Sin Salvation Service:

Telling God's Story John W. Wright, 2007-04-16 John W Wright presents a new model of preaching that aims to connect the biblical text with a congregation so that they are formed into a true Christian community **The New England Soul** Harry S. Stout, 2012-01-05 Harry Stout's groundbreaking study of preaching in colonial New England changed the field when it first appeared in 1986 Here twenty five years later is a reissue of Stout's book a reconstruction of the full import of the colonial sermon as a multi faceted institution that served both religious and political purposes and explained history and society to the New England Puritans for one and a half centuries Faith and Action R. J. Rushdoony, 2019-08-26 Faith and Action is the complete collection of the essays of R J Rushdoony written for the Chalcedon Report between 1965 and 2001 along with several transcripts of his recorded talks The large volume The Roots of Reconstruction only contained his Chalcedon Report essays up until 1985 so most of the essays included in Faith Action were unavailable to readers for many years until now In order to make the author's knowledge more accessible this three volume collection features some of the most extensive indexing we've ever done including a General Index a History Index a Scripture Index a Works Cited Index and a Chalcedon Report Directory A total of 183 pages of indexing This handsome set of books is a must have for any serious library The central theme of this collection of essays is Christian Reconstruction which to Rushdoony meant the responsibility of Christian citizenship in the Kingdom of God For him his central drive behind his research and writing was to move men to faith and action Rushdoony was primarily an essayist who vigorously and prolifically wrote on a multiplicity of subjects issues and disciplines Despite his being critical of both the contemporary church for its compromise and the humanistic state for its will to be as God these essays are replete with Rushdoony's undying faith in the victory of God in history Rushdoony's big idea was Christian Reconstruction which centered not on a pursuit of political power but rather an equipping of Christians to take back government by means of self government in terms of God's law This three volume collection will no doubt serve the larger church for many generations as they seek first the Kingdom of God in their spheres and in their times

Conservative Revolutionaries John S. Oakes, 2018-01-01 Boston Congregationalist ministers Charles Chauncy 1705 1787 and Jonathan Mayhew 1720 1766 were significant political as well as religious leaders in colonial and revolutionary New England Scholars have often stressed their influence on major shifts in New England theology and have also portrayed Mayhew as an influential preacher whose works helped shape American revolutionary ideology and Chauncy as an active leader of the patriot cause Through a deeply contextualised re examination of the two ministers as men of their times Oakes offers a fresh comparative interpretation of how their religious and political views changed and interacted over decades The result is a thoroughly revised reading of Chauncy's and Mayhew's most innovative ideas *Conservative Revolutionaries* unearths strongly traditionalist elements in their belief systems focussing on their shared commitment to a dissenting worldview based on the ideals of their Protestant New England and British heritage Oakes concludes with a provocative

exploration of how their shifting theological and political positions may have helped redefine prevailing notions of human identity capability and destiny

Sin, Salvation and Service Joseph Burnley Moody, 1964 *The Churches Allied for Common Tasks* Federal Council of the Churches of Christ in America, 1921 *American Congregations, Volume 1* James P. Wind, James W. Lewis, 1994 The congregation is a distinctly American religious structure and is often overlooked in traditional studies of religion But one cannot understand American religion without understanding the congregation Volume 1 Portraits of Twelve Religious Communities chronicles the founding growth and development of congregations that represent the diverse and complex reality of American local religious cultures The contributors explore multiple issues from the fate of American Protestantism to the rise of charismatic revivalism Volume 2 New Perspectives in the Study of Congregations builds upon those historical studies and addresses three crucial questions Where is the congregation located on the broader map of American cultural and religious life What are congregations distinctive qualities tasks and roles in American culture And what patterns of leadership characterize congregations in America

Worship Words Debra Rienstra, Ron Rienstra, 2009-02 Two worship experts issue a call to renewed appreciation of the role and power of language in worship *To Win Our Neighbors for Christ* Wes Bredenhof, 2015-02-01 In many modern histories of Christian missions the Protestant Reformation of the sixteenth century is depicted as a movement lacking missionary zeal It has virtually become a given that the Reformation was not oriented to the church's missionary task In order to win our neighbors for Christ Wes Bredenhof answers these charges proving that it is a mistake to say the Reformation and the confessional documents it produced have nothing to say about missions the author demonstrates that the three forms of Unity the Belgic Confession the Heidelberg Catechism and the Canons of Dort properly understood have much to offer the study of missions more importantly they encourage us to care about a world lost in unbelief making us more mission oriented and outward looking
