Awakenings Bernard Koloski,2009-12-01 One of the most often repeated anecdotes about the direction of literary studies over the past three decades concerns a graduate student who complained of reading Kate Chopin s *The Awakening* in three classes and Herman Melville s *Moby Dick* in none But Chopin has not always been featured in the literary curriculum Though she achieved national success in her lifetime 1850 1904 as a writer of Louisiana local color fiction after her death her work fell into obscurity until 1969 when Norwegian literary scholar Per Seyersted published *The Complete Works of Kate Chopin* and sparked a remarkable American literary revival Chopin soon became a major presence in the canon and today every college textbook surveying American literature contains a Chopin short story her novel *The Awakening* or an excerpt from it In this unique work twelve prominent Chopin scholars reflect on their parts in the Kate Chopin revival and its impact on their careers A generation ago against powerful odds many of them staked their reputations on the belief now fully validated that Chopin is one of America s essential writers These scholars energetically sponsored Chopin s works in the 1970s and 1980s and encouraged reading studying and teaching Chopin They wrote books and articles about her gave talks about her offered interviews to newspapers and magazines taught her works in their classes and urged their colleagues to do the same helping to build a network of teachers students editors journalists librarians and others who continue to promote Chopin s work Throughout these essays stress several elements vital to the revival s success Timing proved critical as the rise of the women s movement and the emergence of new sexual norms in the 1960s helped set an ideal context for Chopin in the United States and abroad in the 1970s and 1980s Seyersted s biography of Chopin and his accurate texts of her entire oeuvre allowed scholars to quickly publish their analyses of her work Popular media including *Redbook* *New York Times* and PBS took notice of Chopin and advanced her work outside the scholarly realm But in the final analysis as the contributors point out Kate Chopin s irresistible writing itself made her revival possible Highly personal at times amusing and always thought provoking these revealing recollections and new critical insights offer a fascinating firsthand account of a decisive moment in American literary history

Bonner brings back into print much of the author's best writing and will acquaint modern readers with her astute and witty observations about America's centennial era **BOOK JACKET** **Louisiana History**, 1994 *African American Authors, 1745-1945* Emmanuel S. Nelson, 2000-01-30 There has been a dramatic resurgence of interest in early African American writing. Since the accidental rediscovery and republication of Harriet Wilson's *Our Nig* in 1983, the works of dozens of 19th and early 20th century black writers have been recovered and reprinted. There is now a significant revival of interest in the Harlem Renaissance of the 1920s and in the last decade alone several major assessments of 18th and 19th century African American literature have been published. Early African American literature builds on a strong oral tradition of songs, folktales, and sermons. Slave narratives began to appear during the late 18th and early 19th century and later writers began to engage a variety of themes in diverse genres. A central objective of this reference book is to provide a wide-ranging introduction to the first 200 years of African American literature. Included are alphabetically arranged entries for 78 black writers active between 1745 and 1945. Among these writers are essayists, novelists, short story writers, poets, playwrights, and autobiographers. Each entry is written by an expert contributor and provides a biography, a discussion of major works, and themes, an overview of the author's critical reception, and primary and secondary bibliographies. The volume concludes with a selected general bibliography. **Louisiana Culture from the Colonial Era to Katrina** John Wharton Lowe, 2008-12-15 In 1803, President Thomas Jefferson acquired 828,000 square miles of French territory in what became known as the Louisiana Purchase. Although today Louisiana makes up only a small portion of this immense territory, this exceptional state embraces a larger-than-life history and a cultural blend unlike any other in the nation. *Louisiana Culture from the Colonial Era to Katrina*, a collection of fourteen essays compiled and edited by John Lowe, captures all of the flavor and richness of the state's heritage, illuminating how Louisiana, despite its differences from the rest of the United States, is a microcosm of key national concerns, including regionalism, race, politics, immigration, global connections, folklore, musical traditions, ethnicity, and hybridity. Divided into five parts, the volume opens with an examination of Louisiana's origins, with pieces on Native Americans, French and German explorers, and slavery. Two very different but complementary essays follow with investigations into the ongoing attempts to define Creoles and creolization. No collection on Louisiana would be complete without attention to its remarkable literary traditions, and several contributors offer tantalizing readings of some of the Pelican State's most distinguished writers, a dazzling array of artists any state would be proud to claim. The volume also includes pieces on a couple of eccentric mythologies distinct to Louisiana and explorations of Louisiana's unique musical heritage. Throughout the international slate of contributors explores the idea of place, particularly the concept of Louisiana as the center of the Caribbean wheel, where Cajuns, Creoles, Cubans, Haitians, Jamaicans, and others are part of a New World configuration connected by their linguistic identity, landscape, and climate, religion, and French and Spanish heritage. A poignant conclusion considers the devastating impact of Hurricanes Katrina and Rita and what the storms mean for Louisiana's cultural future. A

