Buddhist Approach to Global Leadership and Shared Responsibilities for Sustainable Societies Thich Nhat Tu,Thich Duc Thien,2019-05-03 FOREWORD In 1999 the General Assembly of the United Nations adopted the resolution to recognize the Vesak Day as an International Day of Recognition of Buddhists and the contribution of the Buddha to the world Since then the people and the Royal Government of the Kingdom of Thailand in general and Mahachulalongkornraja

vidyalaya University in particular were very honored to have successively and successfully held for twelve years the United Nations Day of Vesak Celebrations in Thailand From 2004 to date we have come a long way in the celebrations and we are happy to be the host and organizer but it is time for the celebrations to grow and evolve The United Nations Day of Vesak is coming to maturity with twelve celebrations under our belt much experience gained and it is time now to share this with others There will always be room for growth and development and we are elated to see it grow In 2006 2007 having joined the International Organizing Committee for the UN Day of Vesak as Deputy Secretary General Ven Dr Thich Nhat Tu has played a crucial role in building strong relationships between the National Vietnam Buddhist Sangha and the International Council for Day of Vesak in particular and the Global Buddhist communities in general We have supported and congratulated Vietnam on organizing successful UNDV celebrations and conference in 2008 and 2014 respectively We have full trust in Vietnam being the host of UNDV 2019 for the third time We like to thank all those who have contributed to the success of previous celebrations and wish all future celebrations be successful The teachings of the Buddha see no boundaries the minds of all are alike the sufferings of all are similar and truly and the liberation of all is the same We are happy to initiate the process develop the scope and now it is time for others to follow in similar footsteps evolve the celebrations into a truly international event that can be shared with Buddhists and Non Buddhists alike Let the Dhamma of the Buddha be the beacon to the world shredding away the ignorance within our hearts bringing development into sustainable capacity for humanity and more importantly peace and harmony to the world Most Ven Prof Brahmapundit President International Council for Day of Vesak ICDV President International Association of Buddhist Universities IABU PREFACE The history of mankind records how the Buddha got enlightenment and showed a path which not only leads but also guides the world till date That is solely to emanate wisdom and offer insights which help us overcome numerous challenges and achieve the welfare of humanity Recognizing his pragmatic approach values and contribution of Buddhism the United Nations in a resolution in 1999 decided to celebrate the Triply Blessed Day of Vesak Birth Enlightenment and Passing Away of Gautama falling mostly in a lunar calendar in the month of May The first celebrations were held way back in the year 2000 at the United Nations Headquarters in New York and subsequently the day has been celebrated hugely in different countries Today our planet is confronted with a number of crises and unprecedented natural disasters The imminent threat of terrorism and ethnic violence tackling poverty providing education and sustainable development leads us to strive for social justice There is an urgent need for concerted and constant planning and right effort at an international level to foster permanent peace in the societies and in the lives of individuals Against the backdrop of such widespread misery and strife leading to complex issues and crises Buddhism with its rich heritage of tolerance and non violence can contribute immensely and inspire us with His message of loving kindness peace and harmony in today s world The United Nations Day of Vesak UNDV 2019 is a testimony to this fact Vietnam got the chance and responsibility of hosting this international Buddhist event UNDV in 2008 and 2014 respectively

The event proved an amazing spectacle of religious and spiritual festivity with thousands of Buddhists from around the world converging in Vietnam to spread the Buddha's message of peace, love and harmony. This is the third time that Vietnam is hosting this important international event which is viewed by Buddhists as an opportunity to spread the Buddha's message and values of love, peace, non-violence, tolerance and compassion across the world. It is a great honor for Vietnam, the Vietnamese people, the National Vietnam Buddhist Sangha and Buddhists all around the world to participate in the UNDV celebrations and spread the rich Buddhist heritage, especially its teachings of equality, social justice, respect and understanding for the benefit of all humanity. World Buddhists and particularly the Vietnamese people are excited about their country hosting this auspicious and important event for the third time. This international religious, cultural and academic event would also certainly promote interaction and exchange of Buddhist cultural and intellectual values among diverse countries. The International Buddhist conference with the main theme of Buddhist Approach to Global Leadership and Shared Responsibilities for Sustainable Societies during the celebrations could not have been more relevant and timely. The present book is the outcome of one workshop representing one perspective of the conference. Other perspectives of the conference include i) Mindful Leadership for Sustainable Peace, ii) Buddhist Approach to Harmonious Families, Healthcare and Sustainable Societies, iii) Buddhist Approach to Global Education in Ethics, iv) Buddhism and the Fourth Industrial Revolution and v) Buddhist Approach to Responsible Consumption and Sustainable Development. This international conference aims to foster co-operation among Buddhist communities and institutions and to develop Buddhist solutions to the global crisis. Papers selected for this volume are those that combine thematic relevance, familiarity with the main theme or sub-themes, significant research in primary resources, innovative theoretical perspectives, clarity of organization and accessible prose style. Acceptable articles in this volume are determined by the Academic Peer Review Committee. UNDV 2019 certainly is an opportunity for the world Buddhists, the National Vietnam Buddhist Sangha and all the members of the international community to benefit from the rich traditions, values and spiritual ideals of Buddhism. The pragmatic path shown by Buddha can make the world a better, safer, more peaceful and harmonious place to be cherished and enjoyed by all sentient beings. To See the World M. Stewart, 1991-02-06 This volume analyses the Principles Governing the Use by States of Artificial Earth Satellites for International Direct Television Broadcasting adopted by a recorded vote of 107 for 13 against with 13 abstentions by the United Nations General Assembly on December 10, 1982 and proposes revisions which would lead to future consideration and adoption by consensus of these Principles. These include inter alia a legal definition of international direct television broadcasting by satellite (IDTVS) to match the inherently global potential of the technology encompassing the international legal concepts of a new world education, information and communication order (NWEICO) and the common heritage, interest and benefit of all mankind (CHM). Finally, extensive Appendixes provide the reader with comprehensive United Nations documentation concerning the consideration by the UN of the subject of international direct television broadcasting by satellite and the elaboration and adoption by the United Nations of the above-mentioned Principles. Dr. M. LeSueur Stewart, who is a member of the California and Massachusetts Bars, has worked not only as Attorney with an American television network but also as producer and host of a public affairs radio talk program.

The International Politics of the Red Sea Anoushiravan Ehteshami, Emma C. Murphy, 2013-03-01 This pioneering book is the first comprehensive study of the Red Sea as a sub-region of the international system in its own right. Examining the international politics of the Red Sea region from the Cold War to the present day, it argues that the Red Sea area demonstrates the characteristics of a sub-regional system given its increasing economic and social interdependence, greater regional integration and flows of resources across it. It details how stronger regional powers (Egypt, Israel and Saudi Arabia) which co-habit the sub-region with much weaker, vulnerable and fragile states are seeking to stamp their own authority on this dynamic sub-region. They have attempted to do so through extension of their military and economic influence where ever possible while also forging regional partnerships aimed at protecting their interests or to fend off possible encroachment of others. The book discusses in great detail the security and military dynamics of the sub-region, land and maritime borders as well as economic issues including trade, migration, capital flows and transport. It covers developments across the Red Sea and also within all the states of this newly forming sub-region.
