Sermons Seldom Heard Women Proclaim Their Lives:

Sermons Seldom Heard Annie Lally Milhaven, 1991 **I Found God in Me** Mitzi J. Smith, 2015-02-05 *I Found God in Me* is the first womanist biblical hermeneutics reader. In it, readers have access in one volume to articles on womanist interpretative theories and theology as well as cutting edge womanist readings of biblical texts by womanist biblical scholars. This book is an excellent resource for women of color pastors and seminarians interested in relevant readings of the biblical text as well as scholars and teachers teaching courses in womanist biblical hermeneutics, feminist interpretation, African American hermeneutics, and biblical courses that value diversity and dialogue as crucial to excellent pedagogy.

Contemporary African American preaching P3040, L Susan Bond reveals the full range and diversity of African American preaching in this exploration of African American homiletical theories. Portraying the many approaches that are empowering preaching in African American churches today, Bond shows how different theological perspectives produce different methods of sermon preparation and delivery, different strategies for selecting illustrative material, and even different ways of beginning and ending sermons. Her goal is not to lift up the right way to preach in the African American tradition but to show the richness and nuance contained within this powerful cultural expression. A History of Preaching Volume 1 O.C. Edwards, Jr., 2010-09-01 *A History of Preaching* brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church's ministry of proclamation. Bringing together an impressive array of familiar and lesser known figures, Edwards paints a detailed, compelling picture of what it has meant to preach the gospel. Pastors, scholars, and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching. Volume 1, appearing in the print edition, contains Edwards's magisterial retelling of the story of Christian preaching's development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century's discontent with outdated forms and emphasis on new modes of preaching such as narrative. Along the way, the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time: Origen, Chrysostom, Augustine, Bernard, Aquinas, Luther, Calvin, Wesley, Edwards, Rauschenbusch, Barth—all of their distinctive contributions receive careful attention. Yet lesser known figures and developments also appear from the ninth century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching to Howell Harris and Daniel Rowlands, preachers of the eighteenth century Welsh revival to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew. Volume 2, contained on the enclosed CD-ROM, contains primary source material on preaching drawn from the entire scope of the church's twenty centuries. The author has written an introduction to each selection, placing it in its historical context and pointing to its particular contribution. Each chapter in Volume 2 is geared to its companion chapter in Volume 1's narrative history. Ecumenical in

scope fair minded in presentation appreciative of the contributions that all the branches of the church have made to the story of what it means to develop deliver and listen to a sermon A History of Preaching will be the definitive resource for anyone who wishes to preach or to understand preaching's role in living out the gospel This work is expected to be the standard text on preaching for the next 30 years says Ann K Riggs who staffs the NCC's Faith and Order Commission Author Edwards former professor of preaching at Seabury Western Theological Seminary is co moderator of the commission which studies church uniting and church dividing issues A History of Preaching is ecumenical in scope and will be relevant in all our churches we all participate in this field says Riggs from EcuLink Number 65 Winter 2004 2005 published by the National Council of Churches

Making a Scene in the Pulpit Alyce M. McKenzie, 2018-10-23 How can preachers ensure that their sermons continue to engage listeners in a world defined by visual media and the short segmented delivery of information Alyce McKenzie harnesses the element of drama and the human fascination with scenes to offer ministers a modern means of sermon development and delivery McKenzie's core strategy is to invite listeners into scenes whether from Scripture or contemporary life and once they are there to point them toward the larger story of God's relationship with humankind Creating such scenes unifies the whole process of preaching she says from the preacher's daily life observations to interpretation of scenes from Scripture to sermon shaping sequencing and delivery The process culminates in a specific understanding of the purpose of the sermon to send listeners out into the scenes they'll play in their lives for the next week equipped to act out their parts in ways that are kinder more just and more courageous than last week

Holy Attention Frances Ward,Richard Sudworth,2019-08-30 With the growing renewed attention to the art of preaching this timely collection from the influential Littlemore Group of theologians explores the role of this vital ministry in today s Church Experienced contributors from a wide range of backgrounds catholic evangelical and liberal weave together theology anecdote and reflection on practice as they share their passion for preaching Each one is noted for their attentiveness to the poetry of the spoken word in preaching and the practical challenges and pitfalls of this central activity of public worship Chapters include The Joy and Terror of Preaching The Power of Language Localizing the Gospel Attentiveness to the Word The Sermon as Sacrament Genres of Preaching Contributors include Rachel Mann Paula Gooder Donna Lazenby Sr Judith SLG Edmund Newey Anderson Jeremiah and Joel Love **Meeting God on the Cross** Arnfríður Guðmundsdóttir,2010 The cross of Christ has proven to be no less of a stumbling block for Christians living in the end of the twentieth century and the beginning of the twenty first than it was in the first century when the newly established community of friends and followers of Jesus Christ sought to define the foundation of their faith over against the critiques of their Jewish and Greek contemporaries This book presents a theological reception of the contemporary feminist challenge to classical christology by means of an explicit feminist retrieval and reconstruction of a theology of the cross Gudmundsdottir argues that a feminist theology of the cross serves a dual purpose in feminist christology it discloses the patriarchal distortion of traditional christology and can also reveal lost dimensions in the understanding of the person and work of Jesus Christ Although Gudmundsdottir argues that feminist critique is an indispensable element of contemporary christology she also claims that there is a redemptive message in the cross of Christ that is retrievable for women today Despite its potential for abuse and indeed its well documented history of misuse against women in the past a theology of the cross proclaims Jesus as a divine co sufferer who brings good news to the poor and oppressed and as such can be a source of healing and empowerment for suffering women The constructive task of this book is to show that a theology of the cross can indeed become a theology of hope today offering women meaning and strength from a God who takes human form and enters redemptively into their

