Durst, 2004 Since the fall of communism in 1989 Southeast Europe has been a site of far reaching societal transformation much of it marked by political crisis economic upheaval ethnic tension and bitter war The book comprises articles investigating the history and development of civil society in post communist Southeast Europe How is civil society to be grasped what are the historical factors shaping the civil societies of the region what is the function of civil society in the transition to democracy and a market economy and what are the prospects for the future development of the civil societies of the region in an age of globalization these are just a few of the major questions

addressed in this collection of articles Many of the authors are social scientists philosophers and activists from the region offering first hand critical analysis of the state of civil society in Southeast Europe **Teaching Tourism** Edelheim, Johan, Joppe, Marion, Flaherty, Joan, 2022-02-22 Tourism as an activity is increasingly being criticised for its exploitative and extractive industrial approaches to business Yet it has the power to transform and to regenerate societies cultures and the environment The desire to explore the world around us is deeply embedded in many people s psyche but it comes at a cost to the environment and often to the residents of the visited communities Much of tourism education has been closely linked to preparing students for future professional practice but the challenges and opportunities linked to its consumption require that its future leaders must exhibit very different values and understandings to tackle ever more complex and wicked problems from which tourism cannot dissociate itself This compilation of values based learning experiences can be adapted to suit the needs and disposition of individual instructors and aims not only to engage students in the subject matter but also deepen their understanding of its complexity and interconnectivity and help them become global citizens that lead lives of consequence *Contemporary Pragmatism Issue 2* John R.
