**Captured Futures** Maarten A. Hajer, Jeroen Oomen, 2025-05-14 Environmental

politics as we know it cannot deliver. Despite all efforts, politics is unable to bend the ecological trends. Maarten A. Hajer and Jeroen Oomen argue that this is because environmental politics is captured. This capture doesn't just express itself in lobbying or a lack of political will, but in a capture of the imagination: we seem unable to imagine futures that are meaningfully different from the present. Examining environmental politics as drama reveals how all actors play their particular roles in this capture: scientists funnel narrow policy futures through their models; activists adopt politically expedient language; and policymakers look for safe, technologically sound win-win solutions. All are captured in a regime of ecological modernization that entertains too narrow a solution space. For Hajer and Oomen, this is cause for concern: we have entered a radical age in which persistent policy failure leads to increased suggestions to engage with speculative geoengineering technologies in a desperate attempt to safeguard the future. On the other hand, they point at the growing societal backlash against environmental policies. Yet in the third part of the book, discourse and dramaturgical analysis appear as a reason for hope, sketching an alternative perspective on environmental politics. It suggests that a new, more cultural approach to environmental politics could have more leverage on the societal imagination. Combining this with the formulation of new discourses and using alternative dramaturgies of change, *Captured Futures* highlights how to find more effective and more inspiring ideas about how to approach the future and ultimately liberate environmental politics.

*Personnel Literature*, 1983      **Bold, Brilliant and Bad** Marian Broderick, 2018-09-10 From every county in Ireland, *Bold, Brilliant and Bad* draws together the stories of over 120 amazing Irish women. There were and are a force to be reckoned with.      **Empowerment Practice with Families in Distress** Judith Bula Wise, 2005-02-05 This book integrates time-honored approaches to empowerment practice with today's more modest goals, mindful of what empowerment can and cannot do. Synthesizing several theoretical supports, the strengths perspective, system theory, theories of family well-being, and theories of coping, the author responds to the question: What works with today's families in need? Practice illustrations are provided throughout.      *The Last Covenant* Rick Gualtieri, THERE ARE REASONS WE FEAR THE NIGHT HE MIGHT FINALLY BE ONE OF THEM My name's Bill Ryder and I'm in way over my head. My headaches include an egomaniacal goddess, a supernatural war with Sasquatch, and a dumbass prophecy I'm expected to fulfill.
