American Christians and the National Interreligious Task Force on Soviet Jewry Fred A. Lazin, 2019-08-07 This study provides the first in depth examination of the role and influence of American Christians in the advocacy efforts for Soviet Jewry during the 1970s and 1980s It explores how American Catholics and Protestants engaged with American Jews to campaign for the emigration of Soviet Jews and to end the cultural and religious discrimination against them The book presents a case study of the National Interreligious Task Force on Soviet Jewry from its inception to its closure in order to better understand the complexities of the politics of interreligious affairs during this period At the heart of the story is Sister Ann Gillen of the Society of the Holy Child Jesus who directed the Chicago based task force under the auspices of the American Jewish Committee The author provides a comprehensive look at task force activities programs and relationships notes its ties to the civil rights movement and offers in depth analysis of its participation and role in the global arena American political religious and ethnic leaders play prominent roles in this story along with the national media and countless religious and community groups across the United States The relationship between American Jews and Israel is a factor of fundamental significance as well and plays a critical role in the development of the Task Force This close up analysis of the

task force is based on extensive archival research and interviews with key players in its history

Christians and Jews in Dialogue Mary C. Boys, Sara S. Lee, 2008-09 Discover the Power of Dialogue to Heal Religious Division How can members of different faith traditions approach each other with openness and respect How can they confront the painful conflicts in their history and overcome theological misconceptions For more than twenty years Professors Mary C Boys and Sara S Lee have explored ways that Catholics and Jews might overcome mistrust and misunderstandings in order to promote commitment to religious pluralism At its best interreligious dialogue entails not simply learning about the other from the safety of one's own faith community but rather engaging in specific learning activities with members of the other faith learning in the presence of the other Drawing upon examples from their own experience Boys and Lee lay out a framework for engaging the religious other in depth With vision and insight they discuss ways of fostering relationships among participants and with key texts beliefs and practices of the other's tradition In this groundbreaking resource they offer a guide for members of any faith tradition who want to move beyond the rhetoric of interfaith dialogue and into the demanding yet richly rewarding work of developing new understandings of the religious other and of one's own tradition *Bridges Documents of the Christian-Jewish Dialogue* Edited by Franklin Sherman, 2014-07-01 Continues with a comprehensive collection of statements on Christian Jewish relations by church bodies and interfaith organizations in the United States and around the world from the period 1986-2013 with introductory essays by three leading scholars in the field

God and Humanity in Auschwitz Donald Dietrich, 2017-07-12 *God and Humanity in Auschwitz* synthesizes the findings of research developed over the last thirty years on the rise of anti-Semitism in our civilization Donald J Dietrich sees the Holocaust as a case study of how prejudice has been theologically enculturated He suggests how it may be controlled by reducing aggressive energy before it becomes overwhelming Dietrich studies the recent responses of Christian theologians to the Holocaust and the Jewish theological response to questions concerning God's covenant with Israel which were provoked by Auschwitz Social science has dealt with the psychosocial dynamics that have supported genocide and helps explain how ordinary persons can produce extraordinary evil Dietrich shows how this research combined with theological analyses can help reconfigure theology itself Such an approach may serve to help dissolve anti-Semitism to aid in constructing such positive values as respect for human dignity and to point the way to restricting future outbreaks of genocide *God and Humanity in Auschwitz* surveys which religious factors created a climate that permitted the Holocaust It also illuminates what social science has to tell us about developing a strategy that when institutionally implemented can channel our energies away from sanctioned murder toward a more compassionate society The book has proven to be an essential resource for theologians sociologists historians and political theorists

Jewish Studies and the Gospel of St John Zev Garber, Kenneth L. Hanson, 2025-02-03 The present book projects a themed article collection relating to Jews and the Gospel of John Topics explore the Fourth Gospel in regard to the origins of Christian anti-Judaism antisemitism though other exegetical treatments from a Jewish frame of reference are

presented By exploring this topic across time and place this collection aims to provide an historical context for understanding not only the Jewish Jesus but the specific framework in which Johannine Christianity was tied intrinsically to ancient Judaism while simultaneously distancing itself of Jewish thought and culture The implications for Jewish Christian dialogue are clear and it is hoped that the ensuing discussion will greatly enhance interfaith dialogue on the impact of sacred texts on different people groups in the modern era

Visions of the Other Eugene J. Fisher,1994 Fisher has gathered here in one volume significant essays by four of the most important scholar theologians in the world These scholars two Jews and two Christians critique the dialogue between the Jewish people and the Christian churches in light of 2 000 years of uneasy relations reassessing all that has gone before in a spirit of renewed hope

From the Unthinkable to the Unavoidable Carol Rittner,John K. Roth,1997-02-25 In the last half century ways of thinking about the Holocaust have changed somewhat dramatically In this volume noted scholars reflect on how their own thinking about the Holocaust has changed over the years In their personal stories they confront the questions that the Holocaust has raised for them and explore how these questions have been evolving Contributors include John T Pawlikowski Richard L Rubenstein Michael Berenbaum and Eva Fleischner

Academic Approaches to Teaching Jewish Studies Zev Garber,2000 Fourteen scholars and master teachers explore the challenges of teaching Jewish studies at American schools of higher education

