Radicals On The Road The Politics Of English Travel Writing In The 1930s:

Radicals on the Road Bernard Schweizer, 2001 Schweizer an independent scholar explores the travel writing of George Orwell Evelyn Waugh Graham Greene and Rebecca West The observations made by these westerners of the lands they visited Catalonia Africa Mexico and Yugoslavia provide a range of views perhaps typical for the period Schweizer s reading concentrates on each authors politics and their psychological apprehension of the world around them The psychological theme is explored in the book s second half where Schweizer notes the inherently dualistic construction of national and international politics to be found in the writings as well as the authors anxiety of foreign places and their sense of the uncanny c Book News Inc [French Political Travel Writing in the Interwar Years](#) Martyn Cornick, Martin Hurcombe, Angela Kershaw, 2017-02-10 This book studies travel writing produced by French authors between the two World Wars following visits to authoritarian regimes in Europe and the Union of Soviet Socialist Republics USSR It sheds new light on the phenomenon of French political travel in this period by considering the well documented appeal of Soviet communism for French intellectuals alongside their interest in other radical regimes which have been much less studied fascist Italy the Iberian dictatorships and Nazi Germany Through analyses of the travel writing produced as a result of such visits the book gauges the appeal of these forms of authoritarianism for inter war French intellectuals from a broad political spectrum It examines not only those whose political sympathies with the extreme right or extreme left were already publicly known but also non aligned intellectuals who were interested in political models that offered an apparently radical alternative to the French Third Republic This study shows how travel writing provided a space for reflection on the lessons France might learn from the radical political experiments of the inter war years It argues that such writing can usefully be read as a form of utopian thinking distinguishing this from colloquial understandings of utopia as an ideal location Utopianism is understood neither as a fantasy ungrounded in the real nor as a dangerously totalitarian ideal but in line with Karl Mannheim Paul Ric ur and Ruth Levitas as a form of non congruence with the real that it seeks to transcend The utopianism of French political travel writing is seen to lie not in the attempt to portray the destination visited as utopia but rather in the pursuit of a dialogue with radical political alterity **The Politics of 1930s British Literature** Natasha Periyar, 2018-06-14 Winner of the 2018 International Standing Conference for the History of Education s First Book Award Drawing on a rich array of archival sources and historical detail *The Politics of 1930s British Literature* tells the story of a school minded decade and illuminates new readings of the politics and aesthetics of 1930s literature In a period of shifting political claims educational policy shaped writers social and gender ideals This book explores how a wide array of writers including Virginia Woolf W H Auden George Orwell Winifred Holtby and Graham Greene were informed by their pedagogic work It considers the ways in which education influenced writers analysis of literary style and their conception of future literary forms *The Politics of 1930s British Literature* argues that to those perennial symbols of the 1930s the loudspeaker and the gramophone should be

added the textbook and the blackboard **Modernist Travel Writing** David G. Farley, 2010-11-30 As the study of travel writing has grown in recent years scholars have largely ignored the literature of modernist writers *Modernist Travel Writing Intellectuals Abroad* by David Farley addresses this gap by examining the ways in which a number of writers employed the techniques and stylistic innovations of modernism in their travel narratives to variously engage the political social and cultural milieu of the years between the world wars *Modernist Travel Writing* argues that the travel book is a crucial genre for understanding the development of modernism in the years between the wars despite the established view that travel writing during the interwar period was largely an escapist genre one in which writers hearkened back to the realism of nineteenth century literature in order to avoid interwar anxiety Farley analyzes works that exist on the margins of modernism generically and geographically works that have yet to receive the critical attention they deserve partly due to their classification as travel narratives and partly because of their complex modernist styles The book begins by examining the ways that travel and the emergent travel regulations in the wake of the First World War helped shape Ezra Pound's *Cantos* From there it goes on to examine E. E. Cummings's frustrated attempts to navigate the unwelcome world of Soviet Russia in his book *Eimi Wyndham Lewis's satiric journey through colonial Morocco in *Filibusters in Barbary* and Rebecca West's urgent efforts to make sense of the fractious Balkan states in *Black Lamb and Grey Falcon* These modernist writers traveled to countries that experienced most directly the tumult of revolution the effects of empire and the upheaval of war during the years between World War I and World War II Farley's study focuses on the question of what constitutes evidence for Pound Lewis Cummings and West as they establish their authority as eyewitnesses translate what they see for an audience back home and attempt to make sense of a transformed and transforming modern world *Modernist Travel Writing* makes an original contribution to the study of literary modernism while taking a distinctive look at a unique subset within the growing field of travel writing studies David Farley's work will be of interest to students and teachers in both of these fields as well as to early twentieth century literary historians and general enthusiasts of modernist studies *Travel Writing* Carl Thompson, 2011-05-16 An increasingly popular genre addressing issues of empire colonialism post colonialism globalization gender and politics travel writing offers the reader a movement between the familiar and the unknown In this volume Carl Thompson introduces the genre outlining competing definitions and key debates provides a broad historical survey from the medieval period to the present day explores the autobiographical dimensions of the form looks at both men and women's travel writing surveying a range of canonical and more marginal works drawn from both the colonial and postcolonial era utilises both British and American travelogues to consider the genre's role in shaping the history of both nations Concise and practical *Travel Writing* is the ideal introduction for those new to the subject as well as a crucial overview of current debates in the field *A Century of Travels in China* Douglas Kerr, Julia Kuehn, 2007-05-01 Writings of travelers have shaped ideas about an evolving China while preconceived ideas about China also shaped the way they saw the country *A Century of**

