Love Hate And Fear In Canadas Cold War:

Love, Hate, and Fear in Canada's Cold War Richard Cavell, 2004 A major theme emerging from *Love Hate and Fear in Canada's Cold War* is that many issues associated with the Cold War in Canada actually preceded World War II and continue to haunt us today *Love, Hate, and Fear in Canada's Cold War* Richard Cavell, 2004-06-02 The essays in *Love Hate and Fear in Canada's Cold War* present a Cold War different in many respects from the familiar one of anti communist hysteria In Canada the Cold War raised issues of national self representation that went beyond international political tensions related to capitalistic versus communistic regimes If the discourse of the Cold War in Canada was anti communist it was also anti American in many ways Drawing on a number of disciplinary approaches and examining what Michel Foucault called the discursive practices of the period the contributors examine how in the Cold War the personal became the political through the state's attempt to regulate sexuality in pulp fiction in film and in public spaces A major theme emerging from *Love Hate and Fear in Canada's Cold War* is that many issues associated with the Cold War in Canada actually preceded World War II and continue to haunt us today This has become particularly apparent after the terrorist attacks of September 2001 when politicians began employing the rhetoric of the War on Terror and invoking issues of border security immigration and refugee quotas and harmonization of policies **Perogies and Politics** Rhonda L. Hinthner, 2018-01-01 In *Perogies and Politics*

Rhonda Hinthner explores the twentieth century history of the Ukrainian left in Canada from the standpoint of the women men and children who formed and fostered it For twentieth century leftist Ukrainians culture and politics were inextricably linked The interaction of Ukrainian socio cultural identity with Marxist Leninism resulted in one of the most dynamic national working class movements Canada has ever known The Ukrainian left's success lay in its ability to meet the needs of and speak in meaningful respectful and empowering ways to its supporters experiences and interests as individuals and as members of a distinct immigrant working class community This offered to Ukrainians a radical social cultural and political alternative to the fledgling Ukrainian churches and right wing Ukrainian nationalist movements Hinthner's colourful and in depth work reveals how left wing Ukrainians were affected by changing social economic and political forces and how they in turn responded to and challenged these forces *The Making of the Middle Class* A. Ricardo López, 2012-01-18 The contributors question the current academic understanding of what is known as the global middle class They see middle class formation as transnational and they examine this group through the lenses of economics gender race and religion from the mid nineteenth century to today **The Canadian Rangers** P. History for the IB Diploma Paper 3 The Cold War and the Americas (1945-1981) John Stanley,2016-07-21 Comprehensive books to support study of History for the IB Diploma Paper 3 revised for first assessment in 2017 This coursebook covers Paper 3 HL option 2 History of the Americas Topic 16 The Cold War and the Americas 1945 1981 of the History for the International Baccalaureate IB Diploma syllabus for first assessment in 2017 Tailored to the requirements of the IB syllabus and written by an experienced examiner and teacher it offers an authoritative and engaging guidance through the development of the Cold War and the impact it had on the Americas Beyond Bylines Barbara M. Freeman,2012-08-01 Beyond Bylines Media Workers and Women s Rights in Canada explores the ways in which several of

Canada's women journalists, broadcasters and other media workers reached well beyond the glory of their personal bylines to advocate for the most controversial women's rights of their eras. To do so, some of them adopted conventional feminine identities while others refused to conform altogether, openly and defiantly challenging the gender expectations of their day. The book consists of a series of case studies of the women in question as they grappled with the concerns close to their hearts: higher education for women, healthy dress reforms, the vote, equal opportunities at work, abortion, lesbianism and Aboriginal women's rights. Their media reflected their respective eras: intellectual magazines, daily and weekly newspapers, radio, feminist public relations, alternative women's periodicals and documentary film made for television. Barbara Freeman takes an interdisciplinary approach, combining biography, history and communication studies to demonstrate how their use of different media both enabled and limited these women in their ability to be daring advocates for gender equality. She shows how a number of these women were linked through the generations by their memberships in activist women's organizations.

