Sharing In The Inheritance Identity And The Moral Life In Colossians:

Sharing in the Inheritance Allan R. Bevere, 2003-03-01 The argument of this book is two fold the target of the argument of Colossians is a Judaism dismissive of the Gentile Colossian Christians and the recognition of that fact casts new light on the moral material of the letter and its integration into the argument of the epistle as a whole Several arguments are made in support of these claims Significant parallels between Colossians and Galatians suggest similar concerns in both letters relating to Israel's identity as the people of God and how that relates to the Gentile believers are to live The writers of Colossians while sharing a similar Jewish perspective with the Colossian philosophers on the relationship between identity and way of life admonish the Gentile Christians to live in a way consistent with who they are Nevertheless Paul and Timothy differ with the philosophers as to what constitutes the identity of the Colossian Gentiles as the people of God In addition to the parallels drawn further themes are present in Colossians which strongly suggest the Jewish character of the philosophy wisdom election and death of Christ as the final return from exile The apocalyptic background of 3:1-6 the Jewish moral concerns of the ethical lists 3:5-17 and the christological orientation of the Haustafel bolster the claim that the target of Colossians is Jewish in character and the moral material is integral to the argument

Receptions of Paul during the First Two Centuries František Ábel, 2023-09-05 Receptions of Paul during the First Two Centuries Exploration of the Jewish Matrix of Early Christianity examines the historical context of Paul and the way Paul's Jewish heritage was received Contributors take into consideration the aftermath of the Jewish War and its impact on the development of the Jesus movement and early Christian Jewish relations in the following period The chapters come to the conclusion that after the Jewish War the reception of the authentic Paul was transformed more and more into the tradition about Paul based and established by the second and third generations of Jesus believing Gentiles which perceived Paul as a convert from what is labeled Judaism to the complete opposite of it Christianity

Temple, Exile and Identity in 1 Peter Andrew M. Mbuvi, 2007-05-10 Temple Exile and Identity in 1 Peter will generate a fresh and perhaps even a new understanding of the main themes of 1 Peter which include questions of identity suffering hope holiness and judgment Mbuvi explores the temple imagery in the epistle of 1 Peter and focuses on the use of cultic language in constituting the new identity of the Petrine community He contends that temple imagery in 1 Peter undergirds the entire epistle 1 Peter directly connects the community's identity with the temple by describing it in terms reminiscent of the temple structure He calls the members of the community living stones formulating an image that has been categorized as a Temple Community This concern with the temple characterizes the restoration eschatology in the Second Temple period with its focus on the establishment of the eschatological temple Restoration of Israel was also to be characterized by hope for the re-gathering of the scattered of Israel the conversion or destruction of the Gentiles and the establishment of God's universal reign all of which are reflected in the discourse of the epistle

Mimesis in the Johannine Literature C. Bennema, 2017-09-21 Mimesis is a fundamental and

pervasive human concept but has attracted little attention from Johannine scholarship This is unsurprising since Johannine ethics of which mimesis is a part has only recently become a fruitful area of research Bennema contends that scholars have not yet identified the centre of Johannine ethics admittedly due to the fact that mimesis is not immediately evident in the Johannine text because the usual terminology for mimesis is missing This volume is the first organized study on the concept of mimesis in the Johannine literature The aim of the study is to establish that mimesis is a genuine Johannine concept to explain its particulars and to show that mimesis is integral to Johannine ethics Bennema argues that Johannine mimesis is a cognitive creative process that shapes the believer's identity and behaviour within the context of the divine family Besides being instrumental in people's moral transformation mimesis is also a vital mechanism for mediating the divine reality to people

Thinking through Paul Todd D. Still, Bruce W. Longenecker, 2014-09-09 The study of Paul and his letters can be exciting challenging and life changing but only if it is done well and only if students achieve more than a basic familiarity with the subject This is exactly what Pauline experts Bruce W Longenecker and Todd D Still accomplish with their new textbook aimed at college and seminary level courses on Paul and his writings Longenecker and Still bring decades of study and expertise to *Thinking through Paul* challenging readers to delve deeply into Paul's writings and wrestle with his richly layered and dynamic theological discourse Seeking to situate their study of the Apostle in proper perspective Longenecker and Still first look at Paul's life before and after his encounter with the risen Christ en route to Damascus then examine each of Paul's letters individually and finally synthesize the Pauline writings to highlight the main strands of Paul's theologizing all the while keeping in mind the particular context of first century Christianity Filled with images maps charts and questions for further study and discussion *Thinking through Paul* is both engaging and easy to follow making it the perfect choice for classrooms and for interested readers

Who God Says You Are Klyne R. Snodgrass, 2018-01-08 WHO ARE YOU For respected New Testament scholar Klyne Snodgrass this is the most important question a person can ask the question from which everything else in life flows Other questions follow What made you who you are Who gets to say who you are And perhaps most vital Who does God say you are In this book Snodgrass offers wise guidance to all who are wrestling with such universal human questions He examines nine factors including one's body personal history commitments and boundaries that shape human identity and he expertly draws out what the Bible tells us about who God says we are how we fit within God's purposes and how our God-given identity can and must impact the way we live our lives

Paul and the Ancient Celebrity Circuit James R. Harrison, 2019-11-18 In this study James R Harrison compares the modern cult of celebrity to the quest for glory in late republican and early imperial society He shows how Paul's ethic of humility based upon the crucified Christ stands out in a world obsessed with mutual comparison boasting and self sufficiency

Sacra Pagina: Colossians and Ephesians Margaret Y. MacDonald, 2023-05-30 No two works in the Pauline Epistles resemble each other as closely as Colossians and Ephesians Often recognized for their majestic tone and powerful theological statement Colossians and

Ephesians also present many challenges of interpretation. Most commentaries on these letters seem preoccupied with the same few issues, particularly the question of authorship. As MacDonald addresses these classic questions, she offers a fresh perspective on Colossians and Ephesians by making use of insights from the social sciences. Moreover, by paying attention to subtle differences between the two letters, she brings their distinct perspectives into sharp relief. MacDonald highlights the interplay between Colossians and Ephesians and the social life of New Testament communities. She illustrates how the texts reflect ancient cultural values and are influenced by particular aspects of community life, such as worship and household existence. In particular, she reflects on the issues faced by these communities as they formed institutions and interacted with the society around them. She shows the struggles of the New Testament communities to survive and maintain a distinct identity in first-century society.
