Louis T Wigfall Southern Fire Eater:

Louis T. Wigfall Alvy L. King, 1970-01-01 **The Fire-Eaters** Eric H. Walther, 1992 A Fire-eater Remembers Robert Barnwell Rhett, 2000 Some people called Robert Barnwell Rhett the Father of Secession This book illuminates Rhett's role in secession's time and passage It tells of Rhett's interest in secession doctrine as early as 1828 and his outspoken support of disunion fully a quarter century before 1861 The Human Tradition in Texas Ty Cashion, Jesus F. De La Teja, 2001-03 The rich and unique history of the Lone Star State is presented in this new book through the lives of a variety of Texans who put a human face on the state's history Biographical sketches of fifteen famous and little known men and women of different colors religions and economic backgrounds offer new insight into the history of the state Starting in the sixteenth century with Alvar N__ez Cabeza de Vaca the first European to make contact with Texas Indian tribes and tracing Texas history to the late twentieth century with a final sketch of Gary Gaines a high school football coach The Human Tradition in Texas brings the state's history to life by showing real people and the events and times in which they lived Written by leading and rising scholars of Texas history this book presents the major themes and periods in Texas history including the settling of Anglo Americans in the region bringing an American democracy that supported slavery the Civil War and Reconstruction technological developments in the late nineteenth century including railroads and irrigation for crops and livestock Texas's transformation in the early twentieth century from a world of cotton and cattle to a world of paved streets electricity and running water the challenges to modernization faced by the state with the development of the oil industry the growth in industrialization and the increasing size of Texas's cities the new age with Texas taking leadership roles in the oil aviation and entertainment industries and the expanding inclusiveness of Texas society nowhere more complete than on the sports field particularly the football field A collection of accessible and entertaining essays on this vast vibrant state The Human Tradition in Texas is an excellent resource for courses in Texas history and the history of the American West **Texas in the Confederacy** Clayton E. Jewett, 2002 Historians examining the Confederacy have often assumed the existence of a monolithic South unified behind the politics and culture of slavery In addition they have argued for the emergence of a strong central state government in the Confederacy In Texas in the Confederacy Clayton E Jewett challenges these assumptions by examining Texas politics with an emphasis on the virtually neglected topic of the Texas legislature In doing so Jewett shows that an examination of state legislative activity during this period is essential to understanding Texas's relationship with the Indian tribes the states in Trans Mississippi Department and the Confederate government Jacket **Henry Adams in the Secession Crisis** Mark J. Stegmaier, 2012-04-11 During the Secession Winter session of Congress twenty two year old Henry Adams worked as private secretary to his father Representative Charles Francis Adams Henry wrote four accounts of these crucial months in Washington an essay letters to his brother a segment in his famous autobiography and twenty one unsigned letters that Adams composed as a novice correspondent for the Boston Daily Advertiser Henry Adams in the Secession Crisis

presents the Advertiser letters for the first time since their original publication between 1860 and 1861 During the months prior to the Civil War Adams provided unusual insights into the development of the secession crisis and the attempts of Congress to resolve it peacefully Since his father and Senator William H Seward of New York led the efforts of more moderate Republicans to reach a compromise that would at least hold the border slave states in the Union Adams's letters emphasize and illuminate their efforts and those of their Unionist allies in the upper South While praising their endeavors and particularly the statesmanship of Seward Adams attacked southern secessionists and in several letters critically analyzed and condemned the famous Crittenden Compromise as a measure impossible for any Republican to support Fully annotated by historian Mark J Stegmaier the Advertiser letters illuminate the politics of the secession crisis while showcasing the youthful work of a man who would become one of the most famous American writers of the late nineteenth century The Panic of 1857 and the Coming of the Civil War James L. Huston, 1999-03-01 In the autumn of 1857 sustained runs on New York banks led to a panic atmosphere that affected the American economy for the next two years In The Panic of 1857 and the Coming of the Civil War James L Huston presents an exhaustive analysis of the political social and intellectual repercussions of the Panic and shows how it exacerbated the conflict between North and South The panic of 1857 initiated a general inquiry between free traders and protectionists into the deficiencies of American economic practices A key aspect of this debate was the ultimate fate of the American worker an issue that was given added emphasis by a series of labor demonstrations and strikes In an attempt to maintain the material welfare of laborers northerners advocated a program of high tariffs free western lands and education But these proposals elicited the opposition of southerners who believed that such policies would not serve the needs of the slaves system Indeed many people of the period saw the struggle between North and South as an economic one whose outcome would determine whether laborers would be free and well paid or degraded and poor Politically the Panic of 1857 resurrected economic issues that had characterized the Whig Democratic party system prior to the 1850s Southerners observing the collapse of northern banks believed that they could continue to govern the nation by convincing northern propertied interests that sectionalism had to be ended in order to ensure the continued profitability of intersectional trade In short they hoped for a marriage between the Yankee capitalist and the southern plantation owner However in northern states the Panic had made the Whig program of high tariffs a national bank and internal improvements popular with distressed members of the community The country's old line Whigs and nativists were particularly affected by the state of economic affairs When Republicans moved to adopt a portion of the old Whig program conservatives found the attraction irresistible By maintaining their new coalition with conservatives and by exploiting the weaknesses of the Buchanan administration the Republicans managed to capture the presidency in 1860 No other book examines in such detail the political ramifications of the Panic of 1857 By explaining how the economic depression influenced the course of sectional debate Huston has made an important and much needed contribution to Civil War

