*The Timeless Love of Twin Souls* Janet Kay Darling, Phillip George, 2014-06 A truly amazing story which shows how love transcends all time A personal testament to the fact that love is eternal that love endures and does not die when the physical body does Love transports us through all of our journeys but we need to remember this Twin soul love is powerful and a part of every individual where each of us seeks to find what we feel to be missing But how do you know when it's found How can you be sure about love when you have forgotten how it truly feels When two people discover their twin soul love for one another not only in this lifetime but also remember it from a previous lifetime then they can guide us all Finding love understanding love as well as appreciating our true self for who we really are continues to be shrouded in the mystery of our day to day earthly existence This enduring lack of understanding only serves to perpetuate an unwarranted sense of incompleteness and loneliness deep within us which all too often gives rise to feelings of fear despair and discontent So as a consequence we experience an insatiable desire to search for a mystifying something which we somehow instinctively know we need but have little or no idea where to even begin looking Concealed within this dilemma and even more perplexing lies the concept of our eternal soul This elemental but powerful you resides unacknowledged at the core of your very being while remaining seemingly silent as you journey in search of your ultimate happiness This subject alone has occupied the minds of philosophers throughout the ages but to be aware that we have another aspect to compliment our earthly existence is as intriguing as it is confusing To appreciate that each soul is but one half of its twin gives rise to an important insight into what motivates our need to do the things that we do or to search for what we feel driven to find This remarkable story tells of two people Ron and Janet who not only found each other in this lifetime but were also together in a previous and very dramatic lifetime while being caught up in the revolutionary war which ultimately gave birth to the USA of today Through following their experiences trials traumas and triumphs plus journeys into the afterlife you will learn more about not only how they discovered themselves to be twin souls but how important this whole subject is and what it means to you In trying to figure out what compels you to do the things that you do while making the choices that you do then having an appreciation of the twin soul that you are brings an extra dimension of clarity Through coming to know yourself better then this inevitably leads to discovering your path towards your greatest happiness while attracting and expressing the love which you so dearly wish to experience along the way While reading an entertaining story you will find yourself being drawn in to a process which poses many questions about the life that we lead as well as what makes you who you are Combining real life experience with that of a fascinating journey into a world which we have virtually no understanding of then you will be led towards a greater appreciation of the love which is so important to you

Samuel G. Goodrich, 2022-09-16 Samuel G Goodrich's Poems presents readers with an exquisite collection that intertwines reflective musing with the elegance of 19th century literary prose. As a product of its time, the compilation reflects an era where romanticism began to give way to realism yet still clings to the ornate and the evocative. Goodrich's work is characterized by its rhythmic versatility, a testament to his mastery over the traditional forms whilst the content reverberates with themes of nature, morality and the human condition. DigiCat Publishing brings this work back into the spotlight bestowing upon it the respect and preservation that time honored literature warrants presented in a format that caters to contemporary readership both in print and digital mediums. Samuel G Goodrich renowned more prominently for his contributions under the pen name Peter Parley has long been considered an influential figure in the canon of American children's literature. However Poems reflects a different facet of Goodrich's literary endeavor one where his philosophical and aesthetic interests were given room to flourish. Perhaps what led Goodrich to immortalize his thoughts in verse was the same yearning for education and enlightenment that permeated his more didactic works. It is this impulse that beams within the texture of his poetry an endeavor to delve into introspection and the complexities of the world and humanity. Goodrich's Poems is an essential read for those with an affinity for classic literature. The volume resonates with the intellectual spirit of a bygone age inviting readers to a sanctuary where the poetic language serves as a conduit for deeper understanding. Rendered with care and precision by DigiCat Publishing this collection preserves the original's integrity while making it accessible to modern audiences. Both connoisseurs of historical literary works and those new to Goodrich's less explored poetic talents will find this book a profound addition to their libraries a classic reborn for the present day bibliophile.

*Day 9* Robert Jeschonek, 2012-05-22 Somewhere in the world a genius builds a machine to bring mankind closer to God. Somewhere in time another genius builds a cathedral with a mind of its own. Somewhere on the road three searchers race a serial killer to find the man with the key to salvation. It takes the sound and fury of *Day 9* to bring them all together. If God took six days to make the world and rested on Day 7, humanity has spent Day 8 tearing it all apart. Everything changes on Day 9 when we get it right at any cost or lose everything. On Day 9 a God's eye view of the world collides with the visions of a living breathing cathedral in a war between the delusions of yesterday and the dreams of tomorrow. A war between beauty and mediocrity, love and hate, madness and sanity, life and death. If the unlikely heroes in the heart of the storm can't face down their own demons, the deepest secrets of maniacs and murderers could bring the hope of the future crashing down forever.
