Baughman, 2007-03-26 Outstanding Academic Title for 2007 Choice Magazine Ever wonder how American television came to be the much derided advertising-heavy home to reality programming, formulaic situation comedies, hapless men and buxom scantily clad women? Could it have been something different, focusing instead on culture, theater and performing arts? In *Same Time Same Station*, historian James L. Baughman takes readers behind the scenes of early broadcasting, examining corporate machinations that determined the future of television. Split into two camps, those who thought TV could meet and possibly raise the expectations of wealthier, better educated post-war consumers and those who believed success meant mimicking the products of movie houses and radio, decision makers fought a battle of ideas that peaked in the 1950s, just as TV became a central facet of daily life for most Americans. Baughman's engagingly written account of the brief but contentious debate shows how the inner workings and outward actions of the major networks, advertisers, producers, writers and entertainers ultimately made TV the primary forum for entertainment and information. The tale of television's founding years reveals a series of decisions that favored commercial success over cultural aspiration *The Greatest Show* Rachel Lawson, 2025-03-08 Book of songs by poet and author Rachel Lawson Welcome to the greatest show on Earth! This article will explore the advantages of Rainbow Time books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Rainbow Time books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes.