After the Evil Richard Harries,2003-07-03 The evil of the holocaust demands a radical rethink of the traditional Christian understanding of Judaism This does not mean jettisoning Christianity s deepest convictions in order to make it conform to Judaism Rather Richard Harries develops the work of recent Jewish scholarship to discern resonances between central Christian and Jewish beliefs This thought provoking book offers fresh approaches to contentious and sensitive issues A key chapter on the nature of forgiveness is sympathetic to the Jewish charge that Christians talk much too easily about forgiveness Another chapter on suffering in Judaism and Christianity rejects the usual stereotypes and argues for important common ground for example in the idea that God suffers in the suffering of his people There are also chapters on the state of Israel and the place of Jerusalem in Christian and Jewish thought Richard Harries argues that the basic covenant is not with either Judaism or Christianity but with humanity These like other religions are different distinctive voices in response to God s primal affirmation of human life which for Christians is achieved and given in the life death and resurrection of Jesus Christ In the light of this the author maintains controversially that Christians should not be trying to convert Jews to Christianity Rather Jews and Christians should stand together and build on the great amount they have in common to work together for a better world

Constantine's Sword James Carroll,2002-04-01 The monumental New York Times bestseller in which a Catholic explores the problem of anti Semitism through Church history The Washington Post A Los Angeles Times Best Book of the Year and a New York Times Notable Book In this masterly history Time National Book Award winning author James Carroll maps the profoundly troubling two thousand year course of the Church s battle against Judaism and faces the crisis of faith it has

provoked in his own life as a Catholic More than a chronicle of religion this dark history is the central tragedy of Western civilization its fault lines reaching deep into our culture The Church s failure to protest the Holocaust the infamous silence of Pius XII is only part of the story the death camps Carroll shows are the culmination of a long entrenched tradition of anti Judaism From Gospel accounts of the death of Jesus on the cross to Constantine s transformation of the cross into a sword to the rise of blood libels scapegoating and modern anti-Semitism Carroll reconstructs the dramatic story of the Church s conflict not only with Jews but with itself Yet in tracing the arc of this narrative he implicitly affirms that it did not necessarily have to be so There were roads not taken heroes forgotten new roads can be taken yet Demanding that the Church finally face this past in full Carroll calls for a fundamental rethinking of the deepest questions of Christian faith Only then can Christians Jews and all who carry the burden of this history begin to forge a new future Carroll discusses the history of Christian Jewish relations honestly touchingly and personally Carroll investigates his own prejudices as a believing Christian a former Catholic priest and a long time civil rights activist As he unearths history using all the best sources he also encounters emotions he didn t realize he had and shows how his historical journey was also a personal pilgrimage of faith

Booklist A triumph Atlantic Monthly The De-Judaization of the Image of Jesus of Nazareth (The Virgin Mary) at the Time of the Holocaust: Ensoulment and the Human Ovum Thomas Alexander Blüger, 2021-03-09 Thomas has been researching his family s Jewish background for the last thirty years Herein he investigates how his Jewish grandparents and aunt defined as a nonprivileged Mischling survived the war while living in the heart of Nazi Germany This led Thomas to research Hitler s fear of having partial Jewish ancestry and expanded into a full blown study of following Christianity s understanding of the Jewish identity of Jesus of Nazareth throughout history Not leaving matters here Thomas outlines how Marian dogmatic theology used at the time of the Shoah brought to conclusion the Church s long journey in defining the time of ensoulment as articulated in the papal document *Ineffabilis Deus* promulgated by Pius in 1854 This happened twenty seven years after the discovery of the human ovum in 1827 by Karl Ernst von Baer Years later with the emergence of Nazi racial ideology many anti-Christian Christians attempted to invert Christianity s core message of salvation through faith toward biological ends This would not do Roman authorities had consistently held throughout the centuries that faith is about salvation and not about biology According to that same end the ideal of ensoulment since the time of the Church s renewed understanding of it beginning in 1854 and indeed as it was first articulated through the writings of Aristotle and received into Christianity through the writings of Saint Augustine and later Thomas Aquinas was newly preserved within the confines of Western civilization This is the first book the author knows of that follows Augustine s concept of ensoulment as well as Aquinas s thinking on the matter while linking these to Karl Ernst von Baer s discovery of the human ovum in 1827 up until the events of Shoah and beyond This study is phenomenological in nature in that it does not follow Jesus of Nazareth the Virgin Mary throughout history but rather follows the image of Jesus of Nazareth the Virgin Mary a monumental difference This study

supports the Second Vatican Council the Church's latest and ongoing efforts in affirming the Jewish identities of both Jesus of Nazareth and the Virgin Mary John Paul II's call for a purification of memory beginning in a year of Jubilee as well as the many present efforts in Catholic Jewish relations This study builds upon the author's past article Following the Virgin Mary through Auschwitz Marian Dogmatic Theology at the Time of the Shoah published in Holocaust Studies A Journal of Culture and History Vol 14 winter 2008 No 3 pp 1-24

The Future of Jewish-Christian Dialogue Dan Cohn-Sherbok, 1999 In this volume distinguished theologians and writers reflect on the future of Jewish-Christian dialogue in the next century and chart new directions for future development

When Jews and Christians Meet Jakob J. Petuchowski, 2012-02-01 When Jews and Christians Meet captures the present state of the Christian Jewish Dialogue in which it is taken for granted that good will has been established and that Christians and Jews have a great deal in common One can now appreciate the basic differences which remain between Judaism and Christianity without fear of giving offense With this assumption a number of Jewish and Christian scholars address several questions For example they ask what the future goals of Judaeo-Christian studies should be and how the ecumenical aspirations of leading Christian and Jewish theologians can be translated into practice on a level which can be appreciated by the men and women in the pews of synagogues and churches In addition to such theoretical considerations the volume offers illustrations of how Bible study can be undertaken in both the Hebrew Bible and the New Testament by Jewish and Christian scholars addressing passages hitherto considered controversial with both a commitment to objective scholarship and a rootedness in their respective religious traditions Jeremiah's prophecy about the New Covenant and some of the Apostle Paul's statements about the Jews furnish the material for that joint enterprise
