**The Great Class War 1914-1918** Jacques R. Pauwels, 2016-04-06 Historian Jacques Pauwels applies a critical revisionist lens to the First World War offering readers a fresh interpretation that challenges mainstream thinking As Pauwels sees it war offered benefits to everyone across class and national borders For European statesmen a large scale war could give their countries new colonial territories important to growing capitalist economies For the wealthy and ruling classes war served as an antidote to social revolution encouraging workers to exchange socialism's focus on international solidarity for nationalism's intense militarism

And for the working classes themselves war provided an outlet for years of systemic militarization quite simply they were hardwired to pick up arms and to do so eagerly To Pauwels the assassination of Archduke Franz Ferdinand in June 1914 traditionally upheld by historians as the spark that lit the powder keg was not a sufficient cause for war but rather a pretext seized upon by European powers to unleash the kind of war they had desired But what Europe s elite did not expect or predict was some of the war s outcomes social revolution and Communist Party rule in Russia plus a wave of political and social democratic reforms in Western Europe that would have far reaching consequences Reflecting his broad research in the voluminous recent literature about the First World War by historians in the leading countries involved in the conflict Jacques Pauwels has produced an account that challenges readers to rethink their understanding of this key event of twentieth century world history Stranger in the House Julie Summers,2009-07-06 It is as if I have been waiting for someone to ask me these questions for almost the whole of my life From 1945 more than four million British servicemen were demobbed and sent home after the most destructive war in history Damaged by fighting imprisonment or simply separation from their loved ones these men returned to a Britain that had changed in their absence In *Stranger in the House* Julie Summers tells the women s story interviewing over a hundred women who were on the receiving end of demobilisation the mothers wives sisters who had to deal with an injured emotionally damaged relative those who assumed their fianc s had died only to find them reappearing after they had married another women who had illegitimate children following a wartime affair as well as those whose steadfast optimism was rewarded with a delightful reunion Many of the tales are moving some are desperately sad others are full of humour but all provide a fascinating account of how war altered ordinary women s lives forever

*Good-bye, Piccadilly* Jenel Virden,1996 Though the women came to the U S from all parts of the British Isles they were an unusually homogeneous group averaging 23 years of age from working or lower middle class families and having completed mandatory schooling to the age of fourteen For the most part they emigrated alone and didn t move into an existing immigrant population *The Indian Contingent* Ghee Bowman,2020-05-21 An incredible and important story finally being told Mishal Husain On 28 May 1940 Major Akbar Khan marched at the head of 299 soldiers along a beach in northern France They were the only Indians in the British Expeditionary Force at Dunkirk With Stuka sirens wailing shells falling in the water and Tommies lining up to be evacuated these soldiers of the British Indian Army carrying their disabled imam found their way to the East Mole and embarked for England in the dead of night On reaching Dover they borrowed brass trays and started playing Punjabi folk music upon which even many British spectators joined in the dance What journey had brought these men to Europe What became of them and of comrades captured by the Germans With the engaging style of a true storyteller Ghee Bowman reveals in full for the first time the astonishing story of the Indian Contingent from their arrival in France on 26 December 1939 to their return to an India on the verge of partition It is one of the war s hidden stories that casts fresh light on Britain and its empire **Race, War and Nationalism** Glenford D. Howe,2002 Glenford Howe s social

historically been an agent of change Dalea Bean contends that traces of this truism were in Jamaica and illustrates that women have historically been part of the war project both as soldiers and civilians This ground breaking work fills a gap in the historiography of Jamaican women by positioning the World Wars as watershed periods for their changing roles and status in the colony By unearthing critical themes such as women s war work as civilians recruitment of men for service in the British West India Regiment the local suffrage movement in post Great War Jamaica and Jamaican women s involvement as soldiers in the British Army during the Second World War this book presents the most extensive and holistic account of Jamaican women s involvement in the wars