Gatekeepers Franca Iacovetta, 2006-10-01 An in-depth study of European immigrants to Canada during the Cold War, *Gatekeepers* explores the interactions among these immigrants and the gatekeepers, mostly middle-class individuals and institutions whose definitions of citizenship significantly shaped the immigrant experience. Iacovetta's deft discussion examines how dominant bourgeois gender and Cold War ideologies of the day shaped attitudes towards new Canadians. She shows how the newcomers themselves were significant actors who influenced Canadian culture and society even as their own behaviour was being modified. Generously illustrated, *Gatekeepers* explores a side of Cold War history that has been left largely untapped. It offers a long overdue Canadian perspective on one of the defining eras of the last century. [Czech Refugees in Cold War Canada](#) Jan Raska, 2018-08-24 During the Cold War, more than 36,000 individuals entering Canada claimed Czechoslovakia as their country of citizenship. A defining characteristic of this migration of predominantly political refugees was the prevalence of anti-communist and democratic values. Diplomats, industrialists, politicians, professionals, workers and students fled to the West in search of freedom, security and economic opportunity. Jan Raska's *Czech Refugees in Cold War Canada* explores how these newcomers joined or formed ethnocultural organizations to help in their attempts to affect developments in Czechoslovakia and Canadian foreign policy towards their homeland. Canadian authorities further legitimized the Czech refugees' anti-communist agenda and increased their influence in Czechoslovak institutions. In turn, these organizations supported Canada's Cold War agenda of securing the state from communist infiltration. Ultimately, an adherence to anti-communism, the promotion of Canadian citizenship and the cultivation of a Czechoslovak ethnocultural heritage accelerated Czech refugees' socioeconomic and political integration in Cold War Canada. By analyzing oral histories, government files, ethnic newspapers and community archival records, Raska reveals how Czech refugees secured admission as desirable immigrants and navigated existing social, cultural and political norms in Cold War Canada. [Canada's 1960s](#) Bryan D. Palmer, 2009-01-01 Focusing on the major movements and personalities of the time as well as the lasting influence

of the period Canada's 1960s examines the legacy of this rebellious decade's impact on contemporary notions of Canadian identity Awfully Devoted Women Cameron Duder, 2011-01-01 The lives of many lesbians prior to 1965 remain cloaked in mystery. Historians have turned the spotlight on upper middle class romantic friends and on working class butch and femme women but the lives of the lower middle class majority remain in the shadows. Awfully Devoted Women offers a portrait of middle class lesbianism in the decades before the gay rights movement in English Canada. This intimate study of the lives of women who were forced to love in secret not only challenges the idea that lesbian relationships in the past were asexual; it also reveals the courage it took to explore desire in an era when women were supposed to know little about sexuality.

Magazines, Travel, and Middlebrow Culture Faye Hammill, Michelle Smith, 2015 A comparative study of Canadian magazines in English and French in the early to mid twentieth century casting light on middlebrow culture **From Left to Right** Brian T. Thorn, 2016-07-22 In *From Left to Right* Brian Thorn explores what motivated Canadian women to become politically engaged in the 1940s and 50s. Although women in these decades are often depicted as being trapped in the suburbs caring for children, baking pies, and leaving politics to men, they joined diverse political parties including the Social Credit Party, the Co-operative Commonwealth Federation, and the Communist Party of Canada. Thorn argues controversially that while women on the left and right had different goals, their activism continued to be informed by maternalism. They used their roles as wives and mothers to influence their parties' positions on war and unions, to break down barriers between the private and public spheres, and to push for a new world order. Along the way, they laid the foundations for the 1960s feminist movement. **Creating Postwar Canada** Magda Fahrni, Robert Rutherford, 2008-07-01 *Creating Postwar Canada* showcases new research on this complex period, exploring postwar Canada's diverse symbols and battlegrounds. Contributors to the first half of the collection consider evolving definitions of the nation, examining the ways in which Canada was reimagined to include both the Canadian North and landscapes structured by trade and commerce. The essays in the latter half analyze debates on shopping hours, professional striptease, the provider role of fathers, interracial adoption, sexuality on campus, and illegal drug use issues that shaped how the country defined itself in sociocultural and political terms. This collection contributes to the historiography of nationalism, gender, and the family, consumer cultures, and countercultures.

The Canadian War on Queers Gary Kinsman, Patrizia Gentile, 2010-03-01 From the 1950s to the late 1990s, agents of the state spied on, interrogated, and harassed gays and lesbians in Canada, employing social ideologies and other practices to construct their targets as threats to society and enemies of the state. In this path-breaking book, Gary Kinsman and Patrizia Gentile use official security documents and interviews with gays, lesbians, civil servants, and high-ranking officials to disclose not only the acts of state repression that accompanied the Canadian war on queers but also forms of resistance that raised questions about just whose national security was being protected and about national security as an ideological practice. This passionate, personalized account of how the state used the ideology of national security to wage war on its own people offers