rich portrait of Louisiana culture this volume stands as a reminder of why that culture must be preserved

Narratives of Community Roxanne Harde, 2009-03-26 *Narratives of Community* draws together essays that examine short story sequences by women through the lenses of Sandra Zagarell's theoretical essay *Narrative of Community*. Reading texts from countries around the world, the collection's twenty-two contributors expand scholarship on the genre as they employ diverse theoretical models to consider how female identity is negotiated in community or the roles of women in domestic social and literary community. Grouped into four sections based on these examinations, the essays demonstrate how Zagarell's theory can provide a point of reference for multiple approaches to women's writing as they read the semiotic systems of community. While *narrative of community* provides an organizing principle behind this collection, these essays offer critical approaches grounded in a wide variety of disciplines. Zagarell contributes the collection's concluding essay in which she provides a series of reflections on literary and cultural representations of community, on generic categorizations of community, and on regionalism and *narrative of community*. As she returns to theoretical ground, she first broke almost twenty years ago. Overall, these essays bring their contributors and readers into a community engaged with a narrative genre that inspires and affords a rich and growing tradition of scholarship. With *Narratives of Community*, editor Roxanne Harde offers a wealth of critical essays on a wide variety of women's linked series of short stories, essays that can be seen overall to explore the genre as a kind of meeting house of fictional form and meaning for an inclusive sororal community. The book itself joins a growing critical community of monographs and essay collections that have been critically documenting the rise of the modern genre of the story cycle to a place second only to the novel. But more than simply joining this critical venture, *Narratives of Community* makes a major contribution to studies in the short story, feminist theory, women's studies, and genre theory. Its introduction and essays should prove of enduring interest to scholars and critics in these fields as well as continue highly useful in the undergraduate and graduate classrooms.

Gerald Lynch, Professor of English, University of Ottawa

The introduction by Prof. Harde and the 20 essays in the book dialogue with Sandra Zagarell's proposed paradigm: *narratives of community*, which other scholars have called short story cycles or story sequences. Zagarell's proposal organically blends a generic model with a thematic concern to explain how women writing community often turn to a particular narrative style that itself supports the literary creation of that community. Harde and the volume contributors appropriate this brilliant and engaging proposal in the context of other crucial discussions of the genre, notably Forest Ingram's germinal study *J*, Gerald Kennedy's work, and those by Robert Luscher, Maggie Dunn, and Anne Morris. James Nagel, Gerald Lynch, and I'm honored to note my own study on Asian American short story cycles to expand the range of the critical discussion on the form. The quality and diversity of the essays remind us that there is still much work that can be done in the area of genre studies. The volume emphasizes an important caveat to one vital misconception: that although writers like James Joyce or Sherwood Anderson are thought to be the precursors or even inventors of the form, women's sequences by Sara Orne Jewett and

