Rainbow Of Gangs:

A Rainbow of Gangs James Diego Vigil, 2010-07-05 Winner Best Book on Ethnic and Racial Politics in a Local or Urban Setting Organized Section on Race Ethnicity and Politics of the American Political Science Association 2002 This cross cultural study of Los Angeles gangs identifies the social and economic factors that lead to gang membership and underscores their commonality across four ethnic groups Chicano African American Vietnamese and Salvadorian With nearly 1 000 gangs and 200 000 gang members Los Angeles holds the dubious distinction of being the youth gang capital of the United States The process of street socialization that leads to gang membership now cuts across all ethnic groups as evidenced by the growing numbers of gangs among recent immigrants from Asia and Latin America This cross cultural study of Los Angeles gangs identifies the social and economic factors that lead to gang membership and underscores their commonality across four ethnic groups Chicano African American Vietnamese and Salvadorian James Diego Vigil begins at the community level examining how destabilizing forces and marginalizing changes have disrupted the normal structures of parenting schooling and policing thereby compelling many youths to grow up on the streets He then turns to gang members life stories to show how societal forces play out in individual lives His findings provide a wealth of comparative data for scholars policymakers and law enforcement personnel seeking to respond to the complex problems associated with gangs

Barrio Gangs James Diego Vigil, 1988 Within the Mexican American barrios of Los Angeles gang activity including crime and violent acts has grown and flourished In the past community leaders and law enforcement officials have approached the problem not as something that needs to be understood but only as something to be gotten rid of Rejecting that approach James D Vigil asserts that only by understanding the complex factors that give birth and persistence to gangs can gang violence be ended Drawing on many years of experience in the barrios as a youth worker high school teacher and researcher Vigil identifies the elements from which gangs spring isolation from the dominant culture poverty family stress and crowded households peer pressure and the adolescent struggle for self identity Using interviews with actual gang members he reveals how the gang often functions as parent school and law enforcement in the absence of other role models in the gang members lives And he accounts for the longevity of gangs sometimes over decades by showing how they offer barrio youth a sense of identity and belonging nowhere else available

Gangs in Garden City Sarah Garland, 2009-06-30 For the past five years journalist Sarah Garland has followed the lives of current and former gang members living in Hempstead on the border of Garden City Long Island Affiliated with Mara Salvatrucha and 18th Street their troubling personal stories expose the cruel realities of segregation racial income gaps and poverty that lie hidden behind suburban white picket fences As Garland travels from Los Angeles to El Salvador and back to the East Coast she reveals a disturbing cycle of poverty in which families fleeing from troubled Central American cities move into America s suburban backyards only to find the pattern of violence repeating itself Brilliantly reported and sensitively told *Gangs in Garden City* draws back the veil on a hidden troubling world

No Boundaries Tom Diaz, 2011-01-25 Tom Diaz has worn out some shoe leather much like a good detective in gathering facts not myths or urban legends As a result he has produced an accurate and comprehensive look at a grave and present danger to our society From the Foreword by Chris Swecker former Assistant Director of the FBI and former head of the FBI s Criminal Investigation Division No Boundaries is a disturbing account of what many consider the next Mafia Latino crime gangs Like the Mafia these gangs operate an international network consider violence a routine matter and defy U S law enforcement at every level Also the gangs spawn kingpins such as the notorious Nelson Varela Martinez Comandari who nearly became the first Latin godfather in the United States Focusing on the Los Angeles based Mara Salvatrucha MS 13 and the 18th Street Gang and the Chicago based Latin Kings Tom Diaz describes how neighborhood gangs evolved into extremely brutal sophisticated criminal enterprises and how local and federal authorities have struggled to suppress them As he makes clear the problem of transnational Latino gangs involves complex national and international issues such as racial tensions immigration policy conflict in Latin America and world economic pressures

Street Gang Patterns and Policies Malcolm W. Klein, Cheryl L. Maxson, 2010-04-12 This text provides a crucial update and critical examination of our understanding of gangs and major gang control programs across the nation Dispelling the long standing assumptions that the public the media and law enforcement have about street gangs it presents a comprehensive overview of how gangs are organized and structured

Gangs in America's Communities James C. Howell, 2012 This book provides a comprehensive up to date and theoretically grounded approach to gangs and youth violence It covers significant topics of interest to gang scholars and practitioners and in doing so serves to prepare students to work with gang members develop and manage anti gang programs or engage in scholarly endeavors The book introduces readers to the foundations of gang studies through the

origins of gangs definitions and categories of youth street gangs and the distinctions between these arguably different types national and international trends distinguishing features of serious street gangs what works with gangs and what doesn't and myths and realities James Howell's extensive experience in this area allows access to the most authoritative national survey data on gang trends providing insight into topics such as female gangs migration of gang members small town gangs versus the major adult gangs in large cities gang homicides and drug trafficking

A World of Gangs John Hagedorn, 2008 On the street with gangs in three world cities Chicago Rio de Janeiro and Capetown Hagedorn discovers that many of them have institutionalized as a strategy to confront a hopeless cycle of poverty racism and oppression The nihilistic appeal of gangsta rap and its ethic of survival by any means necessary he argues provides vital insights into the ideology and persistence of gangs around the world Proposing how gangs can be encouraged to overcome their violent tendencies Hagedorn appeals to community leaders to use the urgency outrage and resistance common to both gang life and hip hop to bring gangs into broader movements for social justice

BOOK JACKET *Mano Dura* Sonja Wolf, 2017-01-31 In 1992 at the end of a twelve year civil war El Salvador was poised for a transition to democracy Yet after longstanding dominance by a small oligarchy that continually used violence to repress popular resistance El Salvador's democracy has proven to be a fragile one as social ills poverty chief among them have given rise to neighborhoods where gang activity now thrives *Mano Dura* examines the ways in which the ruling ARENA party used gang violence to solidify political power in the hands of the elite culminating in draconian iron fist antigang policies that undermine human rights while ultimately doing little to address the roots of gang membership Drawing on extensive ethnographic fieldwork and policy analysis *Mano Dura* examines the activities of three nongovernmental organizations NGOs that have advocated for more nuanced policies to eradicate gangs and the societal issues that are both a cause and an effect of gang proliferation While other studies of street gangs have focused on relatively distant countries such as Colombia Argentina and Jamaica Sonja Wolf's research takes us to a country closer to the United States where forced deportation has brought with it US gang culture Charting the limited success of NGOs in influencing El Salvador's security policies the book brings to light key contextual aspects including myopic media coverage and the ironic populist support for ARENA despite the party's protection of the elite at the expense of the greater society

Adiós Niño Deborah T. Levenson, 2013-04-09 In *Adiós Niño* The Gangs of Guatemala City and the Politics of Death Deborah T. Levenson examines transformations in the Guatemalan gangs called Maras from their emergence in the 1980s to the early 2000s A historical study *Adiós Niño* describes how fragile spaces of friendship and exploration turned into rigid and violent ones in which youth and especially young men came to employ death as a natural way of living for the short period that they expected to survive Levenson relates the stark changes in the Maras to global national and urban deterioration transregional gangs that intersect with the drug trade and the Guatemalan military's obliteration of radical popular movements and of social imaginaries of solidarity Part of Guatemala City's reconfigured social political and cultural milieu with their members

often trapped in Guatemala's growing prison system the gangs are used to justify remilitarization in Guatemala's contemporary postwar post peace era Portraying the Maras as microcosms of broader tragedies and pointing out the difficulties faced by those youth who seek to escape the gangs Levenson poses important questions about the relationship between trauma memory and historical agency
