Love Opening Your Heart To God And Others:

Opening Your Heart for Change Tajuana Grandison-Henderson, 2012-06-04 We all go through different trials in this life but thank God this is not our final destination God wants us to open our hearts to the things of His Kingdom Once we open our hearts and allow God to do a new work in us we will become great in the Kingdom of God Once we open our hearts change will take place deliverance can take place sin can be overcome in our life and God's principles and His way of doing things will come forth out of our spirit That is when the Kingdom of God can be lifted up and we can begin to let go of sin and walk in our deliverance right into the KINGDOM OF GOD Open Your Heart to Nature and Beyond Dr. Linda N.

Cameron, 2021-09-09 Open Your Heart to Nature and Beyond maintains there is one problem separation from the Divine and one solution applying some form of forgiveness It details the holding relationships that actually separate us from the Divine and how to use the Law of Forgiveness to let them go and open our hearts to God's presence Like a computer delete key the activity of forgiveness allows us to let go physically emotionally and mentally until we join Universal Being This Divine encounter is divided into 7 distinct stages with descriptions based on experiences of the author as well as poets and individuals from other major religions This book also suggests that a religious experience is simply having an experience of the Zero Energy Field as defined in quantum physics The Zero Energy Field is defined as the activity of subatomic particles such as photons electrons and other quantum particles in space at temperatures of absolute zero Research indicates that humans can affect this field with pray which is the mental activity of calling these energy particles to organize and outpicture as manifestations in nature We also have the ability to apply the Law of Forgiveness that Jesus introduced and release the electrons neutrons and protons forming something in the world and in our minds and thereby causing them to disorganize them and return to the Zero Energy Field The human activity of forgiving or letting things thoughts and emotions go shows that we have the mental ability to apply the Law of Entropy and disorganized manifested things and release them back into subatomic particles in the Zero Energy Field 'The Riddle of the Sophia' and Other Essays John O'Meara, 2020-11-02 The following collection of essays could have had as a subtitle Towards a New Sophiology Apart from the final essay Valentin Tomberg and Dostoevski all the other essays appeared in this same order as articles in the Starlight Journal of the Sophia Foundation of North America over the years 2014 2019 The production of these articles took place during the period that immediately followed the publication of O Meara's book The Way of Novalis and should be seen as an outgrowth from the Sophianic direction of that book In these essays slightly expanded from the articles O Meara elaborates on the Sophianic mission of the Foundation with reference to the main Master Individualities to whom the Foundation has linked itself notably Rudolf Steiner Valentin Tomberg Novalis Friedrich von Hardenberg as well as the Master Peter Deunov However other well known individuals are also considered in some depth including Vladimir Solovyov Pavel Florensky Sergius Bulgakov Fyodor Dostoevski Carl Jung as well as some of the Master artists of the Renaissance most notably Michelangelo and da Vinci Estelle
