Looted The Philippines After The Bases:

Looted Donald Kirk, 1998-01-01 In *Looted The Philippines* after the Bases veteran correspondent Donald Kirk cuts through the mystique of democracy that has shrouded the Philippines since the American withdrawal from its military bases there in 1991 and 1992 and he reveals the corruption that exists beneath the surface Making use of his extensive firsthand knowledge of the region Kirk recounts the drama of one of history's greatest volcanic eruptions as just the beginning of a period of looting and exploitation He provides details and revelations of the Philippine role in the stripdown of Clark Air Base and the subversion of Subic Bay to serve the purposes of one ambitious politician and he offers a disturbing analysis of the efforts to resolve Muslim and Communist revolt At the same time he looks ahead to the promise and danger on new frontiers to the south and west A provocative look at an often unexamined country *Looted* is a stirring account that allows the reader to feel like an eyewitness to the events that it analyzes *Historical Dictionary of the Philippines* Artemio R. Guillermo, 2012 The *Historical Dictionary of the Philippines* Third Edition contains a chronology an introductory essay an extensive bibliography and several hundred cross referenced dictionary entries **After Postcolonialism** Epifanio San Juan, 2000 This innovative analysis of the Philippine historical crisis is accompanied by a critique of a U S racial formation in which Filipinos constitute the largest Asian group Literary and artistic expressions by Filipinos manifest a new emerging identity defined by the multicultural debates crossing the Pacific transforming the Philippines into a borderland of East and West Caught betwixt the Asian continent and the hegemonic power of the United States the Philippines occupies a contested space between past and present Between the memory of colonial experience and an emergent nation making dream can a meaningful future be envisioned This provocative book explores this problematic zone of difference through a critique of the Western production of knowledge in the context of local resistance While Americanization of the Filipino continues the encounter of globalizing and nationalizing forces has precipitated a profound political and social crisis whose outcome may be a paradigmatic lesson for many so called third world countries What happens in this Southeast Asian nation may foretell the fate of the ideals of democracy and social justice now beleaguered by the market and the unrelenting commodification of everyday life **The Last American Diplomat** George W. Liebmann, 2012-01-27 Can John D Negroponte be described as The Last American Diplomat In a career spanning 50 years of unprecedented American global power he was the last of a dying breed of patrician diplomats devoted to public service a self effacing and ultimate insider whose prime duty was to advise guide and warn a bulwark of traditional diplomatic realism against ideologue excess Negroponte served as US ambassador to Honduras Mexico the Philippines and Iraq he was US Permanent Representative to the UN Director of National Intelligence and Deputy Secretary of State to George W Bush His was a high flying and seemingly conventional career but one full of surprises Negroponte opposed Kissinger in Vietnam supported a proxy war but opposed direct American military action against Marxists in Central America facing bitter Congress opposition in the process He swam

against the floodtide of George W Bush's neocon dominated administration warning against the Iraq war as a possible new Vietnam and criticising aspects of Bush's War on Terror He disconcerted the administration by arguing that the re establishment of Iraq would take as long as five years And he was influential in international social and economic policy working for the successful re settlement of millions of refugees in Southeast Asia following the Vietnam War issuing early warnings about the scourge of AIDS in Africa and successfully launching the North American Free Trade Agreement NAFTA George W Liebmann's incisive account is based on personal and shared experience but it is no hagiography beyond the author's discussions with Negroponte this book is deeply researched in US state papers and includes interviews with leading actors It will provide fascinating reading for anyone interested in the inside story of American diplomacy showing personal and policy struggles and the underlying fissures present even in the world's last remaining superpower
