Simple Habana Melody:

A Simple Habana Melody Oscar Hijuelos, 2025-02-11 From a Pulitzer Prize winning author comes a masterpiece about a composer returning to his beloved homeland after WWII Kirkus starred review The year is 1947 Israel Levis a Cuban composer whose life once revolved around music and love is finally returning home En route to Habana Cuba from Spain he is a shadow of his former self disillusioned after he was mistakenly sent to a camp during the Nazi occupation of France In Habana he escapes his anguish by reminiscing about his happiest moments before the war when he lived a life of pleasure and excitement and had a loving if unrequited romance with Rita Valladares the alluring singer who inspired Levis s most famous composition Rosas Puras A tender homage to music art and a vibrant country at the edge of modernity A Simple Habana Melody is a virtuoso performance from one of America s most talented writers Includes a reading group guide **A Simple Habana Melody (from when the World was Good)** Oscar Hijuelos, 2002 It is 1947 and Israel Levis a Cuban composer whose life had once been a dream of music love and sadness is returning to Habana Cuba from Spain where he has just recovered from the physical and spiritual malaise resulting from his experiences in Paris then Buchenwald during the Nazi occupation of France A devout Catholic Levis had been mistakenly identified as a Jew because of his name When Levis arrives back in Habana after an absence of many years his mind is reeling with beautiful memories of his life in Cuba and in Paris before the war a life of pleasure and excitement that he owes in part to an unrequited nearly chivalrous romance with a certain Rita Valladares a singer for whom Levis had written his most famous song Rosas Puras or Pretty Roses This 1928 composition becomes the most famous rumba in the world and changes both American and European tastes in music and dance forever and it is the song symbolic of the composer s love for Rita Valladares that sets Levis s life in Europe in motion This is at once a love story for art family and country as well as a portrait of Habana at the turn of the last century when the world was good A Simple Habana Melody is a virtuoso performance from one of our most important wr **Latino Writers and Journalists** Jamie Martinez Wood, 2014-05-14 Provides short biographies of Latino American writers and journalists and information on their works **Jewish Literatures in Spanish and Portuguese** Ruth Fine, Susanne Zepp, 2022-10-24 This volume offers a thorough introduction to Jewish world literatures in Spanish and Portuguese which not only addresses the coexistence of cultures but also the functions of a literary and linguistic space of negotiation in this context From the Middle Ages to present day the compendium explores the main Jewish chapters within Spanish and Portuguese language world literature whether from Europe Latin America or other parts of the world No comprehensive survey of this area has been undertaken so far Yet only a broad focus of this kind can show how diasporic Jewish literatures have been and are while closely tied to their own traditions deeply intertwined with local and global literary developments and how the aesthetic praxis they introduced played a decisive formative role in the history of literature With this epistemic claim the volume aims at steering clear of isolationist approaches to Jewish literatures **Profane & Sacred** Bridget A. Kevane, 2008 Profane

Sacred examines religious discourse in contemporary Latino a fiction exploring how religion creates mediates or changes Latino culture and identity Much contemporary literary criticism on Latino a literature has focused on the bilingual and bicultural nature of Latino identity history and cultural production But just as the multiplicity of cultures and languages has shaped Latino identity and history so too has religion Studying the religious discourse found in fiction can clearly enrich not only our perception of the diversity within the Hispanic communities but also the diversity between sociologists and creative writers

Negotiating Latinidades, Understanding Identities within Space Kathryn Quinn-Sánchez,2015-02-05 Preconceived ideas attached to space limit the ways in which the concept can be envisioned This edited collection explores many different types of space including exile which prohibits one s ability to return home transnationalism which encourages movement between national borders typically due to dual citizenship the borderlands which implies legal and illegal crossings and finally the open road as metaphor for normative heterosexual masculinity At issue in all of these representations is the role of freedom to self define and travel freely across barriers that exist to deter entry