Travels in China explores the impressions of these writers on various themes from Chinese cities and landscapes to the work of Europeans abroad From the time of the first Opium War to the declaration of the People s Republic China s history has been one of extraordinary change and stubborn continuities At the same time the country has beguiled scared and puzzled people in the West The Victorian public admired and imitated Chinese fashions in furniture and design gardens and clothing while maintaining a generally negative idea of the Chinese empire as pagan backward and cruel In the first half of the twentieth century the fascination continued Most foreigners were aware that revolutionary changes were taking place in Chinese politics and society yet most still knew very little about the country But what about those few people from the English speaking world who had first hand experience of the place What did they have to say about the real China To answer this question we have to turn to the travel accounts and memoirs of people who went to see for themselves during China s most traumatic century While this book represents the work of expert scholars it is also accessible to non specialists with an interest in travel writing and China and care has been taken to explain the critical terms and ideas deployed in the essays from recent scholarship of the travel genre

Interwar Itineraries Emily O. Wittman, 2022-05-03 How people traveled and how people wrote about travel changed in the interwar years Novel technologies eased travel conditions breeding new iterations of the colonizing gaze The sense that another war was coming lent urgency and anxiety to the search for new places and authentic experiences In *Interwar Itineraries* Authenticity in Anglophone and French Travel Writing Emily O Wittman identifies a diverse group of writers from two languages who embarked on such quests For these writers authenticity was achieved through rugged adventure abroad to economically poorer destinations Using translation theory and new approaches in travel studies and global modernisms Wittman links and complicates the symbolic and rhetorical strategies of writers including Andr Gide Ernest Hemingway Michel Leiris Isak Dinesen Beryl Markham among others that offer insight into the high ethical stakes of travel and allow us to see in new ways how models of the authentic self are built and maintained through asymmetries of encounter This book offers a valuable account of literary activity in a genre still inadequately covered in literary critical history Emily Witt man organizes her material through pairings and contextualizing that are instructive and illuminating and often exciting This is comparative literature at its best Vincent Sherry Washington University

Modernism, War, and Violence Marina MacKay,2017-05-18 The modernist period was an era of world war and violent revolution Covering a wide range of authors from Joseph Conrad and Thomas Hardy at the beginning of the period to Elizabeth Bowen and Samuel Beckett at the end this book situates modernism's extraordinary literary achievements in their contexts of historical violence while surveying the ways in which the relationships between modernism and conflict have been understood by readers and critics over the past fifty years Ranging from the colonial conflicts of the late 19th century to the world wars and the civil wars in between and concluding with the institutionalization of modernism in the Cold War *Modernism War and Violence* provides a starting point for readers who are new to these topics and offers a comprehensive and up to date survey of the field for a more advanced audience [Hindi Hindu Histories](#) Charu Gupta,2024-12-01 What did everyday Hinduism in India look like a hundred years ago Were its practices more varied and less politically curtailed than now *Hindi Hindu Histories* provides illuminating historical accounts of Hindu life through individual actors autobiographical narratives and genres in the Hindi print public culture of early twentieth century North India It focuses on four fascinating figures a successful woman doctor in the Indigenous medical regime a globe trotting Hindu ascetic who opposed Gandhi an anticaste campaigner who spoke for sexual equality and a Hindu communist who envisioned an egalitarian utopia in the world of labor These public intellectuals harbored vernacular dreams of freedom and Hindi Hindu nationhood through their

