representations of Britishness on screen and the implications of traditional animation methods in a digital era *Orphaned Epics* Frank Menser, 2007-11-01 Tales from the frozen fiords of Viking lands to the steamy depths of the African Savannas this collection offers an eclectic mix of stories from Adventure Drama to SciFi or the Supernatural a variety of stories to suit almost any taste Recommended for age 14 and older due to mature content **Lucky Eddie Goes Sailing** Eddie Johnson, 2012-07-17 Extracts from book Once the ship had passed we settled down to wait for the next plan to emerge Finally once we were east of the Shivering sands towers another ship came into view This ship was coming from Sheerness docks and looked as if it would pass quite a distance from us I found myself along with my father and our friend jumping up and down shouting Help were here I knew this was futile as the ship was at least a mile away and the visibility was failing and though I used to laugh when I saw this happen in films it was the only thing that we could do Incredibly the crew on the ship did see us and changed course As the ship circled us we heard a German accent calling to us Are you in da trouble we looked at each other and the boat Our first instinct was to shout back that we were all OK and that we always sailed around with a broken mast But considering our circumstances we decided not to be clever and shouted out yes and how grateful we were that the ship had come to our assistance My father had contacted the firing range and told them our estimated time of arrival before leaving home so it was no surprise that we were hours later than we anticipated It was mid summer and we were all just lying about in shorts and T shirts and there was barely a ripple on the water We were all enjoying the trip when I noticed a flash coming from Shoeburyness I turned and immediately informed my father who began to say dont be silly they know were coming unfortunately he only got as far as they know were when a thundering boom shattered a tranquil sail This was immediately followed by a gust of wind that must have pushed the boat at four knots for a couple of seconds On reaching the bank my father pulled the dingy out of the water and headed for the bridge We could clearly see him walking around the by the control tower of the bridge for about five minutes and I believe he was just about to give up and return to the boat when things got a little more exciting A military Land rover sped up towards the bridge control tower and two Military Police officers jumped out ran over to my father and promptly shoved him into the back of the Land rover They then drove off at speed in the same direction they had come from My father did have a slight problem when putting the wheel on The fitting to fix the wheel too was round while the hole in the centre of the wheel was square To get over this obstacle he used a generous amount of plastic padding to fill the void between the wheel and the spindle We were coming up to Kings Ferry Bridge and I was at the helm and as per usual the bucket was lifted up the mast As today there was always a wait while the demigod operator who lives in the bridge decides when we are worthy enough to lift his mighty bridge Until the mast can clear the underside of the lifting bridge we would circle As we approached for our second or third turn the wheel stopped responding and as I tried in vain to will the boat to turn the wheel came off in my hands Like most of the Wharrem catamarans this boat though 34 feet did not have a proper heads and after finishing the Chinese food Mick decided he needed to use the heads Like

my fathers boat prior to the rebuild the net on the front was seen as the gents My father did mumble to anyone interested that in his opinion the net looked a bit rotten but this warning fell on deaf ears Mike staggered to the bow of the boat and dropped his jeans and pants and settled into the net Joe who was not by any stretch of the imagination was standing quite close coiling a rope Suddenly the net on which Mike was sitting gave up trying to support the weight of Mick Mick vanished into the cloudy depths of the harbour when he surfaced he was immediately having problem
