Neui,2012-06-01 What happens when an expatriate missionary is thrust into a context where the standard of living is so divergent that perceived or actual wealth suddenly becomes the strongest draw of attraction What actual message is communicated through the wordless witness of the Western Christian missionary lifestyle Is attention to so called good news now so financially focused that other foundational issues become overshadowed This issue becomes even more complicated when the missionary arrives clueless about personal privilege ignorant of the envy of others and carries the mistaken attitude that others think similarly SEANET proudly presents Complexities of Money and Missions in Asia for all who are asking such

Andrews,2017-01-07 *Gift and Duty* Paul H. De Neui,2017-12-21 Is the Christian concept of grace anathema to the social structure of merit making found in Buddhist karmic communities Are all Buddhist forms of merit making purely for religious purposes to assuage cosmic consequences or are there other reasons Are there not Christian churches who operate under a legalistic view of God s divine wrath and are in essence living as karmic communities of the Christian type The result of discussions about these and other questions is the volume you now hold in your hand SEANET proudly presents what is number 14 in its series of missiological reference texts *Gift and Duty Where Grace and Merit Meet* Each of the ten authors presented here represent a particular perspective both Christian and Buddhist that can inform the other The goal of this volume is to lead to a deeper understanding of the significance of diverse religious and cultural perspectives Suffering Paul H. De Neui,2011-02-03 What is dukkha In Buddhism this word encompasses the concepts of dis ease unsteadiness sorrow and lack of inner calm In English it is usually translated simply as suffering However it is defined dukkha is central to understanding Buddhism The Buddha described not only what it was but taught that there is a way out of it Suffering is an undeniable theme in both Christianity and Buddhism Both treat the topic with great intensity Buddha taught that suffering was inherent to the mortal condition Christ was born into a life of suffering and called disciples to follow him in this path Through enlightenment Buddha pointed to a way out of suffering Through his death Christ suffered once for all Both groups experience suffering but often talk about it from completely different starting points Are there insights from each perspective that can inform the other We believe so *Suffering Christian Reflections on the Buddhist Dukkha* is a collection of articles by Western and non Western Christ followers for those who want to delve deeper into one important aspect of Buddhist worldview It is written for the

practitioner privileged to live and serve in the Buddhist context This book is also for the Buddhist seeking to understand the Christian perspective on existence in today s world where suffering is our ever present reality *P.E.R.S.O.N.A.L. De Neui,2013-06-01 Every movement is only one generation from dying out Leadership development remains the critical issue for mission endeavors around the world How are leaders developed from the local context for the local context What is the role of the expatriate in this process What models of hope are available for those seeking further direction in this area particularly in mission to the Buddhist world of Asia To answer these and several other questions SEANET proudly presents the tenth volume in its series on practical missiology *Developing Indigenous Leaders Lessons in Mission from Buddhist Asia* Each chapter in this volume is written by a practitioner and a mission scholar The ten authors come from a wide range of ecclesial and national backgrounds and represent service in ten different Buddhist contexts of Asia With biblical integrity and cultural sensitivity these chapters provide honest reflection insight and guidance There is perhaps no more crucial issue than the development of dedicated indigenous leaders who will remain long after missionaries have returned home If you are concerned about raising up leaders in your ministry in whatever cultural context it may be this volume will be an important addition to your library
