Rainforest Animals Clue Game Joseph Cornell,1996-04 **Children of the Rainforest** Camilla Morelli,2023-06-16

Children of the Rainforest explores the lives of children growing up in a time of radical change in Amazonia The book draws on ethnographic fieldwork conducted with the Matsigenka a group of hunter gatherer forest dwellers who have lived in voluntary isolation until fairly recently Having worked with them for over a decade returning every year to their villages in the rainforest Camilla Morelli follows closely the life trajectories of Matsigenka children watching them shift away from the forest based lifestyles of their elders and move towards new horizons crisscrossed by concrete paving lit by the glow of electric lights and television screens and centered around urban practices and people The book uses drawings and photographs taken by the children themselves to trace the children s journeys lived and imagined from their own perspectives proposing an ethnographic analysis that recognizes children s imaginations play and shifting desires as powerful catalysts of social change Children's Books in Print, 2007 ,2006 Curriculum in Early Childhood Judith A.
