THERE was a monkey climbed up a tree
When he fell down then down fell he
There was a crow sat on a stone
When he was gone then there was none
There was an old wife did eat an apple
When she had eat two she had eat a couple
There was a horse going to the mill
When he went on he stood not still
There was a butcher cut his thumb
When it did bleed then blood did come
There was a lackey ran a race
When he ran fast he ran apace
There was a cobbler clouting shoon
When they were mended they were done
There was a chandler making candle
When he them strip he did them handle
There was a navy went into Spain
When it returned it came again
