Saving Christianity From Empire:

Saving Christianity From Empire Jack Nelson-Pallmeyer, 2005-02-08 Nelson Pallmeyer calls into question the imperialistic tendencies of the United States using the life of Jesus to offer a critique of such tendencies *Reviews in Theology and Mission*, [Christian America and the Kingdom of God](#) Richard T. Hughes, Christina Littlefield, 2025-03-11 The myth of a Christian America fuels a powerful political force sure of its moral superiority and intent on implementing a Christian nationalist agenda Richard T Hughes and Christina Littlefield draw on discussions of civil religion and forms of nationalism to explore the complex legal and cultural arguments for a Christian America The authors also provide an in depth examination of the Bible's words on the chosen nation and kingdom of God that Christian nationalists quote to support the idea of the US as a Christian nation A timely new edition of the acclaimed work *Christian America and the Kingdom of God* spotlights how the centuries long pursuit of a Christian America has bred an aggressive white Christian nationalism that twists faith unleashes unchristian behavior and threatens the nation

Universal Salvation in Late Antiquity Archbishop Michael Bland Simmons, 2015-05-26 A new study of Porphyrian soteriology or the concept of the salvation of the soul in the thought of Porphyry of Tyre

The Church in the Time of Empire David Woodyard, 2011-12-16 Literature abounds on the nature of empire and the ways in which America embodies it As a nation we have rigorously attempted to define the reality in which other peoples live One could think of empire as jurisdiction without boundaries As the nation that got right we have an obligation to impose our social political and economic orders on other nations Several decades of perpetual wars document that Unfortunately religious legitimation is prominent and persistent We designate ourselves as the biblical city on a hill an indispensable nation and even God's chosen people This echoes in the declaration of President George W Bush that God wanted me to bomb Iraq What is missing in the literature is centering the issue in the life and mission of the church Has the church been a co conspirator in the authorization of the American empire Has the church an obligation to terminate the symbol lending that anoints empire with holy water Is scripture a warrant for seeing the biblical people as a community of perpetual resistance Can the sacraments be instrumental in establishing opposition to empire Can the church be Rome in reverse

[The Arrogance of Nations, paperback edition](#) Neil Elliott, 2010 Elliott offers a fresh and surprising reinterpretation of Paul's letter to the Romans in the context of Roman imperial ideology bringing to the text the latest insights from classical studies rhetorical criticism postcolonial criticism and people's history By setting the letter alongside Roman texts Cicero Virgil the *Res Gestae* of Augustus Seneca poets from the age of Nero as well as later historians and satirists Elliott provides a dramatic new reading of the letter as Paul's confrontation with the arrogance of empire and an emerging Christianity already tempted by the seductive ideology of imperial power

Preaching the Sermon on Themount, **Walk Humbly with the Lord** Viggo Mortensen, Andreas Osterund Nielsen, 2010-12-17 In June of 1910 delegates gathered in Edinburgh for the first World Missionary Conference One hundred years later the 2010 Church and

Mission in a Multireligious Third Millennium conference sought to reconcile a century of seismic shifts in the worldwide landscape of the church with its ongoing mandate to make disciples of all nations Arising out of that recent conference Walk Humbly with the Lord presents a broad multinational spectrum of contemporary approaches to both theology and missiology Recognizing that the old Western notion of Christendom which formed the cultural backdrop of Edinburgh 1910 is now long obsolete the book's twenty seven forward thinking contributors respond to globalization and the enormous growth of religious pluralism worldwide offering reflections on the future of missiology and the relationship of church and mission Together they speculate about the possible shape of Christianity in a multireligious age as God works out new and unforeseen schemes in the reconciliation of the world I wish I could have been at the conference from which this book comes Viggo Mortensen and Andreas Nielsen have assembled a marvelous collection of reflections on mission that will be especially helpful to Christians committed to living faithfully and missionally in today's pluralistic world If a new postsecular reality is emerging as some are saying these essays will help the church be a sign of hope and stability in such a new age Stephen Bevens SVD Catholic Theological Union Chicago *A Palestinian Christian Cry for Reconciliation* Naim Stifan Ateek, 2008 From the text The background is clear Jerusalem has been conquered and re-conquered more than 37 times The latest conquest in 1967 was by the Israeli army After the war Israel took in not only the 5 square kilometers of Arab East Jerusalem but also 65 square kilometers of surrounding open country and villages most of which never had any municipal link to Jerusalem Overnight they became part of Israel's eternal and indivisible capital The history of Jerusalem has been written with blood The first part of this sequel to Justice and Only Justice focuses on events since the Intifada of 1987 including the violence that has come from Israel's aggression and from the use of suicide bombers by Palestinians The second part of the book draws on scripture lifting up biblical figures such as Samson Jonah Daniel and Jesus as it examines issues of ownership of the land In the final section Ateek presents a strategy to achieve peace and justice nonviolently that will promote justice for the Palestinians and security for both Israel and Palestine BOOK JACKET *Spaces of Security and Insecurity* Alan Ingram, 2016-04-01 Drawing on critical geopolitics and related strands of social theory this book combines new case studies with theoretical and methodological reflections on the geographical analysis of security and insecurity It brings together a mixture of early career and more established scholars and interprets security and the war on terror across a number of domains including international law religion migration development diaspora art nature and social movements At a time when powerful projects of globalization and security continue to extend their reach over an increasingly wide circle of people and places the book demonstrates the relevance of critical geographical imaginations to an interrogation of the present *Between Babel and Beast* Peter J. Leithart, 2012-07-06 The United States is one of history's great Christian nations but our unique history success and global impact have seduced us into believing we are something more God's New Israel the new order of the ages the last best hope of mankind a redeemer nation Using the subtle categories that arise from biblical

