Love Seems To Be Something Like That:

The 1981 Cambridge Chronicles: Art and Sex During The Reagan Reign Richard Gardner, 2014-08-10 In addition to a recounting much of the first 35 years of the authors life a complete accounting of nearly every single day of the authors life in 1981 is presented as stream of consciousness

Universal (In the Realm of the Sensible) Dorothea Olkowski, 2007-03-02 The Universal In the realm of the sensible Beyond Continental Philosophy proposes a radical new philosophical system that moves from ontology to ethics Dorothea Olkowski develops the concept of an ontological unconscious a connection arising from our sensible relation to the world that conditions encounters with the environment and with others This fundamental ontology rethinks the space time relations opened by Irigaray s notion of the interval Bergson s recollection Merleau Ponty s idea of the flesh and Deleuze s plane of immanence Writing in an original style inspired by literature and the arts Olkowski locates a realm of the senses a field of vulnerability felt as pleasures and pains This presents an aesthetic sense of something universal to all human kind as well as to the organic and inorganic world In addition to this proposal for a wider ontology the relation between traditional ontologies and politics is examined as a means of opening politics beyond a no exit or limit cycle Instead a multiplicity of self organized emergent perspectives emerges eliminating the need for the connections conjunctions and disjunctions of the Kantian paradigm at work in contemporary continental philosophy This is a timely controversial and important book that will contribute enormously to the study of Deleuze and Continental Philosophy

Seems Like Murder Here Adam Gussow, 2010-03-15 Winner of the 2004 C Hugh Holman Award from the Society for the Study of Southern Literature *Seems Like Murder Here* offers a revealing new account of the blues tradition Far from mere laments about lost loves and hard times the blues emerge in this provocative study as vital responses to spectacle lynchings and the violent realities of African American life in the Jim Crow South With brilliant interpretations of both classic songs and literary works from the autobiographies of W C Handy David Honeyboy Edwards and B B King to the poetry of Langston Hughes and the novels of Zora Neale Hurston *Seems Like Murder Here* will transform our understanding of the blues and its enduring power

Will & Love Darren Dyck, 2023-03-10 *Will Love* examines four of Shakespeare s love plays *Romeo and Juliet* *Troilus and Cressida* *Twelfth Night* and *Antony and Cleopatra* in light of the Augustinian psychology at the heart of the theological romance tradition This tradition which Shakespeare inherits from medieval theologian poets such as Boethius Dante Petrarch and Chaucer issues from the idea initially expressed by Augustine in his *Confessions* that love functions as volitional weight as a kind of magnetism or almost gravitational force that it moves the lover in mysterious ways yet without diminishing his or her agency *Will Love* highlights Shakespeare s conception of love in terms of motion and explores the metaphysical ethical psychological and dramatic implications of his doing so

The Saturday Review of Politics, Literature, Science and Art ,1906 Love's Knowledge Martha C. Nussbaum, 1990 This volume brings together Nussbaum s published papers on the relationship between literature and

philosophy especially moral philosophy The papers many of them previously inaccessible to non specialist readers deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues the nature of ethical attention and ethical knowledge and their relationship to written forms and styles and the role of the emotions in deliberation and self knowledge Nussbaum investigates and defends a conception of ethical understanding which involves emotional as well as intellectual activity and which gives a certain type of priority to the perception of particular people and situations rather than to abstract rules She argues that this ethical conception cannot be completely and appropriately stated without turning to forms of writing usually considered literary rather than philosophical It is consequently necessary to broaden our conception of moral philosophy in order to include these forms Featuring two new essays and revised versions of several previously published essays this collection attempts to articulate the relationship within such a broader ethical inquiry between literary and more abstractly theoretical elements *Deciphering the Text Foundations of Traveller* Michael Andre-Driussi, A collection of twenty three articles led by Deciphering the Text Foundations of Traveller about the role playing game from GDW and Languages of the Dying Sun about science fantasy from Jack Vance Gene Wolfe and Damien Broderick **Discourses and Representations of Friendship in Early Modern Europe, 1500-1700** Maritere

López, 2016-05-23 Interdisciplinary in scope this collection examines the varied and complex ways in which early modern Europeans imagined discussed and enacted friendship a fundamentally elective relationship between individuals otherwise bound in prescribed familial religious and political associations The volume is carefully designed to reflect the complexity and multi faceted nature of early modern friendship and each chapter comprises a case study of specific contexts narratives and or lived friendships Contributors include scholars of British French Italian and Spanish culture offering literary historical religious and political perspectives Discourses and Representations of Friendship in Early Modern Europe 1500 1700 lays the groundwork for a taxonomy of the transformations of friendship discourse in Western Europe and its overlap with emergent views of the psyche and the body as well as of the relationship of the self to others classes social institutions and the state

Tourism Product Mr. Rohit Manglik, 2023-11-23 In this book we will study about the creation packaging and promotion of tourism experiences and services *Love's Vision* Troy Jollimore, 2011-07-05 Love often seems uncontrollable and irrational but we just as frequently appear to have reasons for loving the people we do In Love s Vision Troy Jollimore offers a new way of understanding love that accommodates both of these facts arguing that love is guided by reason even as it resists and sometimes eludes rationality At the same time he reconsiders love s moral status acknowledging its moral dangers while arguing that it is at heart a moral phenomenon an emotion that demands empathy and calls us away from excessive self concern Love is revealed as neither wholly moral nor deeply immoral neither purely rational nor profoundly irrational Rather as Diotima says in Plato s Symposium love is something in between Jollimore makes his case by proposing a vision view of love according to which loving is a way of seeing that involves bestowing charitable attention on a loved one This view

recognizes the truth in the cliché love is blind but holds that love's blindness does not undermine the idea that love is guided by reason. Reasons play an important role in love even if they rest on facts that are not themselves rationally justifiable. Filled with illuminating examples from literature, *Love's Vision* is an original examination of a subject of vital philosophical and human concern.
