

Louis Sullivan

Rachel S Tattersall

Louis Sullivan:

The Public Papers Louis Sullivan, 1988-04-14 This volume brings together for the first time all the papers Louis Sullivan intended for a public audience from his first interview in 1882 to his last essay in 1924 Organized chronologically these speeches interviews essays letters to editors and committee reports enable readers to trace Sullivan's development from a brash young assistant to Dankmar Adler to an architectural elder statesman Robert Twombly an authority on Sullivan's work and life has introduced each document with a headnote explaining its significance locating it in time and place and examining its immediate context He has also provided a general introduction that analyzes Sullivan's writing style and objectives his major philosophical themes and the sources of his ideas With the help of headnotes and introduction readers will get a thorough sense of Sullivan's concerns discover how his ideas evolved and changed and appreciate the circumstances under which new interests emerged This collection is a handy introduction to the full range of Sullivan's thinking the book with which readers interested in the architect's writings should begin As a companion volume to Robert Twombly's biography of Sullivan it gives a comprehensive picture of one of America's most important architects and cultural figures Louis Sullivan Robert C. Twombly, 1986 Describes the life and accomplishments of the founding father of American architecture

Louis Henry Sullivan Mario Manieri-Elia, Louis H. Sullivan, 1996 Louis Henry Sullivan traces his life and oeuvre It addresses his most famous buildings including the Auditorium Building in Chicago the Wainwright Building in Saint Louis the Guaranty Building in Buffalo and the National Farmers Bank in Owatonna Minnesota and reveals many of his lesser known projects to be underappreciated masterpieces For the first time Sullivan's work which has often been misappropriated is explored in its historical and theoretical context **Louis Sullivan, Prophet of Modern Architecture** Hugh

Morrison, 1998 This reissue provides Morrison's classic text completely redesigned and reset in a larger more modern format It also offers an assessment of Hugh Morrison's ground breaking research in Timothy J Samuelson's Introduction and most important an authoritative revision of the chronological List of Buildings including corrections of the data in light of six decades of research **Louis Sullivan** Robert C. Twombly, Narciso G Menocal, Narciso G. Menocal, 2000-11-14 Louis

Sullivan believed that art should reveal the creative method of nature The greatest artist was the poet whose understanding of nature spurred social change This volume is both a tribute to Sullivan's poetic genius and a catalogue of all his graphic work The authors discuss the social implications of Sullivan's theories of architecture with visual proof of his vision in illustrations of his work on paper and in three dimensions A translation of *Etude sur l'inspiration* Sullivan's seminal and heretofore unpublished credo in verse is further testimony to his vision Included is an illustrated catalogue of all extant Sullivan drawings some never before published **The Idea of Louis Sullivan** John Szarkowski, 1956 Collection of

photographs showing examples of the surviving work of the great American architect Louis Sullivan Louis Sullivan as He Lived Willard Connely, 1960 **Louis Sullivan** Albert Bush-Brown, 1960 **Sullivan's City Zanten** David Van, 2000-07-04

Finally the brilliant pencil execution of ornament in his old age became a surrogate for the great architectural projects realized earlier David Van Zanten's essay on how Sullivan's ornament shaped the city is illuminated by archival views and new color photographs by architectural photographer Cervin Robinson BOOK JACKET Architecture as Nature Narciso G. Menocal, 1981 Although Louis Sullivan 1856-1924 has long been associated with the American transcendentalist movement of Emerson Thoreau and Whitman this is the first book to analyze his transcendentalist thought with the development of his architectural style It also explores sources of and influences on his thought that have not been considered before With the help of Narciso G Menocal's new work both scholars and students of architectural and art history as well as American cultural and intellectual history will gain new insights into Sullivan and his work **Louis Sullivan** Sherman Paul, 1962 Recounts his life and work and treats his writings Louis Henry Sullivan Hans Frei, Louis H. Sullivan, 1992 **Louis Sullivan in the Art Institute of Chicago** Louis H. Sullivan, Sarah Mollman Underhill, 1989-01-01 An Old Skyscraper Showed 'em how David Brown, Louis H. Sullivan, Saint Louis (Mo.). Wainwright Building, 1963 *Louis Sullivan and the Chicago School* Nancy Frazier, 1991 Sullivan was the architect who was responsible for opening the way to the creation of a wholly new authentic American architectural idiom **Frank Lloyd Wright, Louis Sullivan, and the Skyscraper** Donald Hoffmann, 1998-01-01 This profusely illustrated work offers abundant insights into the early development of the skyscraper and the influence of two master builders who played key roles in its evolution Rare photos floor plans and renderings document such influential structures as Sullivan's Wainwright Building in St Louis Wright's Larkin building in Buffalo and many others *Louis Sullivan* Wim De Wit, David Van Zanten, 1986 One of the best designed architecture books to appear in recent memory handsomely illustrated with a fuller selection of historical views of Sullivan's work than can be found in any other book now in print and supplemented by a fine new set of color photographs of Sullivan's most important surviving buildings Martin Filler New York Review of Books *LOUIS SULLIVAN AND HIS MENTOR, JOHN HERMAN EDELMANN, ARCHITECT* Charles E. Gregersen AIA NCARB, 2013 Although the world famous architect Louis Sullivan praised John Edelmanna at length as a friend philosopher gifted draftsman and above all as his benefactor in his The Autobiography of an Idea he avoided any mention of having worked for two years as an apprentice in Edelmanna's architectural office and the influence that experience obviously had on his future work This book corrects that deficiency in Sullivan's narrative Through a comparison of their buildings and ornamental designs the differences in the approaches of these two men to architectural planning and the debt Sullivan owed to Edelmanna's unique ornamental style in the development of his own world renowned ornament is demonstrated Edelmanna is also revealed as the young architect who not only took Sullivan on as an apprentice but in time introduced him to his future partner Dankmar Adler only to be betrayed in the end by Sullivan for having done so **Louis Sullivan as He Lived; the Shaping of American Architecture, a Biography** Willard 1888- Connely, 2021-09-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we

know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Drawings of Louis Sullivan from the Frank Lloyd Wright Collection, Avery Library, Columbia University Louis H.

Sullivan, Avery Library, 1966