narrative Between Babel and Beast analyzes how the heresy of Americanism inspired America's rise to hegemony while blinding American Christians to our failures and abuses of power The book demonstrates that the church best serves the genuine good of the United States by training witnesses martyr citizens of God's Abrahamic empire **Grace Saves All** David Artman,2020-04-17 Grace is amazing About this all Christians agree Yet nearly all forms of Christianity put significant limits on grace Those forms of Christianity which proclaim grace alone actually saves typically don't believe God gives grace to everyone while those forms of Christianity which proclaim God gives grace to everyone typically don't believe grace alone actually saves Must grace either be that which saves alone but doesn't go to all or that which goes to all but doesn't save alone In Grace Saves All David Artman argues that grace saves alone and goes to all This inclusive approach to Christianity is variously called universal reconciliation universal salvation or perhaps most accurately Christian universalism He contends that the inclusive Christian universalist approach is necessary because it offers the only Christian theology which successfully defends the goodness of God For it logically follows that if God is all good all knowing and all powerful then God must also be all saving Often dismissed as a modern feel good theology Christian universalism is an ancient orthodox and biblical theology which was expounded by early Christians and early church fathers Artman brings much deserved attention to this wonderful spirituality **The Complete Infidel's Guide to Iran** Robert Spencer,2016-07-11 Our Most Dangerous Enemy Think it's ISIS Think again Iran is the terrorist powerhouse of the world made all the more dangerous by the disastrous nuclear deal that restricts Iran's nuclear ambitions hardly at all The Iranian government is an open enemy of the United States and of anyone who dissents from Shia Islam Iran confronts U.S. Navy ships in the Persian Gulf on a near daily basis It executes more of its citizens than any other nation It is a country torn by hypocrisy lectured by mullahs and with brutally enforced Islamic religious laws but rife with alcoholism Once America's ally Iran now claims leadership of the global jihad and the ayatollahs aim is nothing less than world conquest for Islam In his extraordinary new book The Complete Infidel's Guide to Iran New York Times bestselling author Robert Spencer reveals How the Iranian nuclear deal is sheer capitulation to the mullahs allowing Iran to inspect its own facilities and pursue nuclear weapons Iran's long standing support for terrorists including shocking evidence that Iran helped plan the 9/11 attacks Why Iran wants nuclear weapons clue it's not about deterrence American diplomatic folly why the Obama administration has grossly underestimated the Iranian threat A new grand strategy how Iran's Shi'ite terrorism might be contained and its threat to the United States reduced The Islamic Republic is already at war with America If we refuse to recognize that fact we are only falling prey to the mullahs campaign of duplicity The Complete Infidel's Guide to Iran exposes the true nature of the threat lays out what America must do to defeat it and gives you all the information you need about America's least understood yet potentially most lethal foe

Morgan Guyton, 2016-04-01 Christianity has always been about being saved But today what Christians need saving from most is the toxic understanding of salvation we've received through bad theology The loudest voices in Christianity today sound exactly like the religious authorities who crucified Jesus This is a book for Christians who are troubled by what we've become and who want Jesus to save us from the toxic behaviors and attitudes we've embraced Each of the 12 chapters proposes an antidote for the toxicity that has infiltrated Christian culture such as Worship not Performance Temple not Program and Solidarity not Sanctimony Each chapter includes thought provoking discussion questions perfect for individual or group study There are many reasons to lose hope about the state of our world and our church but Guyton offers one piece of good news Jesus is saving the world from us one Christian at a time