vantage points of caste Ayurveda travel and communism Opening up a vast and under explored Hindi archive this book presents a dynamic spectacle of a plural Hindi Hindu universe of facets that coexisted challenged each other and comprised an idea of Hinduness far more inclusive than anything conceivable in the present moment *A Generic History of Travel Writing in Anglophone and Polish Literature* Grzegorz Moroz,2020-08-31 A Generic History of Travel Writing in Anglophone and Polish Literature offers a comprehensive comparative and generic analysis of developments of travel writing in Anglophone and Polish literature from the Late Medieval Period to the twenty first century These developments are depicted in a wider context of travel narratives written in other European languages Grzegorz Moroz convincingly argues that for all the similarities and cross cultural influences in the course of the nineteenth and twentieth century non fiction Anglophone and Polish travel writing have dynamically evolved different generic horizons of expectations While the Anglophone travel book developed relatively steadily in that period the Polish genre of the podr was first replaced by the listy kartki z podr y and then by the reporta podr niczy *The Modern Movement* Chris Baldick,2004 A major new survey of literature in England during the first half of the twentieth century Chris Baldick places modernist with non modernist writings high art with low entertainment The Modern Movement ranges broadly covering psychological novels war poems detective stories satires children s books and other literary forms evolving in response to the new anxieties and exhilarations of twentieth century life **Europe in British Literature and Culture** Petra Rau,William T. Rossiter,2024-06-13 How has Europe shaped British literature and culture and vice versa since the Middle Ages This volume offers nuanced answers to this question From the High Renaissance to haute cuisine from the Republic of Letters to the European Union from the Black Death to Brexit the reader gains insights into the main geographical zones of influence shared intellectual movements indicative modes of cultural transfer and more recent conflicts that have left their mark on the British European relationship The story that emerges from this long history of cultural interactions is much more complex than its most recent political episode might suggest This volume offers indispensable contexts to the manifold and longstanding connections between British and European literature and culture This book suggests that however the political landscape develops we will do well to bear this exceptionally rich history in mind *Not So Innocent Abroad* Ulrike Brisson,Bernard Schweizer,2009-10-02 With its specific focus on the connections between politics travel and travel writing Not So Innocent Abroad offers a fresh approach to the study of travel literature The authors make clear that travel and travel writing are never an innocent enterprise rather journeying always occurs within political systems and travel writing either reflects the traveler s political stance includes political aspects of foreign cultures or directly or indirectly influences political decisions In contrast to most scholarly publications that primarily focus on travel literature of former colonial nations this volume includes a broader range of travelogues depicting cultures worldwide spanning from the eighteenth to the twenty first century It thus offers with its comparative approach not only a geographically wide selection but also an historical dimension to the political aspects of

travel writing Although most travel literature generally has followed the Horatian principle to instruct and delight the armchair traveler the authors of this volume clearly address the broader political implications of travel and travel writing within networks of naked politics such as international or interior conflicts emigration laws or national propaganda They also reveal how insidiously political messages are dissimulated through travel writing

Introduction to Travel Writing Tim Youngs,2013-05-27 Critics have long struggled to find a suitable category for travelogues From its ancient origins to the present day the travel narrative has borrowed elements from various genres from epic poetry to literary reportage in order to evoke distant cultures and exotic locales and sometimes those closer to hand Tim Youngs argues in this lucid and detailed Introduction that travel writing redefines the myriad genres it comprises and is best understood on its own terms To this end Youngs surveys some of the most celebrated travel literature from the medieval

period until the present exploring themes such as the quest motif the traveler s inner journey postcolonial travel and issues of gender and sexuality The text culminates in a chapter on twenty first century travel writing and offers predictions about future trends in the genre making this Introduction an ideal guide for today s students teachers and travel writing enthusiasts
