Sing Loud, Die Happy Jim Thompson, 2022-08-11 Singing is one of the most repeated commands in Holy Scripture It s right up there with believe and do not fear But commands like these can feel vaguely spiritual intangible or esoteric You might not know if you re doing them right Not so with singing You just open your mouth and make it happen And when we do we often get the sense that God is up to something that he has designed singing to change us But how How does singing do its transformative work Why has God hard wired singing with such power What does Scripture teach us about the gift of song What did the songs of Scripture feel like and sound like Why does singing awaken something so visceral and emotional within us And what are the results of being changed by the power of song Behind all of these questions lies a creative songful God He delights in singing He extends to us a melodic mission He invites us into intimacy with himself and with his people and singing is more essential to the journey than we have yet to believe
