Reference Guide to Russian Literature Neil Cornwell, 2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public *One Less Hope* Constantin V. Ponomareff, 2006-01-01 This collection of essays which should appeal both to Slavists and students of comparative literature deals with twelve major twentieth century Russian poets who for varied reasons became estranged from the Soviet state Some stayed in Russia to become inner migrants others chose to go into exile in the West One less hope one more song Akhmatova's words stands both for their suffering and often their deaths but also for their humanity and poetic achievement The poets in question are Anna Akhmatova Osip Mandelstam Vladimir Mayakovsky Alexander Blok Sergey Esenin Nikolay Gumilev Vyacheslav Ivanov Marina Tsvetaeva Vladislav Khodasevich Boris Poplavsky Boris Pasternak and Joseph Brodsky

The whole collection is followed by a cultural perspective of the Russian 19th and 20th centuries One Last Summer Before the Revolution Anna Peicheva, 2024-01-20 Nature was the first to rebel The summer of 1916 roared with thunderstorms wind in the face and icy rain from the sky But people barely noticed the weather War was on everyone's lips interfering with creativity study love life dividing society into two camps Revolution already loomed in the electrified air yet the Tsar who had unleashed the war did not notice He trusted his own newspapers followed battles in the movies and worried most about his family Here is a documentary cross section of the epoch through the letters emotions and thoughts of the participants but we also rise above the fray the finest threads connecting all our heroes are especially visible from above from the emperor to the poet from the military doctor to the poor peasant woman These threads intertwined into the fuse of the future revolution ignited by the summer lightning of 1916 The book is inspired by the work of German writer Florian Illies 1913 *The Summer of the Century* *Sergei Esenin* Sergei Aleksandrovich Esenin, 1972 *Problems of Communism*, 1954 *Diagnosing Literary Genius* Irina Sirotkina, 2003-04-30 Winner of the Aldo and Jeanne Scaglione Prize for Studies in Slavic Languages and Literatures from the Modern Language Association The vital place of literature and the figure of the writer in Russian society and history have been extensively studied but their role in the evolution of psychiatry is less well known In *Diagnosing Literary Genius A Cultural History of Psychiatry in Russia 1880 1930* Irina Sirotkina explores the transformations of Russian psychiatric practice through its relationship to literature During this period psychiatrists began to view literature as both an indicator of the nation's mental health and an integral part of its well being By aligning themselves with writers psychiatrists argued that the aim of their science was not dissimilar to the literary project of exploring the human soul and reflecting on the psychological ailments of the age Through the writing of pathographies medical biographies psychiatrists strengthened their social standing debated political issues under the guise of literary criticism and asserted moral as well as professional claims By examining the psychiatric engagement with the works of Fyodor Dostoevsky Nikolai Gogol Leo Tolstoy and the decadents and revolutionaries Sirotkina provides a rich account of Russia's medical and literary history during this turbulent revolutionary period **Avant-Garde and Criticism**, 2015-06-29 *Avant Garde and Criticism* sheds new light on the complex aims functions practices and contexts of art criticism in relation to the European avant garde Although many avant garde works and the avant gardes of various countries have been analyzed considerably less attention has been given to the reviews in newspapers and journals on avant garde literature art architecture and film This volume of *Avant Garde Critical Studies* will look at how art critics operated in a strategic way The strategies of avant garde criticism are diverse Art critics especially when they are artists themselves attempt to manipulate the cultural climate in their favour They use their position to legitimize avant garde concepts and to conquer a place in the cultural field But they are also markedly influenced by the context in which they operate The position of fellow critics and the ideological bias of the papers in which they publish can be as important as the political climate in which their criticism flourishes The analysis of avant

garde art criticism can also make clear how strategies sometimes fail and involuntarily display non avant garde characteristics On the other hand traditionalist criticism on the avant garde offers new insights into its status and reception in a given time and place This volume is of interest for scholars teachers and students who are interested in the avant garde of the interbellum period and work in the field of literature art film and architecture

Poems of Feeling H.W. Burnett, 2012-05-24 This book contains a selection of English Russian and German short poems with translations where appropriate Some of the contents were put together in moments which I was able to snatch from a very busy and demanding career at the English Bar and some have been added after retirement The translations are original translations by myself to ensure that they really are original I have been totally resolute in restraining myself from reading any other verse translation Since I have made every effort to convey the literal meaning of each word it would not be correct to describe the translations as free translations It must however be understood that my overwhelming priority throughout has been to try to reproduce the rhythm and music of the original language and in order to achieve this it has occasionally been necessary to choose

without distorting the sense a word or words which are not an exact translation of the original often in the case of the Russian text this is because the Russian word contains more syllables than any literal English equivalent Very rarely the same approach has been taken in order to achieve a rhyme which in its context was considered to be more important than a literal translation Thus for example in one of Bunins poems the Russian word for knees has been translated as feet Yury Lyubimov at the Taganka Theatre, 1964-1994 Birgit Beumers, 1997 In this fascinating study of Yury Lyubimov's tempestuous career and his liberating style of theatre Birgit Beumers thoroughly explores the making of a major figure in twentieth century theatre She traces the development of Lyubimov's ideas from his arrival at the Taganka theatre in 1964 through his expulsion in 1984 and his period of exile in the West until his return in 1989 to a much changed Russia Back cover **An**
