Single Parenting With Dick Jane:

Single Parenting with Dick & Jane Jane Hannah, 1993 *God, Marriage, and Family (Second Edition)* Andreas J. Köstenberger, David W. Jones, 2010-05-05 The release of the landmark first edition of *God Marriage and Family* provided an integrated biblical treatment of God's purposes for the home. Since then explain authors Andreas Köstenberger and David Jones the crisis confronting modern households has only intensified and yet the solution remains the same: obedience to and application of God's Word. In the second edition of *God Marriage and Family* Köstenberger and Jones explore the latest controversies, cultural shifts and teachings within both the church and society and further apply Scripture's timeless principles to contemporary issues. This new edition includes an assessment of the family integrated church movement, discussion of recent debates on corporal punishment, singleness, homosexuality and divorce, and new sections on the theology of sex and the parenting of teens and updated bibliographies. This book will prove to be a valuable resource for personal and group study, Christian counseling and marriage and family courses.

Family Disintegration Anton Purcell, 2002 The contemporary family is being distracted, disturbed and distraught by societal pressures from every direction. The nuclear family concept, believed crucial to child rearing, is becoming passé according to census data. Or has the wave of disruption to families crested? It is hoped that this bibliography will serve as a useful tool to researchers seeking further information on families and the pressures being exerted upon them in the 21st century.

[Home, School, and Community Partnerships](#) Larry E. Decker, Virginia A. Decker, 2003 Many Americans worry about what they see as a growing gulf between the American public and its public schools. Troubling trends seem to indicate a fraying relationship among families, schools and communities. Education reform has become the topic of many conversations as well as books and articles. There is widespread agreement that schools and education curricula need to be fixed but there is no agreement on how this can be accomplished. Educators across the nation are implementing ideas and strategies that are making a difference in children's lives and in the health and well being of our communities. Structured in ten chapters, this book will help educators weave some of the best ideas for creating and sustaining family and community engagement into a
