**Toward a Healthier Contextualization among Muslims** Wonjoo Hwang, 2019-01-23 Various ministry approaches have been utilized in Muslim

nations in the past in order to lead lost souls into God's Kingdom. One noticeable trend in recent years in the ministry is an increasing emphasis on contextualization. While the evangelical missiological community searches for more effective contextualization models, some ad hoc proposals have complicated the issue. One representative case is the Insider Movement among Muslims, whose advocates contend that Muslim followers of Isa Jesus can remain within their own Islamic socio-religious community while continuing in Islamic religious practices. What is urgently needed in the contemporary discussion on contextualization is to develop a comprehensive analytical framework based on a sound biblical theological foundation for evaluating any missiological model. After reviewing the historical development of Muslim evangelism models, this study provides such an analytical framework for developing a healthier contextualization model among Muslims and applies this framework to the Insider Movement by critically evaluating the biblical interpretations and missiological reasonings of the Insider Movement advocates. The writer calls for a healthier contextualization model among Muslims that is biblically authentic and culturally relevant.

**The Muslim Majority** Robin Hadaway, 2021-09-15 More than 70 percent of Muslims worldwide practice folk Islam, a syncretistic mix of theologically orthodox Islam and traditional religious beliefs and practices. The Muslim Majority is unlike many published works on evangelism to Muslims, which argue for either apologetic or contextualized bridge approaches. These approaches are often ineffective in reaching adherents of popular Islam. Instead, author and missiologist Robin Hadaway outlines a contextual approach that addresses the unique perspective of popular Islam. Hadaway explains the differences between folk Islam and orthodox Islam and explores best practices for reaching the vast majority of Muslims with the gospel of Jesus Christ.

**Understanding Insider Movements** Harley Talman, John Jay Travis, 2015-09-01 For the first time in history, large numbers of people from the world's major non-Christian religions are following Jesus as Lord. Surprisingly for many Western Christians, they are choosing to do so within the religious communities of their birth and outside of institutional Christianity. How does this work, and how should we respond to these movements? This long-awaited anthology brings together some of the best writings on the topic of insider movements. Diverse voices explore this phenomenon from the perspectives of Scripture, history, theology, missiology, and the experience and identity of insider believers. Those who are unfamiliar with the subject will find this book a crucial guide to a complex conversation. Students and instructors of mission will find it useful as a reader and reference volume. Field workers and agencies will discover in these chapters welcome starting points for dialogue and clearer communication. The first book to provide a comprehensive survey of the topic of insider movements, *Understanding Insider Movements* is an indispensable companion for those who want to glimpse the creative, unexpected boundary-crossing ways God is at work among the peoples of the world in their diverse religious communities.

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J.
