Lord Brocket:

The Fall of France Julian Jackson, 2004-04-22 On 16 May 1940 an emergency meeting of the French High Command was called at the Quai d'Orsay in Paris. The German army had broken through the French lines on the River Meuse at Sedan and elsewhere only five days after launching their attack. Churchill, who had been telephoned by Prime Minister Reynaud the previous evening to be told that the French were beaten, rushed to Paris to meet the French leaders. The mood in the meeting was one of panic and despair; there was talk of evacuating Paris. Churchill asked Gamelin, the French Commander in Chief, 'Where is the strategic reserve?' 'There is none,' replied Gamelin. This exciting book by Julian Jackson, a leading historian of twentieth-century France, charts the breathtakingly rapid events that led to the defeat and surrender of one of the greatest bastions of the Western Allies and thus to a dramatic new phase of the Second World War. The search for scapegoats for the most humiliating military disaster in French history began almost at once: were miscalculations by military leaders to blame, or was this an indictment of an entire nation? Using eyewitness accounts, memoirs and diaries, Julian Jackson recreates in gripping detail the intense atmosphere and dramatic events of these six weeks in 1940, unravelling the historical evidence to produce a fresh answer to the perennial question of whether the fall of France was inevitable.

Strange But True Tales of Car Collecting Keith Martin, The Editors of Sports Car Market, 2017-10-24 These bizarre true stories of collectors and their cars is a whole lot of fun. The Virginian Pilot: Have you heard of the fellow who squirrelled away dozens of Chevilles, Camaros and other classic muscle cars in semi-trailers? How about the president of Shakespeare fishing rods who sold thirty Bugattis for a mere 85,000? What about the English nobleman who cut up and buried his Ferrari hoard in an elaborate insurance scam? Or how about the Duesenberg abandoned in a Manhattan parking garage for decades, only to be uncovered by Jay Leno? Most car collectors exhibit a healthy enthusiasm for their hobby by digging into their favorite marques, chasing parts-swapping stories and generally living the car-guy lifestyle. Some, however, step over that fine line between enthusiasm and obsession, and that's where these legendary car collector stories come from. In *Strange but True Tales of Car Collecting*, Keith Martin and the staff of Sports Car Market Magazine recount the wildest, most eccentric over-the-top stories of collectors and their collections. This likable book serves as a Ripley's Believe It or Not for car obsessives. The New York Times

Chasing the Dragon Christopher R. Cox, 2014-05-13 *Chasing the Dragon* is the story of a Boston Herald reporter's journey into Burma (Myanmar) to interview the mysterious drug lord Khun Sa. The features desk of an American newspaper may seem an unlikely launchpad for a journey into one of the world's most remote and dangerous regions, but for journalist Christopher Cox, it was where the story began. It would end nearly three years later in the almost inaccessible mountain fastnesses of Shan State, Burma, as Cox brought off a journalistic coup: even hard-bitten foreign correspondents might envy a rare personal audience with General Khun Sa, the man U.S. law enforcement dubbed 'The Prince of Death,' the man thought to control a third of the world's supply of heroin. Accompanied by an obsessed Vietnam vet who had given up everything in his

single minded search for American POWs left behind in Southeast Asia and an eccentric expat with close personal ties to the general Cox was going to cross forbidden borders to enter a region long off limits to Westerners And armed with little more than a backpack stuffed with vodka porno tapes and cigarettes he was going to succeed His journey would take him deep into the Golden Triangle a shadowy zone of banditry drug smuggling and the ghost armies of past wars He would begin in the red light district of Bangkok with its sex bars and soaring HIV rates then head up into northern borderlands newly discovered by package tour groups and finally cross a jungled no man s land into the world of the Shan where tough tribesmen trade opium and precious gemstones for the arms they need to fight the Burmese **Hitler's Aristocrats** Susan Ronald,2023-03-15

Susan Ronald the acclaimed author of Hitler s Art Thief takes us into the shadowy world of the aristocrats and business leaders on both sides of the Atlantic who secretly aided Hitler and Nazi Germany *Royal Hertfordshire Murders and Misdemeanours* Pamela Shields,2010-10-15 Royal murder mayhem and intrigue in historical Hertfordshire *The Environmental Case for Brexit* Ben Pontin,2019-05-30 The recent Brexit debates present leaving the European Union largely as a threat to environmental protection and to environmental law This exciting and important new work argues that Brexit represents a real opportunity for environmental protection in the United Kingdom freeing it from a pan European framework not necessarily fit for UK domestic purposes Central to the argument is the belief that environmental protection in the United Kingdom can most effectively be pursued through established domestic institutions looking inwards at local challenges and outwards at more global ones all the while drawing on considerable historical experience The book is designed to address rather than dismiss those concerns raised by environmental lawyers after the outcome of the referendum Provocative and compelling it offers an alternative vision of the UK environmental law framework outside of the European Union

fascination with death the friends who betrayed him and also those whom he failed Night Flight to Dungavel Peter Padfield, 2014-05-06 Until now there has been no satisfactory answer to the question of why in May of 1941 Hitler's deputy Rudolf Hess flew a German fighter plane across the channel to Scotland crashing at night in a muddy field near Dungavel House Though Hess had been one of Hitler's closest confidantes he was immediately denounced as a traitor in Berlin Imprisoned in England he was questioned by British MI6 and Churchill himself The documents he had brought with him were confiscated and have not been made public to this day Hess was tried at Nuremberg at the war's end and imprisoned at Spandau in Berlin one of only seven former Nazis held there The other six were all released but Hess lingered there alone until his death in 1987 possibly by suicide possibly not The official report on Hess has always been that he acted alone but many historians question this conclusion In *Night Flight to Dungavel* award winning historian Peter Padfield presents striking new evidence that spurs a wholesale reappraisal of the mystery what actually happened what role was played by Churchill and British intelligence and what has been this episode's significance as a real turning point of the war Expertly woven into a compelling narrative that touches on Nazi sympathizers among the British aristocracy possible British foreknowledge of the final solution and the mysterious circumstances of Hess's death in Spandau prison *Night Flight to Dungavel* is among the most important and gripping stories of World War Two *Hurrah For The Blackshirts!* Martin Pugh, 2013-12-31 Britain is celebrated for having avoided the extremism political violence and instability that blighted many European countries between the two world wars But her success was a closer thing than has been realized Disillusionment with parliamentary democracy outbreaks of fascist violence and fears of communist subversion in industry and the Empire ran through the entire period Fascist organizations may have failed to attract the support they achieved elsewhere but fascist ideas were adopted from top to bottom of society and by men and women in all parts of the country This book will demonstrate for the first time the true spread and depth of fascist beliefs and the extent to which they were distinctly British Rich in anecdotes and extraordinary characters *Hurrah for the Blackshirts* shows us an inter war Britain on the high road to fascism but never quite arriving at its destination
