The High Council. *The Ethics of Aquinas* Stephen J. Pope, 2002. In this comprehensive anthology, twenty-seven outstanding scholars from North America and Europe address every major aspect of Thomas Aquinas's understanding of morality and comment on his remarkable legacy. While there has been a revival of interest in recent years in the ethics of St. Thomas, no single work has yet fully examined the basic moral arguments and content of Aquinas's major moral work, the Second Part of the Summa Theologiae. This work fills that lacuna. The first chapters of *The Ethics of Aquinas* introduce readers to the sources, methods, and major themes of Aquinas's ethics. The second part of the book provides an extended discussion of ideas in the Second Part of the Summa Theologiae in which contributors present cogent interpretations of the structure, major arguments, and themes of each of the treatises. The third and final part examines aspects of Thomistic ethics in the twentieth century and beyond. These essays reflect a diverse group of scholars representing a variety of intellectual perspectives. Contributors span numerous fields of study, including intellectual history, medieval studies, moral philosophy, religious ethics, and moral theology. This remarkable variety underscores how interpretations of Thomas's ethics continue to develop and evolve and stimulate fervent discussion within the academy and the church. This volume is aimed at scholars, students, clergy, and all those who continue to find Aquinas a rich source of moral insight. Conscious Self-Love Jill Blackwell, 2020-01-09. What if the whole purpose of our time on Earth right now is to learn to love ourselves unconditionally where we accept ourselves and take care of ourselves regardless of the parental, societal conditioning we received? What if we are here to learn from the relationship choices we made that grew out of those very early experiences of feeling unworthy? What if we are all here to learn how to leave the conditional love behind and learn to love ourselves unconditionally no matter what? Maybe everyone's life purpose is to learn to master conscious and unconditional self-love. Sure, there will be jobs you will have and missions to accept if you choose, but most will be related to you learning the one big thing: to love yourself unconditionally. Given what has happened in your past—the trauma, abandonment, growing up with narcissists, then picking bad relationship partners as a result—how can we get from point A to Conscious Self-Love? Conscious Self-Love occurs when you practice self-love for yourself despite how others never showed you how to do it or how others treated you like you didn't deserve to be loved. This book illuminates

problems in how you relate to yourself which is not your fault and dismantles them Too much time has been spent on shining our outsides and we seem to have forgotten the best and really only way to make our outsides shine from the inside Reading this book helps you practice conscious self love which will transform your world and the worlds of those you love Practicing conscious self love may quite possibly end your never ending search for your purpose your never ending participation in fix it courses book classes your unending search for answers you accepting unhealthy relationships and treatment from others that you don't like and then blaming it on them Practicing conscious self love will stop your confusion answer your life questions and bring you back to your true and beautiful and loveable authentic self People who practice conscious self love are really the only people capable of unconditionally loving others People who practice conscious self love are kind to themselves and treat others with kindness People who practice conscious self love accept themselves and treat others with acceptance People who practice conscious self love forgive themselves and treat others with forgiveness People who practice conscious self love take care of their bodies and teach others to do the same People who practice conscious self love teach others to love themselves especially their children People who practice conscious self love teach others to take care of themselves and the circle of love acceptance forgiveness and care grows Sadly people who don't practice conscious self love can try to be loving and kind to others but soon their lack of conscious self love manifesting as constant fixing giving and seeking love from the outside will cause inner and outer turmoil creating a cycle of self hate to be passed down generationally and spill out into our world Are you ready to get started
