Lenin Damien Wright, 2017-07-27 An account of the little known involvement of Royal Marines as they engaged the new Bolsheviks immediately after the Russian Revolution After three years of great loss and suffering on the Eastern Front Imperial Russia was in crisis and on the verge of revolution In November 1917 Lenin s Bolsheviks later known as Soviets seized power signed a peace treaty with the Central Powers and brutally murdered Tsar Nicholas British King George s first cousin and his children so there could be no return to the old order As Russia fractured into loyalist White and revolutionary Red factions the British government became increasingly drawn into the escalating Russian Civil War after hundreds of thousands of German troops transferred from the Eastern Front to France were used in the 1918 Spring Offensive which threatened Paris What began with the landing of a small number of Royal Marines at Murmansk in March 1918 to protect Allied donated war stores quickly escalated with the British government actively pursuing an undeclared war against the Bolsheviks on several fronts in support of British trained and equipped White Russian Allies At the height of British military intervention in mid 1919 British troops were fighting the Soviets far into the Russian interior in the Baltic North Russia Siberia Caspian and Crimea simultaneously The full range of weapons in the British arsenal were deployed including the

most modern aircraft tanks and even poison gas British forces were also drawn into peripheral conflicts against White Finnish troops in North Russia and the German Iron Division in the Baltic It remains a little known fact that the last British troops killed by the German Army in the First World War were killed in the Baltic in late 1919 nor that the last Canadian and Australian soldiers to die in the First World War suffered their fate in North Russia in 1919 many months after the Armistice Despite the award of five Victoria Crosses including one posthumous and the loss of hundreds of British and Commonwealth soldiers sailors and airmen most of whom remain buried in Russia the campaign remains virtually unknown in Britain today After withdrawal of all British forces in mid 1920 the British government attempted to cover up its military involvement in Russia by classifying all official documents By the time files relating to the campaign were quietly released decades later there was little public interest Few people in Britain today know that their nation ever fought a war against the Soviet Union The culmination of more than 15 years of painstaking and exhaustive research with access to many previously classified official documents unpublished diaries manuscripts and personal accounts author Damien Wright has written the first comprehensive campaign history of British and Commonwealth military intervention in the Russian Civil War 1918 20 Allied intervention in the Russian Civil War remains forgotten Wright s book addresses that oversight interspersing the broader story with personal accounts of participants Military History Magazine The Secret Submarine Doctor Tom Lewis, 2025-03-05 Uncover a forgotten battle off Australia s shores The official history of the Royal Australian Air Force claims that no enemy submarines operating off the Australian coast during World War II were sunk But what if history got it wrong In a fierce and decisive air action off the coast of New South Wales RAAF Beaufort bombers engaged a colossal Japanese submarine over 100 meters long What followed was a deadly duel between the submarine s anti aircraft guns and the bombers machine guns The I 178 with her crew of 88 lies lost somewhere north of Sydney The events of that day have remained buried until now In this groundbreaking work Tom Lewis one of Australia s leading military historians rewrites the history books The Secret Submarine not only reveals a forgotten victory but also immerses readers in the harrowing experiences of those who served in WWII bombers and submarines Additionally it chronicles the broader brutal struggle between Japanese forces and the combined might of the USA and Australia a conflict that saw over 40 ships sunk and countless lives lost off Australia s east coast Praise for Tom Lewis Tom Lewis has reminded us of the perils of lack of preparation in peacetime and the price to be paid in war for not recognising new technologies and methods for striking at Australians from the sea Attack on Sydney Harbour Lieutenant Commander Desmond Woods OAM RAN Tom Lewis never lets his readers down He has embedded a narrative with all the necessary historical and political background photographs maps diagrams pen pictures of key players as well as a closing epilogue Attack on Sydney Harbour Neville Taylor RUSI Vic Remarkable in its sweep of World War II s Pacific theatre and the terrible price all involved would have paid if it continued Atomic Salvation would be ideal for a comprehensive documentary Ian Richards film maker An effective blend of historical