historiography *Leaders of the American Civil War* Charles F. Ritter, Jon L. Wakelyn, 2014-01-27 Provides an overview of the careers of the great military leaders and the critical political leaders of the American Civil War Entries consider the leader's character and pre war experience their contributions to the war effort and the war's impact on the rest of their lives An assessment of their historical treatment puts their long term reputations on the line and results in a thorough revision of some leaders a call for further study of others and a reaffirmation of the accomplishments of the greatest leaders

Writing the Civil War James M. McPherson, William J. Cooper, Jr., 2021-04-16 Studies diverse topics on the writing of Civil War history No event has transformed the United States more fundamentally or been studied more exhaustively than the Civil War In *Writing the Civil War* fourteen distinguished historians present a wide ranging examination of the vast effort to chronicle the conflict an undertaking that began with the remembrances of Civil War veterans and has become an increasingly prolific field of scholarship Covering topics from battlefield operations to the impact of race and gender this volume is an informative guide through the labyrinth of Civil War literature The contributors provide authoritative and interpretive evaluations of the study and explication of the struggle that has been called the American Iliad The first four essays consider military history Joseph Thomas Glatthaar writes on battlefield tactics Gary W Gallagher on Union strategy Emory M Thomas on Confederate strategy and Reid Mitchell on soldiers In essays that focus on political concerns Mark E Neely Jr links the military and political with his examination of presidential leadership while Michael F Holt surveys the study of Union politics and George C Rable examines the work on Confederate politics Michael Les Benedict bridges political and societal concerns in his discussion of constitutional questions Phillip Shaw Paludan and James L Roark confront the broad themes of economics and society in the North and South and Drew Gilpin Faust and Peter Kolchin evaluate the importance of gender slavery and race relations *Writing the Civil War* demonstrates the richness and diversity of Civil War scholarship and identifies topics yet to be explored Noting a surprising dearth of scholarship in several areas the essays point to new directions in the quest to understand the complexities of the most momentous event in American history *In Joy and in Sorrow* Carol Bleser, 1991-01-03 *In Joy and in Sorrow* brings together some of the finest historians of the South in a sweeping exploration of the meaning of the family in this troubled region In their vast canvas of the Victorian South the authors explore the private lives of Senators wealthy planters and the belles of high society along with the humblest slaves and sharecroppers both white and black Stretching from the height of the antebellum South's pride and power through the chaos of the Civil War and Reconstruction to the end of the century these essays uncover hidden worlds of the Southern family worlds of love and duty and of incest miscegenation and insanity Featuring an introduction by C Vann Woodward Pulitzer Prize winning author of *Mary Chesnut's Civil War* and a foreword by Anne Firor Scott author of *The Southern Lady* this work presents an outstanding array of historians Eugene Genovese Catherine Clinton Elizabeth Fox Genovese Carol Bleser Drew Faust James Roark Michael Johnson Brenda Stevenson Bertram Wyatt Brown Jacqueline Jones Peter Bardaglio and more They probe the

many facets of Southern domestic life from the impact of the Civil War on a prominent Southern marriage to the struggles of postwar sharecropper families One author turns the pages of nineteenth century cookbooks exploring what they tell us about home life housekeeping and entertaining without slaves after the Civil War Other essays portray the relationship between a Victorian father and his devoted son as well as the private writings of a long suffering Southern wife In Joy and in Sorrow offers a fascinating look into the tangled reality of Southern life before during and after the Civil War With this collection of essays editor Carol Bleser provides a powerful new way of understanding this most self consciously distinct region In Joy and in Sorrow will appeal to everyone interested in marriage and the family the problems of gender and slavery as well as in the history of the South old and new

