church's membership but for almost 2 000 years were excluded from any significant part in its leadership After the example of Jesus the earliest Christian communities were wholly inclusive in their organisation but a patriarchal model derived from the pattern of the secular Greco Roman societies was soon adopted This restricted women to subordinate roles from which the struggle to escape continues Born to Belonging Mab Segrest, 2002 Veteran activist Mab Segrest takes readers along on her travels to view a world experiencing extraordinary change As she moves from place to place she speculates on the effects of globalization and urban development on individuals examines the

Authority as Service Baptist Rodrigues,2006 Elizabeth of the Trinity 1880 1906 a Carmelite nun *Second Thoughts about the Second Coming* Ronald J. Allen,Robert D. Cornwall,2023-02-28 Various ideas float around about the subject of last things leading many Christians to conclude that they don t know what to think about the subject Yet at the core of the Christian doctrine of last things lies two simple and complementary hopes that God ever and always offers hope for our individual futures and for the future of the whole world In this helpful book Allen and Cornwall explain how we don t have to subscribe to sensationalist theories or sketchy interpretations to believe in Christian hope They walk the reader through the central biblical teachings on last things and then show the ways the church has interpreted those teachings throughout the centuries In a respectful way the authors demonstrate that end time beliefs centered on the Rapture came into existence only recently and they then offer several more life affirming contemporary interpretations as alternatives The book includes a study guide and web based appendixes designed to help pastors develop both topical and lectionary based sermon series on Christian hope

The Modern Inquisition Paul Collins,2002-07-08 The Inquisition ceased burning and torturing heretics in the 18th century A milder punishment awaits the dissidents today principally excommunication or banishment from official teaching positions Paul Collins has discovered through his own experience and extensive research that the impact of the Vatican s investigations through the Congregation for the Doctrine of the Faith can be quite profound Collins is the controversial Australian Catholic priest recently investigated by the Vatican for alleged heresy He served the Church for 33 years and is generally esteemed for his dry wit and his ability to make his vocation

accessible a trait many appreciated in an increasingly secular world The Vatican however views Collins's less than reverential views as heretical and has been investigating him since 1997 when Collins' book *Papal Power* was singled out for supposed doctrinal problems The Modern Inquisition compiled over the four years that the mysterious and secretive CDF deliberated on Collins' work brings together the stories of others who have also been pursued, condemned or vilified by the CDF Here are seven fascinating accounts of how the modern Inquisition operates what it is like to be accused by anonymous informers investigated in secret and tried at arms length with no recourse to appeal

Evangelicalism and the Church of England in the Twentieth Century Andrew Atherstone, John G. Maiden, 2014 An important contribution to the understanding of twentieth century Anglicanism and evangelicalism This volume makes a considerable contribution to the understanding of twentieth century Anglicanism and evangelicalism It includes an expansive introduction which both engages with recent scholarship and challenges existing narratives The book locates the diverse Anglican evangelical movement in the broader fields of the history of English Christianity and evangelical globalisation Contributors argue that evangelicals often engaged constructively with the wider Church of England long before the 1967 Keele Congress and displayed a greater internal party unity than has previously been supposed Other significant themes include the rise of various neo-evangelicalisms, charismaticism, lay leadership, changing conceptions of national identity and the importance of generational shifts The volume also provides an analysis of major organisations, conferences and networks including the Keswick Convention, Islington Conference and Nationwide Festival of Light

ANDREW ATHERSTONE is tutor in history and doctrine and Latimer research fellow at Wycliffe Hall Oxford JOHN MAIDEN is lecturer in the Department of Religious Studies at the Open University He is author of *National Religion and the Prayer Book Controversy 1927-1928* The Boydell Press 2009
