Shakespeare's Birthplace And Its Neighbourhood:

Shakespeare's House Richard Schoch, 2023-11-16 A page turning story Times Literary Supplement Eye opening Michael Billington A detailed and highly compelling story that involves so much more than bricks and mortar The Stratford Herald In the wide realm of Shakespeare worship the house in Stratford upon Avon where William Shakespeare was born in 1564 known colloquially as the Birthplace remains the chief shrine It is not as romantic as Anne Hathaway's thatched cottage it is not where he wrote any of his plays and there is nothing inside the house that once belonged to Shakespeare himself So why for centuries have people kept turning up on the doorstep Richard Schoch answers that question by examining the history of the Birthplace and by exploring how its changing fortunes over four centuries perfectly mirror the changing attitudes toward Shakespeare himself Based on original research in the archives of the Shakespeare Birthplace Trust in Stratford upon Avon and the Folger Shakespeare Library in Washington DC and featuring two black and white illustrated plate sections which draw on the wide array of material available at the Folger Shakespeare Library and the Victoria and Albert Museum this book traces the history of Shakespeare's birthplace over four centuries Beginning in the 1560s when Shakespeare was born there it ends in the 1890s when the house was rescued from private purchase and turned into the Shakespeare monument that it remains today

Shakespeare's Shrine Julia Thomas, 2012-05-24 Anyone who has paid the entry fee to visit Shakespeare's Birthplace on Henley Street in Stratford upon Avon and there are some 700 000 a year who do so might be forgiven for taking the authenticity of the building for granted The house as the official guidebooks state was purchased by Shakespeare's father John Shakespeare in two stages in 1556 and 1575 and William was born and brought up there The street itself might have changed through the centuries it is now largely populated by gift and tea shops but it is easy to imagine little Will playing in the garden of this ancient structure sitting in the inglenook in the kitchen or reaching up to turn the Gothic handles on the weathered doors In Shakespeare's Shrine Julia Thomas reveals just how fully the Birthplace that we visit today is a creation of the nineteenth century Two hundred years after Shakespeare's death the run down house on Henley Street was home to a butcher shop and a pub Saved from the threat of an ignominious sale to P T Barnum it was purchased for the English nation in 1847 and given the picturesque half timbered facade first seen in a fanciful 1769 engraving of the building A perfect confluence of nationalism nostalgia and the easy access afforded by rail travel turned the house in which the Bard first drew breath into a major tourist attraction one artifact in a sea of Shakespeare handkerchiefs eggcups and door knockers It was clear to Victorians on pilgrimage to Stratford just who Shakespeare was how he lived and to whom he belonged Thomas writes and the answers were inseparable from Victorian notions of class domesticity and national identity In Shakespeare's Shrine she has written a richly documented and witty account of how both the Bard and the Warwickshire market town of his birth were turned into enduring symbols of British heritage and of just how closely contemporary visitors to Stratford are following in the footsteps of their Victorian predecessors
