Warren, 2007-10-30 The first Marine history in a generation shows how the few and the proud have maintained their extraordinary edge leading America's armed forces and serving as an example for the other branches over the past six decades **Packing Inferno** Tyler E. Boudreau, 2008 A 12 year veteran of the Marine Corps infantry Tyler Boudreau has trained and committed himself physically and intellectually to military life However his intense devotion began to disintegrate during his final mission in Iraq After returning home he discovered a turmoil developing in his mind estranging him from his loved ones Packing Inferno is the spectacularly written story of the ordeal of a Marine officer in battle with himself as much as with the enemy **Humanitarianism Under Fire** Ken Rutherford, 2008 The international humanitarian intervention in Somalia was one of the most challenging operations ever conducted by US and UN military forces Until Somalia the UN had never run a Chapter VII exercise with large numbers of troops operating under a fighting mandate It became a deadly test of the UN's ability carry out a peace operation using force against an adversary determined to sabotage the intervention Humanitarianism Under Fire is a candid detailed historical and political narrative of this remarkably complicated intervention that was one of the first cases of multilateral action in the post Cold War era Rutherford presents new information gleaned from interviews and intensive research in five countries His evidence shows how Somalia became a turning point in the relationship between the UN and US and how policy and strategy decisions in military operations continue to refer back to this singular event even today **Brute** Robert Coram, 2010-11-10 The author of American Patriot details the life of an innovative U S Marine Corps veteran of World War II the Korean War and the Vietnam War From the earliest days of his thirty four year military career Victor Brute Krulak displayed a remarkable facility for applying creative ways of fighting to the Marine Corps He went on daring spy missions was badly wounded pioneered the use of amphibious vehicles and masterminded the invasion of Okinawa In Korea he was a combat hero and invented the use of helicopters in warfare In Vietnam he developed a holistic strategy in stark contrast to the Army's Search and Destroy methods but when he stood up to LBJ to protest he was punished And yet it can be argued that all of these accomplishments pale in comparison to what he did after World War II and again after Korea Krulak almost single handedly stopped the U S government from abolishing the Marine Corps Praise for Brute Coram captures General Krulak's striding march across the Marine Corps and across the American century and is a meticulous investigator of the things that drove Brute Krulak not all of them pretty Brute is plainspoken and absorbing and captures its subject in strokes that are sharp simple and often funny Dwight Garner The New York Times A well written tale about a complicated yet admirable man James Srodes The Washington Times A revealing and troubling portrait of a much revered figure Kirkus Reviews *National*
