Long Way:

It's a Long Way Down to the Top David H. Stroud, 2012-10-17 Enter into rest Where do you come to rest internally The heart of flesh pumps blood and the heart of the spirit resides in the mind True rest must first be in the mind and the heart for the whole person and the whole life to rest Activity and rest of the body soul and spirit are life In His image the Lord made our life in perfection of purpose intent and craftsmanship Where do you come to rest in His presence with the extra ingredient of your purpose intent and craftsmanship How do you enter activity in Him or in you Are you a citizen of heaven in yearning confident expectation or an earthling putting down roots as he thinks in his heart so is he Prov 23 7 **A Long Way from Home** Claude McKay, 2007 McKay's account of his long odyssey from Jamaica to Harlem and then on to France Britain North Africa Russia and finally back to America As well as depicting his own experiences the author describes his encounters with such notable personalities as Charlie Chaplin George Bernard Shaw H G Wells Leon Trotsky W E B Du Bois Isadora Duncan Paul Robeson and Sinclair Lewis *Learn To Love Yourself Again* Allen Dekeyser, *Learn To Love Yourself Again* is a deeply honest emotionally healing journey back to the heart of who you are In this beautifully written and illustrated self help memoir Allen Dekeyser shares the quiet truths and powerful awakenings that helped him stop chasing validation release shame and finally return home to himself Through 20 powerful chapters each paired with affirmations journal prompts and full page artwork you'll walk alongside a voice that's been in the valley and found a way out Whether you're healing from trauma recovering from self neglect or learning to finally choose yourself this book offers more than inspiration it offers proof that loving yourself again is not only possible it's necessary You're not too much You're not too late You're not alone

Semantics : Primes and Universals Anna Wierzbicka, 1996-03-28 This book provides a synthesis of Wierzbicka's theory of meaning which is based on conceptual primitives and semantic universals using empirical findings from a wide range of languages While addressed primarily to linguists the book deals with highly topical and controversial issues of central importance to several disciplines including anthropology psychology and philosophy Conceptual primitives and semantic universals are the cornerstones of a semantic theory which Anna Wierzbicka has been developing for many years *Semantics Primes and Universals* is a major synthesis of her work presenting a full and systematic exposition of that theory in a non technical and readable way It delineates a full set of universal concepts as they have emerged from large scale investigations across a wide range of languages undertaken by the author and her colleagues On the basis of empirical cross linguistic studies it vindicates the old notion of the psychic unity of mankind while at the same time offering a framework for the rigorous description of different languages and cultures A major synthesis of Anna Wierzbicka's work **This is the U.S.A.** United States.
