Legend of the Rainbow Warriors Steven McFadden, 2005 Legend of the Rainbow Warriors is a journalist's account of one of the core myths of America and an electrifying exploration of how that myth is playing out in real time as we approach the crucial year of 2012 One dominant myth is formed by advertising images of vast luxurious wealth the myth of materialism Another myth is conjured in the bloody sorrowful images that pervade movies music and computer games the myth that the world is hate filled and chaotic beyond redemption The Legend of the Rainbow Warriors offers a spiritual alternative of hope and real possibility based upon respect freedom and responsibility As drawn from dozens of historical accounts the Legend of the Rainbow Warriors relates that when the Earth becomes desperately sick people of all colors and faiths will unite and rise to face the overwhelming challenges with insight honesty caring sharing and respect Veteran writer Steven McFadden weaves the myths and the headlines together seamlessly in a rich work of literary journalism that is adroitly crafted eye opening and soul inspiring

Noah's Arkive Jeffrey J. Cohen, Julian Yates, 2023-06-13 A timely rethinking of the archetypal story of Noah the great flood and who was left behind as the waters rose Most people know the story of Noah from a children's bible or a play set with a colorful ship bearded Noah pairs of animals and an uncomplicated vision of survival Noah's ark however will forever be haunted by what it leaves to the rising waters so that the world can begin again In Noah's Arkive Jeffrey J. Cohen and Julian Yates examine the long history of imagining endurance against climate catastrophe as well as alternative ways of creating refuge They trace how the elements of the flood narrative were elaborated in medieval and early modern art text and music and now shape writing and thinking during the current age of anthropogenic climate change Arguing that the biblical ark may well be the worst possible exemplar of human behavior the chapters draw on a range of sources from the Epic of Gilgamesh and Ovid's tale of Deucalion and Pyrrha to speculative fiction climate fiction and stories and art dwelling with environmental catastrophe Noah's Arkive uncovers the startling afterlife of the Genesis narrative written from the perspective of Noah's wife and family the animals on the ark and those excluded and so left behind to die This book of recovered stories speaks eloquently to the ethical and political burdens of living through the Anthropocene Following a climate change narrative across the millennia Noah's Arkive surveys the long history of dwelling with the consequences of choosing only a few to survive in order to start the world over It is an intriguing meditation on how the story of the ark can frame how we think about environmental catastrophe and refuge conservation and exclusion offering hope for a better future by heeding what we know from the past

Out of Australia Steven Strong, Evan Strong, 2017-03-01 In their startling new book Steven and Evan Strong challenge the out of Africa theory Based on fresh examination of both the DNA and archeological evidence they conclude that modern humans originated from Australia not Africa The original Australians referred to by some as Aborigines like so many indigenous peoples are portrayed as backward and primitive Yet as the Strong's demonstrate original Australians had a rich

culture which may have sown the first seeds of spirituality in the world They had the technology to make international seafaring voyages and have left traces in the Americas and possibly Japan Southern India Egypt and elsewhere They practiced brain surgery invented the first hand tools and had knowledge of penicillin This book brings together 30 years of intensive research in consultation with elders in the original Australian community Among their conclusions are the following There is evidence that humans existed in Australia 40 000 years before they existed in Australia There were migrations of original Australians in large boats throughout the Indian Pacific rim Three distinct kinds of Homo sapiens are found in Australia There is evidence from the Americas that debunks the out of Africa theory The spiritual influence of the Aborigines is reflected in the religions of the world *Studies in the Genesis of Romantic Theory in the Eighteenth Century* John George Robertson,1923 *Australian Journalism Review* ,2005 *Genesis, Or The First Book of Moses* Johann Peter Lange,1873 *The Messianic Temple* Allen Austin,2011 The Earliest Egyptian creation stories are not just similar to the book of Genesis they are the same in time they became convoluted conflated and disconnected from their ancient past Taking the Bible at its word my research revealed some astonishing facts concerning the Egyptian Zep Tepi or creation story Did you know it contains the story of Adam and Eve They are called Wa and Aa and were led out of the Djeba domain Paradise to the Wetjeset Neter domain Our Reality because of the snake the Great Leaping One It also states the world was destroyed by a global flood and when the primeval waters receded the Shebtiw Noah s family began rebuilding the world It doesn t end there there are more perfect parallels to the creation stories in Genesis and Early Jewish Writings **Approaches to Literary Readings of Ancient Jewish Writings** Klaas Smelik,Karolien Vermeulen,2013-09-26 In this volume twelve contributions discuss the relevance accuracy potential and possible alternatives to a literary reading of ancient Jewish writings especially the Hebrew Bible Drawing on different academic fields biblical studies rabbinic studies and literary studies and on various methodologies literary criticism rhetorical criticism cognitive linguistics historical criticism and reception history the essays form a state of the art overview of the current use of the literary approach toward ancient Jewish texts The volume convincingly shows that the latest approaches to a literary reading can still enhance our understanding of these texts Genesis A ,1915 Sightlines ,1987 *Journey Through the Sol* Alisha R. Kaiser,2010-11 JOURNEY THROUGH THE SOL takes the reader beyond the preliminary works of the Celestine Prophecy and Carlos Castaneda to a vision that opens the mysteries of the cosmos revealing the universal blueprint of creation through the super conscious where reality truly exists The story takes shape around a clarion call to action from Eternal Spirit to twelve star systems within the Andromeda and Milky Way Galaxies Those who answered the call would act as emissaries of light to anchor in a new reality known as the Golden Age of light and love The mission would entail a great transformation of the star s blueprint enabling it to undergo a planetary evolution that would awaken the planetary dream and its relationship with the Cosmos The real life adventure begins when Eya journeys to earth and awakens her soul memory through dreams visions and telepathic

guidance surrounding coinciding life events The awakening culminates into a multi dimensional soul vision entwined with earth s destiny revealing man s purpose on a universal scale *Divine Violence and the Christus Victor Atonement Model*
Martyn J. Smith,2016-09-23 In this book Martyn Smith addresses the issue of God s violence and refuses to shy away from difficult and controversial conclusions Through his wide ranging and measured study he reflects upon God and violence in both biblical and theological contexts assessing the implications of divine violence for understanding and engaging with God s nature and character Jesus too through his dramatic actions in the temple is presented as one capable of exhibiting a surprising degree of violent behavior in the furtherance of God s purposes Through a reappropriation of the ancient Christus Victor model of atonement with its dramatic representation of God s war with the Satan Smith proposes that Christian understanding of both God and salvation has to return to its long neglected past in order to move forward both biblically and dynamically into the future
