Sensational Fashions Crafts:

Sensational Fashions & Crafts Arthur Hettich, Nora O'Leary, Marie T. Walsh, 1947-04 **The Shape of Craft** Ezra Shales, 2017-10-15 Today when we hear the word craft a whole host of things come immediately to mind microbreweries artisanal cheeses and an array of handmade objects Craft has become so overused that it can grate on our ears as pretentious and strain our credulity But its overuse also reveals just how compelling craft has become in modern life In *The Shape of Craft* Ezra Shales explores some of the key questions of craft who makes it what do we mean when we think about a crafted object where and when crafted objects are made and what this all means to our understanding of craft He argues that beyond the cliché craft still adds texture to sterile modern homes and it provides many people with a livelihood not just a hobby Along the way Shales upends our definition of what is handcrafted or authentic revealing the contradictions in our expectations of craft Craft is and isn't what we think **Batch; Craft, Design and Product** Andrew Tanner, 2010-09-25

Batch Craft Design and Product by Andrew Tanner covers a hot new trend coming from international craft designers making small batches of skillfully crafted work for large retail outlets This is the cream of the contemporary craft world crossing into most disciplines and mediums including ceramics textiles wood glass precious metals and metal work Detailing a glorious array of these handcrafted objects the book is filled with information gathered from each maker explaining the ideas and concepts behind their products and how they got started and developed their work The book also includes practical information on running a small craft business such as connecting with manufacturers dealing with press sourcing commissions conceptualizing packaging and managing marketing Also featured is a gallery and design shop guide that will appeal to craft makers for both visual interest and practical information and to craft buyers as a directory of the best contemporary work in the field *Timelines of Everything* DK, 2023-07-04

Craft Erin E. O'Connor,2025-08-12 Glassblowing by hand might seem like a dying art yet it is thriving Studios and universities offer popular classes and glass art is widely exhibited and sold Amateur and professional glassblowers alike are captivated by the choreography of fire smoke and molten material Why are people drawn to this ancient craft What is distinctive about the social physical and intellectual experience of glassblowing How does the body learn an art In *Fire Craft* Erin E O Connor interweaves an immersive firsthand account of her experiences learning to blow glass with a sensuous ethnography of embodiment and community among glassblowers Through compelling stories such as her struggle to produce an elegant goblet she shows how a novice becomes hooked by and committed to a craft Reflecting on embodied knowledge O Connor considers how we negotiate mistakes and failures how we strive to develop proficiency in the face of shortcomings and how through making objects we make meaning She also explores the history of glassblowing and how various social environmental and knowledge frameworks shape the valorization of craft From the furnaces of empire to the hot bodies of collaboration and love O Connor reveals the interconnectedness of the body with the elemental world A gripping tale of the social world and experience of glassblowing *Fire Craft* passionately defends practical labor as intellectual work that changes

self and society **Fashion Meets Socialism** Jukka Gronow, Sergey Zhuravlev, 2015-08-19 This book presents above all a study of the establishment and development of the Soviet organization and system of fashion industry and design as it gradually evolved in the years after the Second World War in the Soviet Union which was in the understanding of its leaders reaching the mature or last stage of socialism when the country was firmly set on the straight trajectory to its final goal Communism What was typical of this complex and extensive system of fashion was that it was always loyally subservient to the principles of the planned socialist economy This did not by any means indicate that everything the designers and other fashion professionals did was dictated entirely from above by the central planning agencies Neither did it mean that their professional judgment would have been only secondary to ideological and political standards set by the Communist Party and the government of the Soviet Union On the contrary as our study shows the Soviet fashion professionals had a lot of autonomy They were eager and willing to exercise their own judgment in matters of taste and to set the agenda of beauty and style for Soviet citizens The present book is the first comprehensive and systematic history of the development of fashion and fashion institutions in the Soviet Union after the Second World War Our study makes use of rich empirical and historical material that has been made available for the first time for scientific analysis and discussion The main sources for our study came from the state party and departmental archives of the former Soviet Union We also make extensive use of oral history and the writings published in Soviet popular and professional press Fashion and Materiality Heike Jenss, Viola Hofmann, 2019-10-17 Fashion is intimately tied to the material world With a focus on diverse cultural practices this book offers new insights into the dynamic relationships between fashion bodies and material culture In a series of original case studies both historical and contemporary the collection explores how fashion and clothing affect articulations of body and self experiences of time and place and the shaping of social and local global relationships With chapters from leading international scholars Fashion and Materiality takes the reader from the study of clothing and biography and an early modern foreign dress collection to Chinoiserie clothing in 18th century Europe and fast fashion production in today's China The book also examines fashion's role in nation building and entanglements between fashion and migration across clothing donations for Syrian refugees in Germany and the circulation of refugee chic on international fashion runways Scrutinizing the dense connections between fashion clothing materiality and humanity the book shows how the material interacts forcefully with the personal and political **Leather Craft Manual** Ivy Evelyn Norman, 2016-09-06 Detailed in this text are a variety of leatherworking techniques and guides that will instruct the reader on how to make plethora of serviceable and decorative items Accessible and detailed this compendium comes complete with helpful illustrations and photographs which will enable even the amateur to create a range of attractive and useful items out of leather Chapters contained within this text include History of Tanning The Sources of Hides and Skins Preparation of Hides and Skins for Tanning Tanning or Making into Leather Dyeing Leathers Staining and Finishing Leathers and General Notes on Leathers This text has been

elected for modern republication due to its immense educational value and is proudly republished here with a new introduction to the subject The Publishers Weekly ,1980 **The Handbook of Fashion Studies** Sandy Black,Amy de la Haye,Joanne Entwistle,Regina Root,Agnès Rocamora,Helen Thomas,2014-01-02 The Handbook of Fashion Studies identifies an innovative spectrum of thematic approaches key strands and interdisciplinary concepts that continue to push forward the boundaries of fashion studies The book is divided into seven sections Fashion Identity and Difference Spaces of Fashion Fashion and Materiality Fashion Agency and Policy Science Technology and New fashion Fashion and Time and Sustainable Fashion in a Globalised world Each section consists of approximately four essays authored by established researchers in the field from the UK USA Netherlands Sweden Canada and Australia The essays are written by international subject specialists who each engage with their section s theme in the light of their own discipline and provide clear case studies to further knowledge on fashion This consistency provides clarity and permits comparative analysis The handbook will be essential reading for students of fashion as well as professionals in the industry **Fashion Knitwear** Jenny Udale,2014-04-28 Knitwear is one of the most exciting areas in fashion today where craft and digital processes collide to create desirable innovative clothing Fashion Knitwear showcases 40 designers around the world including Missoni Sibling and Sonia Rykiel who use hand and machine knitting crochet and macram as well as knit fabrics such as jersey to produce fashion garments Each profile delves into the designer s practice inspiration and career path and includes inspiring images of their work Interviews explore approaches to knitwear and how different knit stitches techniques and yarns are used to create colour pattern and texture This book will appeal to anyone interested in knitwear from hobby knitters looking for inspiration to students and fashion designers wanting a current overview of the scene *Graham's American Monthly Magazine of Literature, Art, and Fashion* ,1841
