A. Czaplicka, 2019-01-09 SHAMANISM is understood by some people to be a primitive form of religion or religio magic practised by the aborigines of northern Asia as well as by all other aborigines in other parts of the world This opinion is held by Mikhailowski Kharuzin and some other Russian scientists Others hold that Shamanism was only one form of expression of the religious cult of northern Asia practised in order to avert the evil spirits This opinion is found in the writings of Jochelson and Bogoras There is still another view put forward which it is well for us to consider This view we find expressed very clearly in the following extract from Klementz One must not lose sight of the fact that in the various beliefs of the Siberian tribes a very close connexion is noticeable and likewise there can be observed an uninterrupted identity in the foundations of their mythology and in their rites even extending as far as the nomenclature all of which gives one the right to suppose that these beliefs are the result of the joint work of the intellectual activity of the whole north of Asia *Shamanism in Siberia* M A Czaplicka, 2022-10-26 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Shamanism** Marjorie Mandelstam Balzer, 2016-07-22 Addresses the most important theoretical and practical problems underlying public budgeting This anthology is organized topically rather than historically with an effort to delineate the issues needed to understand some of the controversies in the field It describes what public budgeting is where it comes from and what it is for Shamanism in Siberia Marya
