**Psychoanalytic Conversations with States of Spirit Possession** Shalini Masih, 2023-10-16 Shalini Masih grew up in a stimulating environment of priests and healers witnessing firsthand states of spirit possession and exorcism In adulthood she revisited these experiences motivating her to extend psychoanalysis outside the clinic's realms into spaces of traditional healing The outcome of her detailed exploration acknowledges the hugely productive interface between cultural

manifestations and concerns of psychoanalysis without reducing the phenomenon of spirit possession to something formulaic. Instead, *Psychoanalytic Conversations with States of Spirit Possession: Beauty in Brokenness* highlights the intrinsic beauty of this complex experience, illustrating relevant themes through culturally sensitive psychoanalytic conversations with participants who felt haunted and possessed by ghosts. The author's journey reveals the ghosts of her own inner world. She draws upon her reveries, dreams, and nightmares to make sense of the unconscious processes in her informant's testimonies, journeys that are so often undertaken from one grotesque ghost to another until these ghostly beings reappear as broken part-selves in search of the glue of spiritual meaning.

**Depth Psychology and Mysticism** Thomas Cattoi, David M. Odorisio, 2018-05-16. Since the late 19th century when the new science of psychology and interest in esoteric and occult phenomena converged, leading to the discovery of the unconscious, the dual disciplines of depth psychology and mysticism have been wed in an often unholy union. Continuing in this tradition and the challenges it carries, this volume includes a variety of interdisciplinary approaches to the study of depth psychology, mysticism, and mystical experience, spanning the fields of theology, religious studies, and the psychology of religion. Chapters include inquiries into the nature of self and consciousness, questions regarding the status and limits of mysticism and mystical phenomenon, and approaches to these topics from multiple depth psychological traditions.

The Meaning of the Astrological Jupiter Liz

Greene,2025-04-14 Jupiter has been perceived for centuries as the Greater Benefic and many astrologers assume that this planet will always herald good fortune opportunities for betterment and material and emotional rewards Sometimes this interpretation is entirely valid At other times it isn't Jupiter's expression in an individual life and on a collective level is rarely simple and sometimes anything but benefic and Jupiter transits can reveal a contradictory picture Sometimes great opportunities arise and life is enhanced Sometimes the transit coincides with the collapse of relationships financial hardship the onset of serious illness and even death Sometimes both expressions occur at once And in natal charts Jupiter aspects are not always benign in the accepted sense of the word In astrology several planets are associated with complexity and mystery especially Neptune and Pluto But Jupiter is in some ways the most enigmatic of all the heavenly bodies in our solar system What does Jupiter really symbolise These three seminars given by Liz Greene for CPA and MISPA students in 2021 explore the enigmatic paradoxical and unpredictable Jupiter to find a clearer understanding of this tricky and magical planet
