The cuisine of the Pied Noir reflects a storied history. Expelled from Spain and later forced to flee Algeria, their cookery was influenced by the nations they inhabited as well as the trade routes that passed through these areas. Over the centuries they collected recipes and flavours that came to form a unique and little known culinary repertoire. The 85 recipes in this fascinating book are accompanied by a history of the Pied Noir and the story of the author's family. A glossary of culinary terms and menus for Pied Noir feasts are also included      **Encyclopedia of Jewish Food** Gil Marks, 2010-11-17 A comprehensive A to Z guide to Jewish foods, recipes and culinary traditions from an author who is both a rabbi and a James Beard Award winner. Food is more than just sustenance. It's a reflection of a community's history, culture and values. From India to Israel to the United States and everywhere in between, Jewish food appears in many different forms and variations but all related in its fulfillment of kosher laws, Jewish rituals and holiday traditions. The Encyclopedia of Jewish Food explores unique cultural culinary traditions as well as those that unite the Jewish people. Alphabetical entries from Afikomen and Almond to Yom Kippur and Zatzikar cover ingredients, dishes, holidays and food traditions that are significant to Jewish communities around the world. This easy to use reference includes more than 650 entries, 300 recipes plus illustrations and maps throughout. Both a comprehensive resource and fascinating reading, this book is perfect for Jewish cooks, food enthusiasts, historians and anyone interested in Jewish history or food. It also serves as a treasure trove of trivia. For example, the Pilgrims learned how to make baked beans from Sephardim in Holland. Pasta, pizza, gyros, kebab and falafel can be found just about everywhere. Many people throughout the world have a good idea of what Mediterranean cuisine and diet are all about but they know less about the entire food culture of the region. This one stop source provides the broadest possible understanding of food culture throughout the region, giving a variety of examples and evidence from the southern Mediterranean or North Africa: Morocco, Algeria, Tunisia, Libya and Egypt; the Western Mediterranean or European side of the Mediterranean: Spain, France, Italy and the French and Italian islands; to the eastern Mediterranean or Levant: Greece, Turkey, Syria, Lebanon and Israel. The Mediterranean region is home to three of the world's major religions and for centuries the Mediterranean Sea has been an invitation to trade, travel, conquest and immigration. Where different cultures, beliefs and traditions mix, there is always volatility and tension but there is also great energy. Understanding the food culture in the Mediterranean is one way readers can see how people of different regions come together, share ideas and information to create new dishes, meals, traditions and forms of sociability. This volume answers questions such as: Do people

in the Mediterranean still eat the Mediterranean Diet or do they eat American style Why is it that the same ingredients can be prepared in so many different ways even in the same country Why would cooks take the time to make foods like zucchini lentils or figs into dozens of different dishes How and why do religious rituals differ regarding food preparation What do Jews Muslims and Christians eat on religious holidays Do people eat out or eat at home Why is hospitality so important to Mediterranean people and what do they do to demonstrate hospitality and good will through the preparation and serving of meals
