Simple English Bible New Testament-OE, 2012 The Simple English Bible is a new translation of the Holy Bible It is the result of an effort by several teams not just one team over a period of many years The purpose was to reduce the Holy Bible to simple words not more than about six letters long Any person with a Fifth Grade Reading Level and any foreign person who knows some English but is not fluent should be able to read and understand this Bible A basic vocabulary of three thousand words was created for this Bible and this Bible only uses those words Not only is this a reduction of the text to simpler words but it is also a completely new and original translation Most other new editions of the Bible are simply rewrites of the well known King James Version of the Bible By contrast The Simple English Bible is an entirely new and original translation This can be demonstrated by comparing almost any verse of the Bible