situations of suffering **Katie's Canon** Katie Geneva Cannon, 2021-11-23 Katie's Canon is a selection of essays written for a variety of occasions throughout Cannon's celebrated career. This new edition contains three additional essays and a new foreword by Emilee Townes. The volume weaves together the particularities of Cannon's own history and the oral tradition of African American women. African American women's literary traditions and sociocultural and ethical analysis. The result is a classic. Cannon addresses racism and economics, analyses of Zora Neale Hurston as a resource for a constructive ethic, the importance of race and gender in the development of a Black liberation ethic, womanist preaching in the Black church, and slave ideology and biblical interpretation Sharing Her Word Elisabeth Schüssler Fiorenza, 2001-01-01 How can recent advances in biblical studies empower feminist struggles and inspire all Christians to articulate a vision that promotes human dignity, justice, inclusivity, and well-being for all? In this book Elisabeth Schüssler Fiorenza develops her insights into the study of the Bible. She reclaims the work of nineteenth and early twentieth-century feminist biblical interpreters. And she analyses several intriguing biblical passages to show how the Bible can contribute to the spiritual struggle for a more just world. Praise for Sharing Her Word: A fresh yet seasoned stock-taking of feminist Biblical hermeneutics by one of the leading figures in this field. Old Testament Essays 2000 **Physician of Souls** Jeanne Stevenson-Moessner, 2024-06-11 While our current culture places a divide between religion and medicine, in some cultures the healer and the religious leader were the same. The phrase physician of souls is a connective term that links those who primarily tend the physical bodies of the suffering to those who primarily tend the emotions or the psyche or the soul. Through teamwork between various types of caregivers, the interconnection of body, mind, soul becomes more apparent. Jeanne Stevenson-Moessner aims to retrieve, expand, and apply the term for religious leaders and theologians in their response to pain, illness, moral injury, soul wounding, and crisis. Stevenson-Moessner develops a credo based on John Chrysostom's approach to healing, emphasizing the interconnection of body, mind, soul, culture, resistance to exploitation and degradation, and the importance of community in the healing process. The author advocates for a more prominent role for religious professionals such as chaplains in the healing process, emphasizing their unique ability to represent the faith tradition of the patient and in the Christian tradition act as an emissary of Christ, the Healer. Finally, the book discusses healing using every means of cure, including both medical and religious rituals as well as alternative and holistic approaches. The book seeks to revive the concept of physician of souls and apply it in modern times to promote healing and well-being on an individual, communal, and societal level. *Physician of Souls* also includes color pictures to demonstrate aspects of the case studies and concepts, enhancing learning for students, chaplains, and pastoral theologians. By emphasizing the importance of a holistic approach to healing, *Physician of Souls* aims to bridge the gap between the medical and religious professions and promote a more integrated approach to healthcare **Bearing Fruit in Due Season** Elizabeth J. Smith, 1999 *Bearing Fruit in Due Season* calls upon biblical scholars to pay attention to what happens when academic biblical studies meet the worshipping Church. It also provides the keys to a treasury of feminist biblical

interpretation to enrich both the makers of liturgy and all the people who worship

Words Made Flesh Elaine Graham, 2013-01-25 Words Made Flesh draws together a number of Elaine Graham s shorter writings and essays and thereby maps out the work of a pioneer theological thinker and the development of pastoral and practical theology in the last twenty years Elaine Graham considers the theological significance of topics as diverse as nativity plays science fiction gender consumerism cyberspace and urban regeneration They all share a concern with the way the sources and norms of the Christian tradition can enter into a creative and critical conversation with contemporary experience in order to generate the practical wisdom by which the life of the Church can be directed They reflect Elaine Graham s fundamental conviction that theology as talk about God in the world is always practical and public and that it begins and ends in the complexities of the human condition where words become flesh