Elizabeth Gaskell among others actually predate the work of the male writers This fact suggests that the development of the form as a genre that attends to specific perspectives or creative formulations of and by women needs to be considered in depth The temporal scope of the volume is therefore a vital contribution to scholarship on the form as is the diversity of the writers analyzed Indeed the examination of narratives by writers from different countries and that focus on characters from different time periods racial religious or ethnic communities and social class impels a multilayered reading of the texts that inevitably promotes a nuanced understanding of the project of each of the writers a project that connects issues of individuality and community in varied and often surprising ways The essays thus critically explore the notion of community in its myriad associations with the individual and as a crucial site not only for women's action upon the world but also for her creative endeavors The essays in the volume revisit familiar texts Naylor's *The Women of Brewster Place* Cisneros's *The House on Mango Street* Kingston's *The Woman Warrior* Welty's *The Golden Apples* Munro's *The Lives of Girls and Women* among others but offer new perspectives on the way form interacts with issues of women's communities and women creating community in these works Significantly it also offers readings on texts that have not been analyzed in detail from this perspective Gaskell's *Cranford* or Woolf's *A Haunted House* for example thus contributing to a continuing conversation about the ways women write The juxtaposition of the familiar and the new expand the paradigms of current criticism not only on the story cycle but also on women's writing in general Rocio Davis Professor of Literature University of Navarre Roxanne Harde's forthcoming volume *Narratives of Community Women's Short Story Sequences* provides an abundant collection of varied responses to Sandra Zagarell's longstanding call for further in depth exploration of the genre that Zagarell christened the narrative of community in her 1988 essay linking non novelistic narrative form with representations of female experience As Harde observes such narratives of community overlap significantly with the growing canon of unified but discontinuous collections of autonomous stories that critics have variously labeled as the short story cycle sequence composite The essays in her collection examine a rich variety of such works by women extending the scholarship in this area Harde's ample collection of essays presents a concerted and diverse exploration of the implications of the short story sequence form as a representation of women's lives as part of and in conflict with membership in a community Overall Harde's volume is a welcome addition to current scholarship on the short story sequence bringing in a variety of new voices and perspectives to the community of scholars who have engaged in the exploration of this paradoxical evolving and increasingly popular genre

Dr Luscher *The Awakening* Kate Chopin, 2000-05-04 She wanted to swim far out where no woman had swum before Kate Chopin was one of the most individual and adventurous of nineteenth century American writers whose fiction explored new and often startling territory When her most famous story *The Awakening* was first published in 1899 it stunned readers with its frank portrayal of the inner world of Edna Pontellier and its daring criticisms of the limits of marriage and motherhood The subtle beauty of her writing was contrasted with her unwomanly and sordid subject matter Edna's rejection of her domestic

role and her passionate quest for spiritual sexual and artistic freedom From her first stories Chopin was interested in independent characters who challenged convention This selection freshly edited from the first printing of each text enables readers to follow her unfolding career as she experimented with a broad range of writing from tales for children to decadent fin de siècle sketches The Awakening is set alongside thirty two short stories illustrating the spectrum of the fiction from her first published stories to her 1898 secret masterpiece The Storm ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Imagining the Creole City Rien Fertel, 2014-11-17 In the early years of the nineteenth century the burgeoning cultural pride of white Creoles in New Orleans intersected with America's golden age of print to explosive effect Imagining the Creole City reveals the profusion of literary output histories and novels poetry and plays that white Creoles used to imagine themselves as a unified community of writers and readers Rien Fertel argues that Charles Gayarr's English language histories of Louisiana which emphasized the state's dual connection to America and to France provided the foundation of a white Creole print culture predicated on Louisiana's exceptionalism The writings of authors like Grace King Adrien Rouquette and Alfred Mercier consciously fostered an image of Louisiana as a particular social space and of themselves as the true inheritors of its history and culture In turn the forging of this white Creole identity created a close knit community of cosmopolitan Creole elites who reviewed each other's books attended the same salons crusaded against the popular fiction of George Washington Cable and worked together to preserve the French language in local and state governmental institutions Together they reimagined the definition of Creole and used it as a marker of status and power By the end of this group's era of cultural prominence Creole exceptionalism had become a cornerstone in the myth of Louisiana in general and of New Orleans in particular In defining themselves the authors in the white Creole print community also fashioned a literary identity that resonates even today
