Archival Dissonance

in the U.S. Cuban Post-Exile Novel Gregory Helmick, 2016-01-14 Archival Dissonance in the U S Cuban Post Exile Novel documents a body of emergent US Cuban literature published in Spanish and English beyond the scope and historicity of exile Focusing on the work of Roberto G Fern ndez Ana Men ndez and Antonio Ben tez Rojo the book proposes that rather than reinforce US Cuban exile ethnic identity developed between 1960 and the 1980s or demonstrate a tendency toward cultural assimilation Americanization over three generations of writers the discussed historical novels incorporate Caribbean and Latin American archival sources and interpretive frameworks in order to develop a critical and investigative approach to the politics of Cuban exile historiography Published before the recent apertura between the US and Cuban governments these post exile novels anticipate themes of displacement migration and social marginalization as common rather than exceptional features of modern and historical life as well as such other current and historical topics as gender construction and performance figurations of race the commoditization of culture and urban poverty The post exile historical novel points to a future for US Cuban narrative and historiography in part by investigating and featuring dissonances hidden or unacknowledged in previous Cuban exile historical fiction The literature studied in this book further reinforces a view of two way migration between Cuba and the United States as a normal phenomenon predating 1959 and at the same time as a likely shape of things to come

One Island, Many Voices Eduardo R. del Rio, 2022-04-12 Cuban American writers have been studied primarily within the context of Latino literature as a whole Seeing a need to distinguish and define this unique literary perspective Eduardo del Rio selected twelve important well known authors and conducted interviews He chose writers who were born in Cuba but have lived in the United States for a significant amount of time and whose works include themes he considers elemental to Cuban American literature identity duality memory and exile But rather than a cohesive homogeneous group these conversations unveiled a kaleidoscope of individuality style and motive The authors bonds to Cuba inform their creative work in vastly different ways and attempts to categorize their similarities only highlight the range of character and experience within this assemblage of talented writers From playwright Dolores Prida to author and literary critic Gustavo P rez Firmat these voices run the gamut of both genre and personality In addition to the essential facts of literary accomplishment the interviews include a wealth of insight into each writer s history motivations concerns and relationship to language These personal details serve to humanize and illuminate the unique circumstances and realities that have shaped both the authors and their work What del Rio has ultimately brought together is a series of intimate sketches that will not only serve as an important reference for any discussion of the literature but will also help readers to develop for themselves a sense of what Cuban American writing is and what it is not
