Sharigan program while discussing its practical applications and summarizing research studies It addresses the question often raised in literature and in school based settings What is the most effective way to teach children to read Chapters explore a group centered approach to correcting reading failure and offers research based field studies to demonstrate the success of the Camp Sharigan method The group centered theory combines learning and counseling into the same program to strengthen education and mental health In addition creative art therapy techniques are also explained and demonstrated

Featured topics in this Brief include Vowel clustering and its use in improving phonemic awareness Why group centered prevention is better for teaching The importance of cohesion and cohesive learning in group centered prevention The use of individualized rotation to increase motivation and instruction in children who struggle to read Teaching At Risk Students to Read is as an essential resource for psychology and educational professionals as well as researchers and graduate students who are interested in improving teaching methods with at risk students reducing school dropout rates increasing intrinsic motivation for struggling readers changing to an effective method for teaching children to read improving student

engagement and strengthening self regulated learning      Price List and Order Form for Reading/language Arts Instructional Materials, 1989      **Group-Centered Prevention Programs for At-Risk Students** Elaine Clanton Harpine, 2010-11-09

School psychologists counselors and educators in the K 12 setting face the daunting responsibility of finding balance between

mandated testing students mental health concerns and additional academic help for at risk students One solution to this dilemma is to implement a school based mental health approach that combines learning and counseling needs into a single program Several types of successful programs are available though week long intensive programs have recently increased in popularity Group Centered Prevention Programs for At Risk Students focuses on the development of such a week long prevention program and provides professionals with step by step directions to create their own program It also focuses on the use of group centered interventions as an opportunity to prevent at risk behaviors as a means of correcting or changing dysfunctional behavior This highly readable volume addresses such challenging issues as Using self reflection to teach writing skills Increasing interpersonal interaction while honing etiquette Enhancing group acceptance and reading comprehension Rebuilding self efficacy by increasing word recognition and decoding skills With its solid research foundation combined with clear practical program descriptions this volume is an essential addition to the libraries of researchers and practitioners alike in the disciplines of school psychology education social work psychotherapy and counseling and clinical child psychology

**After-School Programming and Intrinsic Motivation** Elaine Clanton Harpine, 2019-08-10 This book examines the eight year development of the Reading Orienteering Club after school program showing how to develop test change and adapt an after school program to fit the needs of the children who attend It includes case studies and data reports for each year and presents the theory application and program evaluation steps that workers in the field or students learning about program design must follow Chapters present first person accounts as well as statistical evaluations of the effectiveness of the reading program with each group of children In addition chapters highlight the changes that were made in program design and why each change was implemented giving practitioners the insights needed to adapt interventions and strategies to their own programs The book concludes with recommendations from the authors on how to run a successful after school reading program Topics featured in this book include The effect of intrinsic motivation to mental wellness in the classroom The importance of oral reading in correcting reading failure Group center approaches to teaching reading in the classroom How to select the best evaluation tool The challenges of mixing inner city and rural students in a reading program After School Programming and Intrinsic Motivation is an essential reference for scientist practitioners clinicians researchers and graduate students in such disciplines as school psychology childhood education social work psychotherapy and counseling and learning and instruction