The Loyal Republic Erik Mathisen, 2018-03-13 This is the story of how Americans attempted to define what it meant to be a citizen of the United States at a moment of fracture in the republic's history As Erik Mathisen demonstrates prior to the Civil War American national citizenship amounted to little more than a vague bundle of rights But during the conflict citizenship was transformed Ideas about loyalty emerged as a key to citizenship and this change presented opportunities and profound challenges aplenty Confederate citizens would be forced to explain away their act of treason while African Americans would use their wartime loyalty to the Union as leverage to secure the status of citizens during Reconstruction In The Loyal Republic Mathisen sheds new light on the Civil War American emancipation and a process in which Americans came to a new relationship with the modern state Using the Mississippi Valley as his primary focus and charting a history that traverses both sides of the battlefield Mathisen offers a striking new history of the Civil War and its aftermath one that ushered in nothing less than a revolution in the meaning of citizenship in the United States

The Short Life and Violent Times of Preston Smith Brooks Kenneth A. Deitreich, 2019-06-10 Although he was a central figure in one of the seminal events of American history the May 1856 Caning of Senator Charles Sumner Preston Brooks remains largely a forgotten figure one in whom even professional historians have shown little interest However while Preston Brooks remains as described by one historian an obscure and enigmatic individual there is no denying his place in history The Caning of Sumner was one of the most notorious incidents of the nineteenth century one that not only inflamed the passions of both North and South but rapidly hastened the process of disunion As a principal actor in that event Preston Brooks warrants a greater degree of historical scrutiny than he has heretofore received To date only a handful of published material exists on Preston Brooks nearly all of which has dealt with the assault upon Charles Sumner while ignoring virtually every other aspect of Brooks life This book addresses this oversight through an in depth examination of Brooks's life beginning with his youth in up country South Carolina and concluding with his premature death at age thirty seven in a Washington DC hotel room Certain to appeal to both professional scholars as well as to general readers of history the book offers a unique perspective on one of history's most compelling yet controversial figures while providing key insights into Brooks's character and the motives that drove him to attack Charles Sumner

A Companion to the American South John B.

Boles, 2004-03-12 A Companion to the American South surveys and evaluates the most important and innovative writing on the entire sweep of the history of the southern United States. Contains 29 original essays by leading experts in American Southern history. Covers the entire sweep of Southern history including slavery, politics, the Civil War, race relations, religion, and women's history. Surveys and evaluates the best scholarship on every important era and topic. Summarizes current debates and anticipates future concerns.

Planting a Capitalist South Tom Downey, 2009-08-01 This is a pathbreaking book well grounded in the appropriate documentary record. Downey makes especially good use of the reports of the South Carolina Canal and Rail Road Company and of other corporations which are so tedious to read to offer an exciting and fresh perspective on an old problem of vital importance: the relationship between businessmen and planters in the Old South. American Historical Review. Downey's book has many merits. First of all, it successfully presents a comprehensive and harmonious picture of the development of the region. Second, it helps to better define the contours of the long misunderstood southern political economy and its transformations during the latter part of the antebellum era. It is indeed a well written and well thought piece of historiography showing in microcosm how a new synthesis of antebellum southern history should be conceived. Enterprise and Society. In Planting a Capitalist South Tom Downey effectively challenges the idea that commercial and industrial interests did little to alter the planter dominated political economy of the Old South. By analyzing the interplay of planters, merchants, and manufacturers, Downey characterizes the South as a sphere of contending types of capitalists: agrarians with land and slaves versus commercial and industrial owners of banks, railroads, stores, and factories. His book focuses on the central Savannah River Valley of western South Carolina, an influential political and economic region and the home of some of the South's leading states rights and proslavery ideologues which also spawned a number of inland commercial towns, one of the nation's first railroads, and a robust wage labor community. As such, western South Carolina provides a unique opportunity for looking at contrasting economic forces but solely within the boundaries of the South: slavery vs free labor, industrial vs agricultural, urban vs rural. A revisionary study, Planting a Capitalist South offers clear evidence of a burgeoning transition to capitalist society in the Old South. Downey's book is a welcome new addition to the growing corpus of studies seeking to understand the lives of white merchants and manufacturers. Well written and researched, Downey's excellent work will add greater nuance to our picture of the social and economic life of the Old South, particularly our picture of the emerging southern middle class. Georgia Historical Quarterly. Planting a Capitalist South makes several important contributions. The idea that commerce and industry challenged tenets of republican ideology may be a familiar one, but Downey pursues it in directions seldom explored by previous historians of the Old South, examining conflicts over issues like railroad routes, water rights, and the power of town governments. Moreover, he links those subjects to historians' debates about the capitalist character of the region and he stakes out an innovative position with his argument that the late antebellum South was in the midst of a transition to capitalism. Business History Review *The Southern*

