Land and Freedom Joseph Dana Miller, 1901 **The Complete Works** Henry George, 1904 Department of State News Letter United States. Department of State, 1968 **Derrida and the Inheritance of Democracy** Samir Haddad, 2021-12-22 Derrida and the Inheritance of Democracy provides a theoretically rich and accessible account of Derrida's political philosophy Demonstrating the key role inheritance plays in Derrida's thinking Samir Haddad develops a general theory of inheritance and shows how it is essential to democratic action He transforms Derrida's well known idea of democracy to come into active engagement with democratic traditions Haddad focuses on issues such as hospitality justice normativity violence friendship birth and the nature of democracy as he reads these deeply political writings **The Courageous Gospel** Robert Allan Hill, 2013-06-04 The Courageous Gospel is intended for use alongside a commentary Ashton Brown Bultmann Barrett other in a class introducing the Fourth Gospel The book has four parts A succinct summary of key matters of introduction A collection of sermons on the Gospel's core chapters with reflective reminiscence and remembrance of what Raymond Brown said in lecture about the Gospel thirty years ago A series of background lectures that attempt on the one hand to honor the key insights of the current opinion communis that Jewish apocalyptic explains John and on the other hand to open the door to further insights from an older perspective needed for a full appreciation of John that the Hellenistic Gnostic background explains John A set of pedagogical appendices employable in the classroom to aid discussion Together these components attempt to provide the necessary second book for an introduction to the Fourth Gospel engaging the commentaries with the hermeneutical homiletical exegetical and pastoral implications of a first level study of John *A Perplexed Philosopher* Henry George, 1893 **The Complete Works of Henry George** Henry George, 1904 **The Writings of Henry George ...** Henry George, 1898 **Liberal Equality** Amy Gutmann, 1980-09-30 This book makes a significant contribution to the tradition of liberal political theory it explores the foundations and limits of the idea of equality within that theory and offers a sustained argument for a persuasive new view of liberalism Liberal thinking has always displayed a tension between the claims of liberty and those of equality Professor Gutmann examines the contributions of liberal theorists from Locke to Rawls on the subject of two kinds of equality equality of opportunity to participate and the equal distribution of economic goods Valuing both she shows that far from being alternatives the two ideals are compatible to a much greater degree than has previously been thought Liberal Equality restores egalitarianism to political theory in a way that will forcefully challenge its critics to deeper reflection **Goldberg V. Household Bank, F.S.B.**, 1989 The Virtual Point of Freedom Lorenzo Chiesa, 2016-09-15 The principal motif that runs throughout The Virtual Point of Freedom is a confrontation with the discourse of freedom or more specifically the falsely transgressive ideal of a total emancipation that would know no constraints Far from delineating a supposed subject of freedom that would allegedly overcome alienation once and for all the seven chapters in Chiesa's book seek to unfold an innovative reading of the

dialectical coincidence between dis alienation and re alienation in politics aesthetics and religion using psychoanalysis as a privileged critical tool Topics include Pier Paolo Pasolini s attack on the visual and biological degeneration of bodies brought about by pleasure seeking liberal consumerism Giorgio Agamben s and Slavoj i ek s conflicting negotiations with the Christian tradition of poverty and inappropriateness as potential redemption and Alain Badiou s inability to develop a philosophical anthropology that could sustain a coherent politics of emancipation The book concludes by sketching out the figure of the partisan a subject who makes it possible to conceive of an intersection between provisional morality and radical politics

On Jean-Luc Nancy Darren Sheppard, Simon Sparks, Colin Thomas, 2005-08-03 This is the first book to consider the increasing importance of Jean Luc Nancy s work which has influenced key thinkers such as Jacques Derrida All his major works have been translated into English yet until now little has been made available on his place in contemporary philosophy By showing how he situates his work in a contemporary context the collapse of communism the Gulf War and the former Yugoslavia this outstanding collection reveals how Nancy s engagement with Hegel Marx Nietzsche Heidegger and Derrida makes him one of the key contemporary continental philosophers Providing new perspectives on the issues of sense art and community these essays make it impossible to approach philosophy without reference to the work Jean Luc Nancy
