Violations of State Department Regulations and Pro-Castro Propaganda Activities in the United States United States. Congress. House. Committee on Un-American Activities, 1963      Bernard Shaw's Marriages and Misalliances Robert A. Gaines, 2017-10-25 This book combines the insights of thirteen Shavian scholars as they examine the themes of marriage relationships and partnerships throughout all of Bernard Shaw's major works. It also connects Shaw's own experiences of love and marriage to the themes that emerge in his works showing how his personal relationships in and out of matrimonial bonds change the ways his characters enter and exit marriages and misalliances. While providing a wealth of new analysis, this collection of essays also leaves lingering questions for the reader to spark continuing dialogue in both individual and academic settings.      *Bernard Shaw's Bridges to Chinese Culture* Kay Li, 2016-11-10 This book explores the cultural bridges connecting George Bernard Shaw and his contemporaries such as Charles Dickens and Arthur Miller to China. Analyzing readings, adaptations, and connections of Shaw in China through the lens of Chinese culture, Li details the negotiations between the focused and culturally specific standpoints of eastern and western culture while also investigating the simultaneously diffused multi-focal and comprehensive perspectives that create strategic moments that favor cross-cultural readings. With sources ranging from Shaw's connections with his contemporaries in China to contemporary Chinese films and interpretations of Shaw in the digital space, Li relates the global impact of not only what Chinese lenses can reveal about Shaw's world but how intercultural and interdisciplinary readings can shed new light on familiar and obscure works alike.

*Telling the Story of Translation* Judith Woodsworth,2017-08-10 Scholars have long highlighted the links between translating and re writing increasingly blurring the line between translations and so called original works

Less emphasis has been placed on the work of writers who translate and the ways in which they conceptualize or even fictionalize the task of translation This book fills that gap and thus will be of interest to scholars in linguistics translation studies and literary studies

Scrutinizing translation through a new lens Judith Woodsworth reveals the sometimes problematic relations between author and translator along with the evolution of the translator s voice and visibility The book investigates the uses and abuses of translation at the hands of George Bernard Shaw Gertrude Stein and Paul Auster

prominent writers who bring into play assorted fictions as they tell their stories of translations Each case is interesting in itself because of the new material analysed and the conclusions reached Translation is seen not only as an exercise and fruitful starting point it is also a way of paying tribute repaying a debt and cementing a friendship Taken together the case studies point the way to a teleology of translation and raise the question what is translation for Shaw Stein and Auster adopt an authorial posture that distinguishes them from other translators They stretch the boundaries of the translation proper

their words spilling over into the liminal space of the text in some cases they hijack the act of translation to serve their own

ends Through their tales of loss counterfeit and hard labour they cast an occasionally bleak glance at what it means to be a translator Yet they also pay homage to translation and provide fresh insights that continue to manifest themselves in current works of literature By engaging with translation as a literary act in its own right these eminent writers confer greater prestige on what has traditionally been viewed as a subservient art      **Ritual Remembering** ,2021-11-15 Most of the essays in *Ritual Remembering History Myth and Politics in Anglo Irish Drama* in part or in whole frequently allude or directly concern themselves with the dramatic representation of the opposition or the collusion of myth and history and the uses and abuses of both Equally they celebrate and critically analyse the politics of the social conscience and social consciousness which pervades Irish drama in its rituals of forgetfulness and memory Perhaps myth is above all to be understood as the conscience and consciousness of history and politics is the projection of that myth into present social action on the hustings nowadays more frequently the television hustings at the ballot box in writing and on the stage Most of the articles in this volume revolve around these gravely portentous and ambivalent themes which nobody who is as much concerned with Anglo Irish relations as with Anglo Irish literature can disregard or evade      **Encyclopedia of the History of St. Louis** William Hyde,Howard Louis Conard,1899      *Foreign Economic Policy* United States.