Judicial Tradition Timothy S. Huebner, 2011-07-01 He exposes the myth of southern leniency in appellate homicide decisions and also shows how the southern judiciary contributed to and reflected larger trends in American legal development BOOK JACKET

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1973

Sutherland Springs, Texas Richard B. McCaslin, 2017-02-15 In *Sutherland Springs Texas* Richard B McCaslin explores the rise and fall of this rural community near San Antonio primarily through the lens of its aspirations to become a resort spa town because of its mineral water springs around the turn of the twentieth century Texas real estate developers initially more interested in oil brought Sutherland Springs to its peak as a resort in the early twentieth century but failed to transform the farming settlement into a resort town The decline in water tables during the late twentieth century reduced the mineral water flows and the town faded Sutherland Springs s history thus provides great insights into the importance of water in shaping settlement Beyond the story of resort spa aspirations lies a history of the community and its people itself McCaslin provides a complete history of Sutherland Springs from early settlement through Civil War and into the twentieth century its agricultural and oil drilling exploits alongside its mineral water appeal as well as a complete community history of the various settlers and owners of the springs hotel

In My Father's House Are Many Mansions Orville Vernon Burton, 2000-11-09 Burton traces the evolution of Edgefield County from the antebellum period through Reconstruction and beyond From amassed information on every household in this large rural community he tests the many generalizations about southern black and white families of this period and finds that they were strikingly similar Wealth rather than race or class was the main factor that influenced family structure and the matriarchal family was but a myth

Lone Star Blue and Gray Ralph Wooster, Robert Wooster, 2015-04-21 From the bitter disputes over secession to the ways in which the conflict would be remembered Texas and Texans were caught up in the momentous struggles of the American Civil War Tens of thousands of Texans joined military units and scarcely a household in the state was unaffected as mothers and wives assumed new roles in managing farms and plantations Still others grappled with the massive social political and economic changes wrought by the bloodiest conflict in American history The sixteen essays eleven of them new from some of the leading historians in the field in the second edition of *Lone Star Blue and Gray* illustrate the rich traditions and continuing vitality of Texas Civil War scholarship Along with these articles editors Ralph A and Robert Wooster provide a succinct introduction to the war and Texas and recommended readings for those seeking further investigations of virtually every aspect of the war as experienced in the Lone Star State

Violence and Culture in the Antebellum South Dickson D. Bruce, 2013-08-21 This provocative book draws from a variety of sources literature politics folklore social history to attempt to set Southern beliefs about violence in a cultural context According to Dickson D Bruce the control of violence was a central concern of antebellum Southerners Using contemporary sources Bruce describes Southerners attitudes as illustrated in their duels hunting and the rhetoric of their politicians He views antebellum Southerners as pessimistic and deeply distrustful of social relationships and

demonstrates how this world view impelled their reliance on formal controls to regularize human interaction The attitudes toward violence of masters slaves and plain folk the three major social groups of the period are differentiated and letters and family papers are used to illustrate how Southern child rearing practices contributed to attitudes toward violence in the region The final chapter treats Edgar Allan Poe as a writer who epitomized the attitudes of many Southerners before the Civil War
