George Eliot's Life as Related in her Letters and Journals (Complete) George Eliot, 2020-09-28 With the materials in my hands I have endeavored to form an autobiography if the term may be permitted of George Eliot The life has been allowed to write itself in extracts from her letters and journals Free from the obtrusion of any mind but her own this method serves I think better than any other open to me to show the development of her intellect and character In dealing with the correspondence I have been influenced by the desire to make known the woman as well as the author through the presentation of her daily life On the intellectual side there remains little to be learned by those who already know George Eliot's books In the twenty volumes which she wrote and published in her lifetime will be found her best and ripest thoughts The letters now published throw light on another side of her nature not less important but hitherto unknown to the public the side of the affections The intimate life was the core of the root from which sprung the fairest flowers of her inspiration Fame came to her late in life and when it presented itself was so weighted with the sense of responsibility that it was in truth a rose with many thorns for George Eliot had the temperament that shrinks from the position of a public character The belief in the wide and I may add in the beneficent effect of her writing was no doubt the highest happiness the reward of the artist which she greatly cherished but the joys of the hearthside the delight in the love of her friends were the supreme pleasures in her life By arranging all the letters and journals so as to form one connected whole keeping the order of their dates and with the least possible interruption of comment I have endeavored to combine a narrative of day to day life with the play of light and shade which only letters written in various moods can give and without which no portrait can be a good likeness I do not know that the particular method in which I have treated the letters has ever been adopted before Each letter has been pruned of everything that seemed to me irrelevant to my purpose of everything that I thought my wife would have wished to be omitted Every sentence that remains adds in my judgment something however small it may be to the means of forming a conclusion about her character I ought perhaps to say a word of apology for what may appear to be undue detail of travelling experiences but I hope that to many readers these will be interesting as reflected through George Eliot's mind The remarks on works of art are only meant to be records of impressions She would have deprecated for herself the attitude of an art critic

**Early Journals and Letters of Fanny Burney, Volume 1** Lars E. Troide, 1988-05-01 Volume One is the

first of a projected twelve volume edition of Burney's early journals and letters and covers the years 1768-73. This edition reproduces her earliest journals in their original form replacing omitted and altered passages. It shows her development as an artist and contains typically vivid sketches of her family, friends and acquaintances in London and the country. Further volumes will cover the so-called Streatham Years 1778-86 (4 vols) and Court Years 1786-91 (6 vols). These will carry her through the period of her greatest fame as the author of the novels *Evelina* (1778) and *Cecilia* (1782) and will end with her exit from the Court of King George III and Queen Charlotte after five exhausting years of service to the Queen as Second Keeper of the Robes. Eighteenth-century scholars generally regard Fanny's early journals as her freshest and most appealing. This edition complements Joyce Hemlow's Oxford edition of Burney's letters and journals from 1791 to 1840 (12 vols, Oxford, 1972-84). While the early journals have been printed before, Lars Trosid's edition will provide the first full text of Fanny's early journals accompanied by thorough and accurate annotations which fully explicate the context in which the journals were written.

*Early Journals and Letters of Fanny Burney*, 1988, Stewart J. Cooke teaches English at Dawson College. Book Jacket: *The Railroad Trainman*, 1897. *The Journals and Letters of Susan Burney*, Philip Olleson, 2016-03-09. Susan Burney (1755-1800) was the third daughter of the music historian Charles Burney and the younger sister of the novelist Frances Burney. She grew up in London where she was able to observe at close quarters the musical life of the capital and to meet the many musicians, men of letters and artists who visited the family home. After her marriage in 1782 to Molesworth Phillips, a Royal Marines officer who served with Captain Cook on his last voyage, she lived in Surrey and later in rural Ireland. Burney was a knowledgeable enthusiast for music and particularly for opera with discriminating tastes and the ability to capture vividly musical life and the personalities involved in it. Her extensive journals and letters, a selection from which is presented here, provide a striking portrait of social, domestic and cultural life in London, the Home Counties and in Ireland in the late eighteenth century. They are of the greatest importance and interest to music and theatre historians and also contain much that will be of significance and interest for Burney scholars, social historians of England and Ireland, women's historians and historians of the family. *George Eliot's Life, as Related in her Letters and Journals*, 1855. Offers a digitally printed version of the 1885 autobiography of George Eliot which is a collection of journals and letters that was compiled by the author's husband after her death. *Mary Boykin Chesnut*, Elisabeth Muhlenfeld, 1992-09.
