Jewish Philosophy and the Crisis of Modernity Leo Strauss, 2012-02-01 This is the first book to bring together the major essays and lectures of Leo Strauss in the field of modern Jewish thought It contains some of his most famous published writings as well as significant writings which were previously unpublished Spanning almost 30 years of continuously deepening reflection the book presents the full range of Strauss's contributions as a modern Jewish thinker These essays and lectures also offer Strauss's mature considerations of some of the great figures in modern Jewish thought such as Baruch Spinoza Hermann Cohen Franz Rosenzweig Martin Buber Theodor Herzl and Sigmund Freud They also encompass his incisive analyses and original explorations of modern Judaism which he viewed as caught in the grip of the theological political crisis from German Jewry anti-Semitism and the Holocaust to Zionism and the State of Israel from the question of assimilation to the meaning and value of Jewish history In addition Strauss's two sustained interpretations of the Hebrew Bible are also reprinted These essays and lectures cumulatively point toward the postcritical reconstruction of Judaism which Strauss envisioned suggesting it rebuild along Maimonidean lines Thus the book lends credence to the view that Strauss was able to uncover and probe the crisis at the heart of modern Jewish thought and history perhaps with greater profundity than any other contemporary Jewish thinker

Jewish Philosophy for the Twenty-First Century Hava Tirosh-Samuelson, Aaron W. Hughes, 2014-08-21 Jewish Philosophy for the Twenty First Century encourages contemporary Jewish thinkers to reflect on the meaning of Judaism in the modern world by connecting these reflections to their own personal biographies In so doing it reveals the complexity of Jewish thought in the present moment The contributors reflect on a range of political social ethical and educational challenges that

face Jews and Judaism today and chart a path for the future The results showcase how Jewish philosophy encompasses the methodologies and concerns of other fields such as political theory intellectual history theology religious studies anthropology education comparative literature and cultural studies By presenting how Jewish thinkers address contemporary challenges of Jewish existence the volume makes a valuable contribution to the humanities as a whole especially at a time when the humanities are increasingly under duress for being irrelevant

**Gersonides on Providence, Covenant, and the Chosen People** Robert Eisen, 2012-02-01 Gersonides was one of the intellectual giants of the medieval Jewish world a thinker of remarkable diversity and ingenuity In the light of Gersonides thought on providential suffering and on inherited providence this book analyzes his position on one of the cardinal principles of Judaism the concept of the Chosen People

*Jewish Philosophy in the Middle Ages* T. M. Rudavsky, 2018-06-28 T M Rudavsky presents a new account of the development of Jewish philosophy from the tenth century to Spinoza in the seventeenth viewed as part of an ongoing dialogue with medieval Christian and Islamic thought Her aim is to provide a broad historical survey of major figures and schools within the medieval Jewish tradition focusing on the tensions between Judaism and rational thought This is reflected in particular philosophical controversies across a wide range of issues in metaphysics language cosmology and philosophical theology The book illuminates our understanding of medieval thought by offering a much richer view of the Jewish philosophical tradition informed by the considerable recent research that has been done in this area

**The Discipline of Philosophy and the Invention of Modern Jewish Thought** Willi Goetschel, 2015-06-01 Exploring the subject of Jewish philosophy as a controversial construction site of the project of modernity this book examines the implications of the different and often conflicting notions that drive the debate on the question of what Jewish philosophy is or could be The idea of Jewish philosophy begs the question of philosophy as such But Jewish philosophy does not just reflect what philosophy lacks Rather it challenges the project of philosophy itself Examining the thought of Spinoza Moses Mendelssohn Heinrich Heine Hermann Cohen Franz Rosenzweig Martin Buber Margarete Susman Hermann Levin Goldschmidt and others the book highlights how the most philosophic moments of their works are those in which specific concerns of their Jewish questions inform the rethinking of philosophy's disciplinarity in principal terms The long overdue recognition of the modernity that informs the critical trajectories of Jewish philosophers from Spinoza and Mendelssohn to the present emancipates not just Jewish philosophy from an infelicitous pigeonhole these philosophers so pointedly sought to reject but more important emancipates philosophy from its false claims to universalism

*Rabbinic Theology and Jewish Intellectual History* Meir Seidler, 2013 Rabbi Loew the Maharal of Prague remains one of the most influential and prolific Jewish thinkers of his time Widely considered one of the fathers of Hassidic thought and a harbinger of Modern Jewish philosophy his life and work have retained their influence and remain prevalent today Adopting a multi disciplinary approach this book ranges from an analysis of the historical background to Maharal's thought to examining the relevance of this thought in the modern era before

addressing the popular cultural and folkloristic reception of Maharal's impact on modern Western culture This book presents a new understanding of familiar material and will be an invaluable asset to students and scholars of Modern and Early Modern Jewish History and Intellectual thought Medieval Jewish Philosophy and Its Literary Forms Aaron W. Hughes, James T. Robinson, 2019-07-11 This well written accessible essay collection demonstrates a maturation in Jewish studies and medieval philosophy Choice Too often the study of philosophical texts is carried out in ways that do not pay significant attention to how the ideas contained within them are presented articulated and developed This was not always the case The contributors to this collected work consider Jewish philosophy in the medieval period when new genres and forms of written expression were flourishing in the wake of renewed interest in ancient philosophy Many medieval Jewish philosophers were highly accomplished poets for example and made conscious efforts to write in a poetic style This volume turns attention to the connections that medieval Jewish thinkers made between the literary the exegetical the philosophical and the mystical to shed light on the creativity and diversity of medieval thought As they broaden the scope of what counts as medieval Jewish philosophy the essays collected here consider questions about how an argument is formed how text is put into the service of philosophy and the social and intellectual environment in which philosophical texts were produced

Women and Gender in Jewish Philosophy Hava Tirosh-Samuelson, 2004-06-18 Proceedings of a conference held Feb 25-26 2001 at Arizona State University The Cambridge Companion to Medieval Jewish Philosophy Daniel H. Frank, Oliver Leaman, 2003-09-11 From the ninth to the fifteenth centuries Jewish thinkers living in Islamic and Christian lands philosophized about Judaism Influenced first by Islamic theological speculation and the great philosophers of classical antiquity and then in the late medieval period by Christian Scholasticism Jewish philosophers and scientists reflected on the nature of language about God the scope and limits of human understanding the eternity or createdness of the world prophecy and divine providence the possibility of human freedom and the relationship between divine and human law Though many viewed philosophy as a dangerous threat others incorporated it into their understanding of what it is to be a Jew This Companion presents all the major Jewish thinkers of the period the philosophical and non philosophical contexts of their thought and the interactions between Jewish and non Jewish philosophers It is a comprehensive introduction to a vital period of Jewish intellectual history Judaica Reference Sources Charles Cutter, 2004-02-28 A recipient of the Outstanding Reference Award from the Association of Jewish Librarians in its earlier edition this updated edition of Judaica Reference Sources maintains its editorial excellence while revising and expanding coverage for the new century Virtually every aspect of Jewish life knowledge history culture religion and contemporary issues is covered in this annotated bibliographic guide A critical collection development tool for college university public school and synagogue libraries Judaica Reference Sources provides entries for over 1 000 reference works as well as a selective list of related Web sites in English French German Yiddish and Hebrew Works published since 1970 are emphasized Unique in providing expert guidance to Judaica material for
