The Changing Status of Women in West Bengal, 1970-2000 Jasodhara Bagchi, Sarmistha Dutta Gupta, 2005-01-24 This important and comprehensive volume vividly depicts the current status of women and girls in West Bengal. The analysis has been conducted in the framework of the socio-economic and politico-cultural ambience that has characterized the state in recent decades. The contributors highlight both areas of strength and vulnerability and clearly demonstrate that the status of women cannot be conceived as monolithic or static; it has many facets and is in a state of constant flux. The analysis of macro data is supported by revealing micro studies based on field surveys and an examination of cultural trends. **Whitaker's Books in Print**, 1998 **El-Hi Textbooks & Serials in Print, 2000**, 2000 **Index Medicus**, 2004 Vols for 1963 include as pt 2 of the Jan issue Medical subject headings *The British National Bibliography* Arthur James Wells, 2000

**E-learning and Disability in Higher Education** Jane Seale, 2013-10-08 Most people working within the higher education sector understand the importance of making e-learning accessible to students with disabilities; yet it is not always clear exactly how this should be accomplished. *E-Learning and Disability in Higher Education* evaluates current accessibility practice and critiques the extent to which best practices can be confidently identified and disseminated. This second edition has been fully updated and includes a focus on research that seeks to give voice to disabled students in a way that provides an indispensable insight into their relationship with technologies and the institutions in which they study. Examining the social, educational, and political background behind making online learning accessible in higher and further education, *E-Learning and Disability in Higher Education* considers the roles and perspectives of the key stakeholders involved in e-learning: lecturers, professors, instructional designers, learning technologists, student support services staff, developers, and senior managers and administrators. **Current Therapy in Exotic Pet Practice** Mark Mitchell, Thomas N. Tully, 2016-01-05 This brand new full color reference is a foundational text for veterinarians and veterinary students learning about companion exotic animal diseases. Organized by body system, *Current Therapy in Exotic Pet Practice* walks students through the most relevant information concerning the diagnosis and treatment of exotic animals, including the most relevant information on anatomy, physical examination, diagnostic testing, disease conditions, therapeutics, epidemiology of diseases, and zoonoses. Topics such as captive care, current standards of care for all exotic species, veterinary clinical epidemiology, and the effective prevention and management of infectious diseases are also included. Expert guidance on treating various disease conditions provides authoritative support for veterinarians who are less experienced in companion exotic pet care. Renowned authors and editors carefully selected topics of real clinical importance. Detailed coverage on how to identify and treat diseases from common to rare helps alleviate apprehension a veterinarian may feel when treating an unfamiliar species. Includes the latest information from the current scientific literature and addresses hot topics associated with treating companion exotic animals today. Vivid full color images demonstrate the unique anatomic and medical features of each group of animals covered.
